Shadow Lessons Daniel Bonnell,2012-12-12 Imagine waking up one morning at age fifty You re a noted published artist whose work hangs all over the world Then imagine finding yourself standing in front of thirty five at risk African American high school students in an inner city classroom in one of the most difficult high schools in the country It s your job to teach them and you ve never taught a day in your life This is the story of an artist who did just that It is a moving story of a middle aged white artist who dared to venture into the inner city of Savannah Georgia and attempt to teach in one of the first all black high schools for children of freed slaves in America Yet *Shadow Lessons* is not another teacher saves the day book It is a story of beauty and ugliness life and death joy and sorrow laughter and despair *Shadow Lessons* takes us beyond the classroom on a compelling journey of compassion healing and transformation *The Lessons of Petunia Rabbit* Della Long Halper,2019-04-25 *Petunia* is a story about guilt loss and redemption I wrote *Petunia* because it had been my professional experience that guilt and the difficulty in managing that emotion is perhaps the most ubiquitous bane of both children and young adults In a sizable percentage of cases the guilt acquired in childhood is still undiminished by those who have reached full adult and even older adult ages Although guilt is experienced by most people at some time in their existence there are simply too few guidelines when it comes to working through the discomfort that most feel when guilt becomes a part of their everyday thinking and feeling One of the more prevalent challenges encountered in the education and care of today s child is the responsibility parents and teachers undertake as they struggle to impart sensible and lasting guidelines in behavior choices The story of *Petunia Rabbit* provides an enjoyable matrix through which the caretaker has a basis for this undertaking *Petunia* s story demonstrates that even in the most dire of circumstances faith structure and tradition continue to be of lasting importance in the life of the developing child and ultimately becomes the sanctuary for the self hatred felt by a surprising number of youngsters and young adults in all levels of our society Many of today s children are overly protected in some venues but exposed to unacceptable age inappropriate pointlessly violent material as seen in video games on their computers on television and in films The core event in *Petunia* s story is a huge flood that devastates her family s life and those of most of the characters included in the story Using a natural disaster as the impetus for events was a purposeful choice in that most individuals are able to identify with those events that result in the probability of altered lives and fortunes And while devastating natural disasters are not the result of purposeful or directed cruelty The story of *Petunia* provides an excellent basis of learning from models within the family and in society *Petunia* s story demonstrates the following 1 The

necessity of a personal belief system to augment and strengthen individual coping abilities and societal structures which are often lost during chaotic events 2 The importance of fostering reliability competence caretaking and self respect 3 The value of developing an awareness of the feelings and struggles of others 4 The risk and uncertainty associated with impulsive behaviors 5 The ultimate worth of meaningful work interpersonal ties and education 6 The value of paying attention 7 The challenge of responsibility 8 The value of and need for suitable mentors 9 The importance of using resources wisely including emotional resources 10 The necessity of building a reputation for honor and integrity

The Girl From Chapel Hill Vanester M.

Williams, 2021-09-27 Growing up Laura never knew her father or even his last name Many years later an encounter with a stranger would drastically impact her life and cause her to question her own identity Then through a spiraling chain of terrifying events she learns there is an unknown enemy who appears to stop at nothing to do her harm Meanwhile she carries a painful burden of a dark haunting secret hidden unforgiveness and low self esteem Her story begins and ends with reflections on lessons she learned from her dear mama her maternal grandmother who reared her from birth Embracing these lessons of faith hope love and forgiveness would often be challenged as she journeyed from victim to victory toward freedom Even though her thoughts often turn to Mama's faith and these lessons she finally declares Enough is enough and uses her own measure of faith to survive in a life so filled with ups and downs twists and turns At every juncture one thing remains constant the ever loving presence of God If the stranger's information was based on facts Laura knew her mind would soon find its way frantically going down a rabbit hole in search of who am I Afterward Laura catches her breath and helplessly stares at Tina and asks Will God still love someone like me someone as awful as me Will He ever forgive me for that awful fateful night

Please tell your friends back home that we are nothing like the Western media. These were among the phrases that Rose would hear almost daily in Tehran. *Hijabs, Hitchhiking and Hangovers: Lessons from Iran* is a coming-of-age travel adventure. At the age of 20, Rose was part of the first group of Cambridge students to study in Iran after Iran re-opened its borders to the West. Navigating Foreign Office warnings and nuclear sanctions, she was at first a rather reluctant traveller, overwhelmed by the culture clashes, language barriers, and Islamic law. Through a collection of short stories, Rose tells of how she makes a home in Iran, experiences unexpected kindness, and gets to grips with the Farsi language. At times amusing and at others tragically, telling of the harsh realities of Iranian society. *Hijabs, Hitchhiking and Hangovers* is a gripping account of self-reliance and the often dangerous impact of politics on travel abroad.
