**How to Cook Fish** Myrtle Reed, 2017-06-29 THE CATCHING OF UNSHELLED FISH First catch your hare the old cookery books used to say and hence it is proper in a treatise devoted entirely to the cooking of Unshelled Fish to pay passing attention to the Catching or what the Head of the House terms the Masculine Division of the Subject As it is evident that the catching must in every case precede the cooking but not too far the preface is the place to begin Shell fish are comparatively slow of movement without guile pitifully trusting and very easily caught Observe the difference between the chunk of mutton and four feet of string with which one goes crabbing and the complicated hooks rods flies and reels devoted to the capture of unshelled fish An unshelled fish is lively and elusive past the power of words to portray and in this undoubtedly lies its desirability People will travel for two nights and a day to some spot Page 2 where all unshelled fish has once been seen taking 59 99 worth of fishing tackle marked down from 60 00 for to day only rent a canoe hire a guide at more than human life is worth in courts of law and work with dogged patience from gray dawn till sunset And for what For one small bass which could have been bought at any trustworthy market for sixty five cents or possibly some poor little kitten fish offspring of a catfish whose mother s milk is not yet dry upon its lips Other fish who have just been weaned and are beginning to notice solid food will repeatedly take a hook too large to swallow and be dragged into the boat literally by the skin of the teeth Note the cheerful little sunfish four inches long which is caught first on one side of the boat and then on the other by the patient fisherman angling off a rocky weedy point for bass But as Grover Cleveland said He is no true fisherman who is willing to fish only when fish are biting The real angler will sit all day in a boat in a pouring rain eagerly watching the point of the rod which never for an instant swerves a half inch from the horizontal The real angler will troll for miles with a hand line and a spinner winding in the thirty five dripping feet of the lure Page 3 every ten minutes to remove a weed or to see if she s still a spinnin Vainly he hopes for the muskellunge who has just gone somewhere else but by the same token the sure enough angler is ready to go out next morning rain or shine at sunrise It is a habit of Unshelled Fish to be in other places or possibly at your place but at another time The guide can never understand what is wrong Five days ago he himself caught more bass than he could carry home at that identical rocky point A man from La Porte Indiana whom he took out the week before landed a thirty eight pound muskie in trolling through that same narrow channel In the forty years that the guide has lived in the place man and boy he has never known the fishing to be as poor as it is now Why even ol Pop Somers has ceased to fish
