**Writing History in the Medieval Islamic World** Fozia Bora, 2019-06-13 In the encyclopaedic fourteenth century Arabic chronicles produced in Mamluk cities bore textual witness to both recent and bygone history including that of the Fatimids 969 1171CE For in two centuries of rule over Egypt and North Africa the Isma'ili Fatimids had left few self-generated historiographical records Instead it fell to Ayyubid and Mamluk historians to represent the dynasty to posterity This monograph sets out to explain how later historians preserved interpreted and reorganised earlier textual sources Mamluk historians engaged in a sophisticated archival practice within historiography rather than uncritically reproducing earlier reports In a new diplomatic edition translation and analysis of Mamluk historian Ibn al-Furat's account of late Fatimid rule in *The History of Dynasties and Kings* a widely known but barely copied universal chronicle of Islamic history Fozia Bora traces the survival of historiographical narratives from Fatimid Egypt Through Ibn al-Furat's text Bora demonstrates archivality as the heuristic key to Mamluk historical writing This book is essential for all scholars working on the written culture and history of the medieval Islamic world and paves the way for a more nuanced reading of pre-modern Arabic chronicles and of the epistemic environment in which they were produced Religious Ideology and the Roots of the Global Jihad J. Wanda Krause,2012-05-27 In the Middle East and in Egypt in particular there has always been a tendency to accord complete supremacy to the authority and might of the state and to see society as a separate powerless entity However after the uprising of 2011 this assumption was turned on its head And it is the wide range of political activity beyond the remit of

the official state where Wanda Krause locates a dynamic potential for political change from the bottom up. She looks in particular at the influential role of women's private voluntary organisations in Egypt in shaping concepts of civil society and democracy. Exploring both secular and Islamist organisations, she offers a steadfast critique of the view that Islamic women activists are insignificant, backward or uncivil. Krause's examination of women activists in Egypt today is vital for those interested in Middle East and Gender Studies as well as those researching the wider issues of civil society and democratisation.

Islam and the Heroic Image John Renard, 1999. Throughout the world and over many centuries, the cultures in which Islam has been a major presence have created stories in word and picture to celebrate the men and women who best exemplify each culture's aspirations.
