Magic Mushrooms In Religion And Alchemy

Thomas B. Roberts

Magic Mushrooms In Religion And Alchemy:

Magic Mushrooms in Religion and Alchemy Clark Heinrich, 2002-09 An illustrated foray into the hidden truth about the use of psychoactive mushrooms to connect with the divine Draws parallels between Vedic beliefs and Judeo Christian sects showing the existence of a mushroom cult that crossed cultural boundaries Contends that the famed philosophers stone of the alchemist was a metaphor for the mushroom Confirms and extends Robert Gordon Wasson s hypothesis of the role of the fly agaric mushroom in generating religious visions Rejecting arguments that the elusive philosophers stone of alchemy and the Hindu elixir of life were mere legend Clark Heinrich provides a strong case that Amanita muscaria the fly agaric mushroom played this role in world religious history Working under the assumption that this magic mushroom was the mysterious food and drink of the gods Heinrich traces its use in Vedic and Puranic religion illustrating how ancient cultures used the powerful psychedelic in esoteric rituals meant to bring them into direct contact with the divine He then shows how the same mushroom symbols found in Hindu scriptures correspond perfectly to the symbols of ancient Judaism Christianity the Grail myths and alchemy arguing that miraculous stories as disparate as the burning bush of Moses and the raising of Lazarus from the dead can be easily explained by the use of this strange and powerful mushroom While acknowledging the speculative nature of his work Heinrich concludes that in many religious cultures and traditions the fly agaric mushroom and in some cases ergot or psilocybin mushrooms had a fundamental influence in teaching humans about the nature of God His insightful book truly brings new light to the religious history of humanity

Alchemically Stoned - The Psychedelic Secret of Freemasonry P.D. Newman, 2017-06-21 P D Newman s bold and daring theory provides a radical interpretation of Masonic symbolism In the tradition of Wasson Hofmann and Ruck in The Road to Eleusis Unveiling the Secret of the Mysteries 1978 and Heinrich s Strange Fruit Alchemy Religion and Magical Foods 1995 Newman suggests that practical psychoactive pharmacology rather than philosophy lies concealed in the root of some of our allegories and mysteries Admitting to being more than a mere theoretician Newman draws from his own personal experiences and a wide range of sources in presenting his theory in a logical manner which merits consideration Arturo De Hoyos 33 Grand Archivist and Grand Historian Ancient and Accepted Scottish Rite Southern Jurisdiction

Psilocybin Mushroom Legal Defenses William Brodovich, 2013 Psilocybin Mushroom Legal Defenses is a practical legal guide designed to help defense attorneys win acquittals in psilocybin mushroom cases It relies on two legal arguments first that there are no laws specifically prohibiting possession of psilocybin mushrooms in 46 of the 50 states second that the use of these mushrooms for spiritual purposes is an exercise of religion and therefore protected by the First Amendment The book includes a model opening statement and final argument and shows how to refute the material container argument that the prosecutor will use All the background information needed for a strong defense is provided Aside from the legal arguments the book contains a wealth of interesting information about psychedelics including the results of the most recent scientific studies

Seeking the

Sacred with Psychoactive Substances J. Harold Ellens, 2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges

Mushroom Essences Robert Rogers, 2016-07-19 In this innovative contribution to the field of energy medicine experienced mycologist and herbalist Robert Rogers offers an extensive guide to healing a range of physical emotional and psychological conditions with mushroom essences Similar to flower essences but made under a lunar cycle mushroom essences work subtly to bring deep healing to the mind and body they are particularly well suited for working with the shadow or unintegrated parts of the psyche The book is organized as an easy to use alphabetical reference with entries that outline how to create each essence indications for usage and healing effects Along the way Rogers provides enlivening stories of his personal experience using these remedies in clinical practice A profound exploration of both the practical and mythopoetic qualities of the mushroom this is a must have for anyone interested in plant medicine mycology personal healing or depth psychology

Ghost Eaters Clay McLeod Chapman, 2022-09-20 A Gothic punk graveyard tale about what haunts history and what haunts the human soul An addicting read that draws you into its descent from the first page Chuck Wendig New York Times best selling author of The Book of Accidents One of Vulture s Best Horror Novels of 2022 this terrifying supernatural page turner will make you think twice about opening doors to the unknown Erin hasn t been able to set a single boundary with her charismatic but reckless college ex boyfriend Silas When he asks her to bail him out of rehab again she knows she needs to cut him off But days after he gets out Silas turns up dead of an overdose in their hometown of Richmond Virginia and Erin s world falls apart Then a friend tells her about Ghost a new drug that allows users to see the dead Wanna get haunted he asks Grieving and desperate for closure with Silas Erin agrees to a pill popping s ance But the drug has unfathomable side effects and once you take it you can never go back

Mushroom Sara Rich, 2022-12-15 Object Lessons is a series of short beautifully designed books about the hidden

lives of ordinary things They are the things we step on without noticing and the largest organisms on Earth They are symbols of inexplicable growth and excruciating misery They are grouped with plants but they behave more like animals In their inscrutability mushrooms are wondrous organisms The mushroom is an ordinary object whose encounters with humans are usually limited to a couple of species prepackaged at the grocery store This book offers mushrooms as much more than a pasta ingredient or trendy coffee alternative It presents these objects as the firmament for life as we know it enablers of mystical traditions menders of minds lost to depression But it acknowledges too that this firmament only exists because of death and rot Rummaging through philosophical literary medical ecological and anthropological texts only serves to confirm what the average forager already knows that mushrooms are to be regarded with a reverence deserving of only the most powerful entities those who create and destroy and thrive on both

Object Lessons is published in partnership with an essay series in *The Atlantic*

The Mushroom in Christian Art John A. Rush, 2018-11-06 In *The Mushroom in Christian Art* author John A Rush uses an artistic motif to define the nature of Christian art establish the identity of Jesus and expose the motive for his murder Covering Christian art from 200 CE common era to the present the author reveals that Jesus the Teacher of Righteousness mentioned in the Dead Sea Scrolls is a personification of the Holy Mushroom *Amanita muscaria* The mushroom Rush argues symbolizes numerous mind altering substances psychoactive mushrooms cannabis henbane and mandrake used by the early more experimentally minded Christian sects Drawing on primary historical sources Rush traces the history and face of Jesus as being constructed and codified only after 325 CE The author relates Jesus s life to a mushroom typology discovering its presence disguised in early Christian art In the process he reveals the ritual nature of the original Christian cults rites and rituals including mushroom use The book authoritatively uncovers Jesus s message of peace love and spiritual growth and proposes his murder as a conspiracy by powerful reactionary forces who would replace that message with the oppressive religious political system that endures to this day Rush s use of the mushroom motif as a springboard for challenging mainstream views of Western religious history is both provocative and persuasive The package includes a link to 252 striking color images depicting Christian art with key motifs indicated by the author

Mushrooms, Myth and Mithras Carl Ruck, 2021-02-24 This illustrated book traces the history of an unlikely force in the shaping of Western civilization the use of psychedelic mushrooms namely by a secret society called the cult of Mithras Nero was the first emperor to be initiated by the group s magical dinners and most of his successors embraced the ritual as a source of spiritual transcendence The cult was officially banned after the Conversion but aspects of their rituals were assimilated or co opted by Christianity and the brotherhoods persist today as secret societies such as the Freemasons This is a fascinating exploration of a powerful force kept behind the scenes for thousands of years

New and Future Developments in Microbial Biotechnology and Bioengineering Vijai G. Gupta, Anita Pandey, 2019-06-14 *New and Future Developments in Microbial Biotechnology and Bioengineering* Microbial Secondary Metabolites Biochemistry and Applications examines the areas of biotechnology and

chemical engineering covering aspects of plants bacteria and machines and using microbes as factories The book is aimed at undergraduates post graduates and researchers studying microbial secondary metabolites and is an invaluable reference source for biochemical engineers working in biotechnology manipulating microbes and developing new uses for bacteria and fungi The applications of secondary metabolites in biotechnology pharmaceuticals diagnostics and medical device development are also extensively covered The book integrates the aforementioned frontline branches into an interdisciplinary research work to satisfy those working in biotechnology chemical engineering alternative fuel development diagnostics and pharmaceuticals Chapters related to important research work on applications of microbial secondary metabolites are written by specialists in the various disciplines from the international community Compiles the latest developments in the area of microbial secondary metabolites Authored by the top international researchers in this area Includes information related to nearly all areas of a microbial secondary metabolites system **The Psychedelic Gospels**

Jerry B. Brown, Julie M. Brown, 2016-09-15 Reveals evidence of visionary plants in Christianity and the life of Jesus found in medieval art and biblical scripture hidden in plain sight for centuries Follows the authors anthropological adventure discovering sacred mushroom images in European and Middle Eastern churches including Roslyn Chapel and Chartres Provides color photos showing how R Gordon Wasson s psychedelic theory of religion clearly extends to Christianity and reveals why Wasson suppressed this information due to his secret relationship with the Vatican Examines the Bible and the Gnostic Gospels to show that visionary plants were the catalyst for Jesus s awakening to his divinity and immortality Throughout medieval Christianity religious works of art emerged to illustrate the teachings of the Bible for the largely illiterate population What then is the significance of the psychoactive mushrooms hiding in plain sight in the artwork and icons of many European and Middle Eastern churches Does Christianity have a psychedelic history Providing stunning visual evidence from their anthropological journey throughout Europe and the Middle East including visits to Roslyn Chapel and Chartres Cathedral authors Julie and Jerry Brown document the role of visionary plants in Christianity They retrace the pioneering research of R Gordon Wasson the famous sacred mushroom seeker on psychedelics in ancient Greece and India and among the present day reindeer herders of Siberia and the Mazatecs of Mexico Challenging Wasson s legacy the authors reveal his secret relationship with the Vatican that led to Wasson s refusal to pursue his hallucinogen theory into the hallowed halls of Christianity Examining the Bible and the Gnostic Gospels the authors provide scriptural support to show that sacred mushrooms were the inspiration for Jesus revelation of the Kingdom of Heaven and that he was initiated into these mystical practices in Egypt during the Missing Years They contend that the Trees of Knowledge and of Immortality in Eden were sacred mushrooms Uncovering the role played by visionary plants in the origins of Judeo Christianity the authors invite us to rethink what we know about the life of Jesus and to consider a controversial theory that challenges us to explore these sacred pathways to the divine **Health & Drugs** Nicolae Sfetcu, 2014-05-02 Information about drugs side effects

and abuse Drug prescription medication and therapy online stores to buy drugs Testing interaction administration and treatments for the health care Medicine is the branch of health science and the sector of public life concerned with maintaining or restoring human health through the study diagnosis treatment and possible prevention of disease and injury It is both an area of knowledge a science of body systems their diseases and treatment and the applied practice of that knowledge A drug is any biological substance synthetic or non synthetic that is taken for non dietary needs It is usually synthesized outside of an organism but introduced into an organism to produce its action That is when taken into the organisms body it will produce some effects or alter some bodily functions such as relieving symptoms curing diseases or used as preventive medicine or any other purposes *Consciousness Medicine* Françoise Bourzat, Kristina

Hunter, 2019-06-25 A comprehensive guide to the safe and ethical application of expanded states of consciousness for therapists healing practitioners and sincere explorers Psychedelic medicines also known as entheogens are entering the mainstream And it's no wonder despite having access to the latest wellness trends and advances in technology we're no healthier happier or more meaningfully connected Psilocybin mushrooms ayahuasca and LSD as well as other time tested techniques with the power to shift consciousness such as drumming meditation and vision quests are now being recognized as potent catalysts for change and healing But how do we ensure that we're approaching them effectively Françoise Bourzat a counselor and experienced guide with sanctioned training in the Mazatec and other indigenous traditions and healer Kristina Hunter introduce a holistic model focusing on the threefold process of preparation journey and integration Drawing from more than thirty years of experience Bourzat's skillful and heartfelt approach presents the therapeutic application of expanded states without divorcing them from their traditional contexts Consciousness Medicine delivers a coherent map for navigating nonordinary states of consciousness offering an invaluable contribution to the field of healing and transformation

The Psychedelic Future of the Mind Thomas B. Roberts, 2013-01-23 Explores scientific and medical research on the emerging uses of psychedelics to enrich mind morals spirituality and creativity Outlines a future that embraces psychedelics as tools for cognitive development personal growth business and an experience based religious reformation Presents research on the use of psychedelics to enhance problem solving increase motivation boost the immune system and deepen ethical values Includes chapters by Roger N Walsh M D Ph D and Charles Grob M D on their psychedelic research on religious experience and alleviating the fear of death As psychedelic psychotherapy gains recognition through research at universities and medical establishments such as the Johns Hopkins Medical Institute and Bellevue Hospital the other beneficial uses of psychedelics are beginning to be recognized and researched as well from enhancing problem solving and increasing motivation to boosting the immune system and deepening moral and ethical values Exploring the bright future of psychedelics Thomas B Roberts Ph D reveals how new uses for entheogens will enrich individuals as well as society as a whole With contributions from Charles Grob M D and Roger N Walsh M D Ph D the book explains how psychedelics can raise

individual and business attitudes away from self centeredness improve daily life with strengthened feelings of meaningfulness and spirituality and help us understand and redesign the human mind leading to the possibility of a neurosingularity a time when future brains surpass our current ones Roberts envisions a future where you will seek psychedelic therapy not only for psychological reasons but also for personal growth creative problem solving improved brain function and heightened spiritual awareness Our psychedelic future is on the horizon a future that harnesses the full potential of mind and spirit and Thomas Roberts outlines a path to reach it

Failed God John A. Rush, 2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark s Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an Amanita muscaria cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only Amanita muscaria but a plethora of mind altering substances *Failed God Fractured Myth in a Fragile World* re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus s simple message of human decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today s world

Drugged Richard J. Miller, 2014 Miller takes readers on an eye opening tour of psychotropic drugs describing the various kinds how they were discovered and developed and how they have played multiple roles in virtually every culture

The Routledge Handbook of Religion and Secrecy Hugh B. Urban, Paul Christopher Johnson, 2022-03-29 Secrecy is a central and integral component of all religious traditions Not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism secrecy is inherent in the very fabric of religion itself Its importance has perhaps never been more acutely relevant than in our own historical moment In the wake of 9 11 and other acts of religious violence we see the rise of invasive national security states that target religious minorities and pose profound challenges to the ideals of privacy and religious freedom accompanied by the resistance by many communities to such efforts As such questions of secrecy privacy surveillance and security are among the most central and contested issues of twenty first century religious life *The Routledge Handbook of Religion and Secrecy* is

the definitive reference source for the key topics problems and debates in this crucial field and is the first collection of its kind Comprising twenty nine chapters by a team of international contributors the Handbook is divided into five parts Configurations of Religious Secrecy Conceptual and Comparative Frameworks Secrecy as Religious Practice Secrecy and the Politics of the Present Secrecy and Social Resistance Secrecy Terrorism and Surveillance This cutting edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the transformations of secrecy in the modern period including the rise of fraternal orders the ongoing wars on terror the rise of far right white supremacist groups increasing concerns over religious freedom and privacy the role of the internet in the spread and surveillance of such groups and the resistance to surveillance by many indigenous and diasporic communities The Routledge Handbook of Religion and Secrecy is essential reading for students and researchers in religious studies comparative religion new religious movements and religion and politics It will be equally central to debates in the related disciplines of sociology anthropology political science security studies and cultural studies

Pagan Christmas Christian Räscher, Claudia Müller-Ebeling, 2006-10-24 An examination of the sacred botany and the pagan origins and rituals of Christmas Analyzes the symbolism of the many plants associated with Christmas Reveals the shamanic rituals that are at the heart of the Christmas celebration The day on which many commemorate the birth of Christ has its origins in pagan rituals that center on tree worship agriculture magic and social exchange But Christmas is no ordinary folk observance It is an evolving feast that over the centuries has absorbed elements from cultures all over the world practices that give plants and plant spirits pride of place In fact the symbolic use of plants at Christmas effectively transforms the modern day living room into a place of shamanic ritual Christian Räscher and Claudia Müller-Ebeling show how the ancient meaning of the botanical elements of Christmas provides a unique view of the religion that existed in Europe before the introduction of Christianity The fir tree was originally revered as the sacred World Tree in northern Europe When the church was unable to drive the tree cult out of people's consciousness it incorporated the fir tree by dedicating it to the Christ child Father Christmas in his red and white suit who flies through the sky in a sleigh drawn by reindeer has his mythological roots in the shamanic reindeer herding tribes of arctic Europe and Siberia These northern shamans used the hallucinogenic fly agaric mushroom which is red and white to make their soul flights to the other world Apples which figure heavily in Christmas baking are symbols of the sun god Apollo so they find a natural place at winter solstice celebrations of the return of the sun In fact the authors contend that the emphasis of Christmas on green plants and the promise of the return of life in the dead of winter is just an adaptation of the pagan winter solstice celebration

Legally Stoned: Todd A. Thies, Ph.D., 2010-04-19 This practical guide to psychoactive drugs reveals fourteen legal and accessible paths on your journey to altered consciousness Getting high in one form or another has been a part of human life for thousands of years And while the US government stands in the way of this basic right there are ways around the restrictions With each of the fourteen psychoactive substances

detailed in this book you can get high pass a urine drug test and never once break the law Legally Stoned is a practical guide to obtaining and using fourteen mind altering agents that are both legal and easy to acquire It also includes a description and history of each item its chemistry and physiological reactions accounts of its pleasures and perils and any risks associated with it Legally Stoned covers substances such as Amanita muscaria mushroom which induces feelings of euphoria and auditory hallucinations Anadenanthera peregrina colubrina seeds which have been known to cause intense visions of psychedelic light and color Ayahuasca which originated in South America and often produces visual hallucinations that include the jungle exotic animals even ancient native artwork

The Twelve Gates John A. Rush, 2019-08-07 In The Twelve Gates clinical anthropologist John Rush embarks on a spellbinding journey through death rituals in various cultures centering on the ancient Egyptian philosophy of death and resurrection The first part of the book provides an overview of different rituals encouraging readers to confront their feelings about death and to reevaluate their lives The author details his own experiences preparing for death including a painful tattooing process inspired by the ancient Egyptian Books of the Netherworld He then guides readers through the Twelve Gates of the Underworld symbolic ritual stages during which they can figuratively experience death and rebirth A set of full color tarot cards designed by the author is included as an aid in passing through each of the Gates These ancient rituals performed by pharaohs and priests for thousands of years help ease the way toward a peaceful conscious death
