Lessons In Shape And Space Using Ict Higher Lesn:

Lesbian Geographies Kath Browne, Eduarda Ferreira, 2016-03-03 It has long been recognised that the spatialisation of sexual lives is always gendered Sexism and male dominance are a pervasive reality and lesbian issues are rarely afforded the same prominence as gay issues Thus lesbian geographies continue to be a salient axis of difference challenging the conflation of lesbians and gay men as well as the trope that homonormativity affects lesbians and gay men in the same ways This volume explores lesbian geographies in diverse geographical social and cultural contexts and presents new approaches using English as a working language but not as a cultural framework Going beyond the dominant trace of Anglo American perspectives of research in sexualities this book presents research in a wide range of countries including Australia Argentina Israel Canada USA Russia Poland Spain Hungary and Mexico Chicago Commerce ,1922 *The Connecticut School Journal* ,1874 **Working-Class Lesbian Life** Yvette Taylor, 2007-07-13 This is an original study of women self identified as working class and lesbian showing the significance of class and sexuality in their biographies everyday lives and identities It provides insight a critique of queer theory and an empirical interrogation of the embodied spatial and material intersection of class and sexuality **Commerce** ,1922 How Television Shapes Our Worldview Deborah A. Macey, Kathleen M. Ryan, Noah J. Springer, 2014-05-15 Over the last half of the twentieth century television has become the predominant medium through which the public accesses information about the world Through the news situation comedies police dramas and commercials we learn about the world around us and our role within it These genres narratives and cultural forms are not simply entertainment but powerful socializing agents that show the world as we might never see it in real life How Television Shapes Our Worldview brings together a diverse set of scholars methodologies and theoretical frameworks to interrogate the ways through which television molds our vision of the outside world The essays include advertising and public relations analyses audience interviews and case studies that touch on genres ranging from science fiction in the 1970s to current reality television Television truly provides a powerful influence over how we learn about the world around us and understand its social processes *21st Century Nanoscience - A Handbook* Klaus D.
