Howard, Jakob Werdelin, 2021-12-15 The Education Endowment Foundation's Teaching and Learning Toolkit describes collaborative learning as an approach which involves pupils working together on activities or learning tasks and in such a way that enables everyone to participate on a collective task that has been clearly assigned. In the context of this book Cooperative Learning relates to a number of such activities from simple memorising to more complex analysis and debating which are designed to boost learners' interdependence, participation and interaction. Drawing upon both research-informed theory and real-world examples, Jakob Werdelin and Drew Howard present both an insightful introduction to Cooperative Learning as a practice and philosophy and a practical guide to classroom application. The authors share their expertise on how to amplify the effect of current pedagogical approaches and schemes of work, simplify performance management as an empowering tool for teachers and leaders and create an inclusive environment in which every pupil is able to fulfil their learning potential. Jakob and Drew also discuss how Cooperative Learning relates to a range of other aspects of teaching including assessment, metacognition and Rosenshine's Principles. The book focuses on Catch1Partner as an exemplary Cooperative Learning Interaction Pattern (CLIP) as by fully grasping the principles of staging and running Catch1Partner in its many forms, readers will then be better equipped with the foundational know-how to deploy other CLIPs such as Sage and Scribe, Word Round and Rotating Role Reading. The authors also provide a variety of ready-to-photocopy and downloadable sample teaching materials, tools, guidelines and an activity transcript in the appendices. Suitable for teachers and leaders in both primary and secondary school settings.

**The Bloomsbury Handbook to Toni Morrison** Kelly Reames, Linda Wagner-Martin, 2022-12-15 The most substantial collection of critical essays on Morrison to appear since her death in mid-2019, this book contains previously unpublished essays which both acknowledge the universal significance of her writing even as they map new directions. Essayists include pre-eminent Morrison scholars as well as scholars who work in cultural criticism, African American letters, American modernism and women's writing. The book includes work on Morrison as a public

intellectual work which places Morrison's writing within today's currents of contemporary fiction work which draws together Morrison's trilogy of *Beloved*, *Jazz* and *Paradise* alongside Dos Passos' USA trilogy work which links Morrison to such Black Atlantic artists as Lubaina Himid and others as well as work which offers a reading of influence that goes both directions between Morrison and Faulkner. Another cluster of essays treats seldom-discussed works by Morrison including an essay on Morrison as writer of children's books and as speaker for children's education. In addition, a Teaching Morrison section is designed to help teachers and critics who teach Morrison in undergraduate classes.
