Making the Arrows James Richard McLeod, 2015 **From Now On** Clarence Major, 2015-04-01 Clarence Major is a consummate artist whose work in poetry fiction and painting has been widely recognized He has been part of twenty eight group exhibitions has had fifteen one man shows and has published fourteen collections of poetry and nine works of fiction Major s works and this collection in particular are distinguished by his poetic sociability and his unblinking but generous and affectionate portraiture In *From Now On* a retrospective of poems from the 1950s to the present including selections from each of Major s previous books of poetry as well as a generous selection of new poems Major creates a vivid gallery of nimbly drawn characters Here he establishes a voice that is singular and musical one that draws witty moving and empathetic portraits of African American urban and country dwellers Ultimately this collection maintains Major s intimate conversational poetry while simultaneously becoming more eclectic multicultural and cosmopolitan Major s poetry is affable but it suggests an insistence that we can connect with history and social change through the dynamic lives of the people we encounter daily
