Making Local News By Phyllis Kaniss 1991 09 24:

Making Local News Phyllis Kaniss, 1991-09-24 Why do crimes and accidents earn more news coverage than development and policy issues affecting thousands of people Filled with revealing interviews with both journalists and city officials *Making Local News* is the first comprehensive look at how the economic motives of media owners professional motives of journalists and the strategies of media wise politicians shape the news we see and hear thereby influencing urban policy *Making Local News* by Phyllis Kaniss is significant If we can continue to get smarter about that which journalism leaves out or distorts in its coverage of politics we may eventually get smarter about politics itself Mitchell Stephens *The Philadelphia Inquirer* View A convincing analysis of the factors and forces which color how and why local issues do or do not become newsworthy Michael H Ebner *Journal of Interdisciplinary History* This work serves as a reminder of the importance of a medium that is often overlooked until economic realities threaten its very existence Choice Kaniss is truly a pioneer in the study of local news Susan Herbst *Contemporary Sociology* *Mass Media and American Politics* Doris A. Graber, Johanna Dunaway, 2017-08-08 *Mass Media and American Politics* is the most comprehensive and best book for political communication This text has made it easy for my students to learn about research and theory related to political journalism and the political communication system in America It has great utility and insight while being comprehensive but not overwhelming for students Jason Martin DePaul University Known for its readable introduction to the literature and theory of the field *Mass Media and American Politics* is a trusted comprehensive look at media s impact on attitudes behavior elections politics and policymaking This Tenth Edition is thoroughly updated to reflect major structural changes that have shaken the world of political news and examines the impact of the changing media landscape It includes timely examples from the 2016 election cycle to illustrate the significance of these changes This classic text balances comprehensive coverage and cutting edge theory shows students how the media influence governmental institutions and the communication strategies of political elites and illustrates how the government shapes the way the media disseminate information Written by Doris A Graber a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics and Johanna Dunaway this book sets the standard **FREE POSTER** Fact or Fiction Use this checklist to avoid the pitfalls posed by the rise of fake news *The Press* Geneva Overholser, Kathleen Hall Jamieson, 2005 With the guidance of editors Geneva Overholser and Kathleen Hall Jamieson this superb collection of essays written by the nation s leading authorities on journalism illuminates the role of the press in a democracy investigating alternative models used throughout world history to better understand how the American press has evolved into what it is today The book also examines the history identity roles and future of the American press with an emphasis on topics of concern to both practitioners and consumers of American media *Cartographies of Danger* Mark Monmonier, 2008-04-15 No place is perfectly safe but some places are more dangerous than others Whether we live on a floodplain or in Tornado Alley near a nuclear facility or in a neighborhood poorly

lit at night we all co exist uneasily with natural and man made hazards As Mark Monmonier shows in this entertaining and immensely informative book maps can tell us a lot about where we can anticipate certain hazards but they can also be dangerously misleading California for example takes earthquakes seriously with a comprehensive program of seismic mapping whereas Washington has been comparatively lax about earthquakes in Puget Sound But as the Northridge earthquake in January 1994 demonstrated all too clearly to Californians even reliable seismic hazard maps can deceive anyone who misinterprets known fault lines as the only places vulnerable to earthquakes Important as it is to predict and prepare for catastrophic natural hazards more subtle and persistent phenomena such as pollution and crime also pose serious dangers that we have to cope with on a daily basis Hazard zone maps highlight these more insidious hazards and raise awareness about them among planners local officials and the public With the help of many maps illustrating examples from all corners of the United States Monmonier demonstrates how hazard mapping reflects not just scientific understanding of hazards but also perceptions of risk and how risk can be reduced Whether you live on a faultline or a coastline near a toxic waste dump or an EMF generating power line you ignore this book s plain language advice on geographic hazards and how to avoid them at your own peril

The Media and Politics Dean Alger,1996 Presents a fascinating insightful analysis of the mass media s critical role in politics *The Presidency in the Era of 24-Hour News* Jeffrey E. Cohen,2010-11-16 The Presidency in the Era of 24 Hour News examines how changes in the news media since the golden age of television when three major networks held a near monopoly on the news people saw in the United States have altered the way presidents communicate with the public and garner popular support How did Bill Clinton manage to maintain high approval ratings during the Monica Lewinsky scandal Why has the Iraq war mired George Bush in the lowest approval ratings of his presidency Jeffrey Cohen reveals how the decline of government regulation and the growth of Internet and cable news outlets have made news organizations more competitive resulting in decreased coverage of the president in the traditional news media and an increasingly negative tone in the coverage that does occur He traces the dwindling of public trust in the news and shows how people pay less attention to it than they once did Cohen argues that the news media s influence over public opinion has decreased considerably as a result and so has the president s ability to influence the public through the news media This has prompted a sea change in presidential leadership style Engaging the public less to mobilize broad support presidents increasingly cultivate special interest groups that often already back the White House s agenda This book carries far reaching implications for the future of presidential governance and American democracy in the era of new media

Media Power, Media Politics Mark J. Rozell,Jeremy D. Mayer,2008-08-14 Media Power Media Politics Second Edition examines the role and influence of the media in every sphere of American politics Organized thematically the book analyzes the relationship between the media and key institutions political actors and nongovernmental entities as well as the role of the new media media ethics and foreign policy coverage Written clearly and concisely by leading scholars in the field the

chapters serve as broad overviews to the issues while discussion questions and suggestions for further reading encourage deeper inquiry Updated throughout the second edition includes expanded coverage of the evolving role of new media a new chapter on terrorism and the media and new pedagogical exercises and featured interviews with journalists bloggers and media advisers

Freeing the First Amendment David S. Allen, Robert Jensen, 1995-11 In a society that prides itself on the most expansive legal guarantees of free speech in history why are so many individuals and groups frustrated by the American system of freedom of expression As the public sphere continues to be redefined by advances in technology and new debates about this technology crop up daily the time has come to move from reflexive discussions about the value of more speech to a detailed assessment of the real power and limits of speech Why this volume asks does the First Amendment the very document intended to ensure the freedom of U S citizens need to be freed And from what Long an icon in American law politics and journalism the First Amendment and the potential and real dilemmas with which it presents us have only recently begun to be scrutinized Challenging the idea that the only champions of free speech are traditional liberal theorists who oppose alternatives to the mainstream interpretation of the First Amendment the contributors to this volume among them such prominent thinkers as Frederick Schauer Owen Fiss and Cass Sunstein explore new and provocative ways to think about freedom of expression By reformulating traditional liberal and libertarian approaches to the First Amendment this volume convincingly disputes the notion that those who question an unwavering reliance on free and open competition between individuals to produce free expression are necessarily enemies of free speech It argues instead that these alleged enemies can in fact be champions as well

The Anthropology of News and Journalism S. Elizabeth Bird, 2010 This title explores the role of news and journalism in contemporary culture from an anthropological perspective Essays by leading scholars look at communities of professional and nonprofessional journalists

Mapping It Out Mark Monmonier, 2024-05-31 Writers know only too well how long it can take and how awkward it can be to describe spatial relationships with words alone And while a map might not always be worth a thousand words a good one can help writers communicate an argument or explanation clearly succinctly and effectively In his acclaimed *How to Lie with Maps* Mark Monmonier showed how maps can distort facts In *Mapping it Out* Expository Cartography for the Humanities and Social Sciences he shows authors and scholars how they can use expository cartography the visual two dimensional organization of information to heighten the impact of their books and articles This concise practical book is an introduction to the fundamental principles of graphic logic and design from the basics of scale to the complex mapping of movement or change Monmonier helps writers and researchers decide when maps are most useful and what formats work best in a wide range of subject areas from literary criticism to sociology He demonstrates for example various techniques for representing changes and patterns different typefaces and how they can either clarify or confuse information and the effectiveness of less traditional map forms such as visibility base maps frame rectangle symbols and complementary scatterplot designs for

conveying complex spatial relationships There is also a wealth of practical information on map compilation cartobibliographies copyright and permissions facsimile reproduction and the evaluation of source materials Appendixes discuss the benefits and limitations of electronic graphics and pen and ink drafting and how to work with a cartographic illustrator Clearly written and filled with real world examples Mapping it Out demystifies mapmaking for anyone writing in the humanities and social sciences A useful guide to a subject most people probably take too much for granted It shows how map makers translate abstract data into eye catching cartograms as they are called It combats cartographic illiteracy It fights cartophobia It may even teach you to find your way Christopher Lehmann Haupt The New York Times **Political**

Representation and Democracy in Mexico J. Steven Hambright (Jr),1997 **All Media Are Social** Andrew M. Lindner,Stephen R. Barnard,2020-04-07 From TV to smartphone apps to movies to newspapers mass media are nearly omnipresent in contemporary life and act as a powerful social institution In this introduction to media sociology Lindner and Barnard encourage readers to think critically about the power of big media companies state media relations new developments in journalism representations of race class gender and sexuality in media and what social media may or may not be doing to our brains among other topics Each chapter explores pressing questions about media by carefully excavating the results of classic and contemporary social scientific studies The authors bring these findings to life with anecdotes and examples ripped from headlines and social media newsfeeds By synthesizing research on new media and traditional media entertainment media and news quantitative and qualitative studies All Media Are Social offers a succinct and accessibly written analysis of both enduring patterns and some of the newest developments in mass media With strong emphases on theory and methods Lindner and Barnard provide students and general readers alike with the tools to better understand the ever changing media landscape **Public Access Television** Laura Linder,1999-07-30 As Laura Linder asserts increased concentration of media ownership has resulted in the homogenization of public discourse Packaged commercialized messages have replaced the personalized and localized opinions necessary for the uninhibited marketplace of ideas envisioned in the First Amendment Narrowcast outlets such as talk radio give vent to individual voices but only to a limited predefined audience The media have led a social shift toward splintering and compartmentalization away from pluralism and consensus Public access television provides an alternative to this trend requiring active public participation in the process of developing community based programming through the dominant medium of television Today more than 2 000 public access television centers exist in the United States producing more than 10 000 hours of original local programming every week But public access television remains underutilized even as deregulation and growing interest in other telecommunications delivery systems pose a potential threat to the long term viability of public access television In this comprehensive review of the background and development of public access television Linder offers all the information needed to understand the theoretical and philosophical underpinnings as well as the nuts and bolts of public access television in the United States Must

reading for students and scholars involved with mass media in the United States and professionals in the television field

The Partial Constitution Cass R. Sunstein, 1993 This was not always the case as Sunstein demonstrates nor was it the intention of the country's founders Instead the Constitution often served as a catalyst for public deliberation about its general terms and aspirations and Sunstein makes a strong case for reviving this broader understanding of the Constitution's role

Votes That Count and Voters Who Don't Sharon E. Jarvis, Soo-Hye Han, 2018-08-28 For decades journalists have called the winners of U S presidential elections often in error well before the closing of the polls In *Votes That Count and Voters Who Don't* Sharon E Jarvis and Soo Hye Han investigate what motivates journalists to call elections before the votes have been tallied and more importantly what this and similar practices signal to the electorate about the value of voter participation Jarvis and Han track how journalists have told the story of electoral participation during the last eighteen presidential elections revealing how the portrayal of voters in the popular press has evolved over the last half century from that of mobilized partisan actors vital to electoral outcomes to that of pawns of political elites and captives of a flawed electoral system The authors engage with experiments and focus groups to reveal the effects that these portrayals have on voters and share their findings in interviews with prominent journalists *Votes That Count and Voters Who Don't* not only explores the failings of the media but also shows how the story of electoral participation might be told in ways that support both democratic and journalistic values At a time when professional strategists are pressuring journalists to provide favorable coverage for their causes and candidates this book invites academics organizations the press and citizens alike to advocate for the voter's place in the news

American Journalism W. David Sloan, Lisa Mullikin Parcell, 2014-01-10 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance Surprising too might be the media's steady adherence to its continual tugging at its philosophical and ethical moorings These 39 essays written and edited by the nation's leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually Appropriate for interested lay persons students professors and reporters Instructors considering this book for use in a course may request an examination copy here

Small Isn't Beautiful Trevor Latimer, 2023-02-15 Eat local has become a popular marketing slogan in recent years based on the idea that food grown or raised nearby is better for you and friendlier to the environment than similar products shipped in from many miles away That slogan reflects a broader worldview suggesting that everything local including government and knowledge is better than what originates somewhere else *Small Isn't Beautiful* acknowledges that some things that are local are good but denies that what's local is always or even often better than what's far away Localism

is based on an undeserved aura of respectability virtue and good sense and can produce results that are misguided or even dangerous Particularly when it comes to public policies decisions made at the local level are rarely superior and are sometimes unjust Small Isn't Beautiful exposes the supposed virtue of localism as a hodgepodge of weak arguments and misleading hunches Trevor Latimer's engagingly written and provocative book will appeal to all readers who want to understand localism beyond slogans and marketing

Seeing Justice Mary Angela Bock, 2021 A behind the scenes look at the struggles between visual journalists and officials over what the public sees and therefore much of what the public knows of the criminal justice system In the contexts of crime social justice and the law nothing in visual media is as it seems In today's mediated social world visual communication has shifted to a democratic sphere that has significantly changed the way we understand and use images as evidence In Seeing Justice Mary Angela Bock examines the way criminal justice in the US is presented in visual media by focusing on the grounded practices of visual journalists in relationship with law enforcement Drawing upon extended interviews participant observation contemporary court cases and critical discourse analysis Bock provides a detailed examination of the way digitization is altering the relationships between media consumers and the criminal justice system From tabloid coverage of the last public hanging in the US to Karen shaming videos from mug shots to perp walks she focuses on the practical struggles between journalists police and court officials to control the way images influence their resulting narratives Revealing the way powerful interests shape what the public sees Seeing Justice offers a model for understanding how images are used in news narrative

Print in Motion Carl F. Kaestle, Janice A. Radway, 2009 History of the Book in America Volume 4 Print in Motion The Expansion of Publishing and Reading in the United States 1880-1940

America, History and Life, 1995 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2,000 journals published worldwide

Making Local News By Phyllis Kaniss 1991 09 24 Introduction

In today's digital age, the availability of Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Making Local News By Phyllis Kaniss 1991 09 24 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Making Local News By Phyllis Kaniss 1991 09 24 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Making Local News By Phyllis Kaniss 1991 09 24 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Making Local News By Phyllis Kaniss 1991 09 24 books and manuals for download and embark on your journey of knowledge?

FAQs About Making Local News By Phyllis Kaniss 1991 09 24 Books

1. Where can I buy Making Local News By Phyllis Kaniss 1991 09 24 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
