

HP LP2065 Flat Panel Monitor

The HP LP2065 Flat Panel Monitor is ideally suited for workstation and high-end business users. This flagship model provides sharp resolutions up to 1600 x 1200 on a 20.1-inch viewable screen. Advanced features include extra-wide viewing angles, super-thin bezels, multiple inputs (analog and digital), fast response times, built-in USB hub, and height-adjustable base with pivot rotation.

Advanced features

This monitor offers superior clarity with an extra-bright screen, 800:1 high contrast ratio, superior image processing, and 178-degree viewing angles. The antiglare coating and flicker-free presentation meet the TC0-03 requirements specified by The Swedish Confederation of Professional Employees. The integrated power supply eliminates bulky "power bricks" and improves cable management for easy mounting on the wall or on an arm. The new HP Display Assistant software utility allows monitor adjustment, color calibration, and security/asset management through the Display Data Channel Command Interface (DDC/CI) protocol of the connected desktop PC instead of the monitor's on-screen display (OSD). HP Display LifeSaver technology helps increase monitor life and reduce power consumption by enabling users to schedule low-power Sleep mode at pre-defined times.

User-friendly features and superior ergonomics

A height-adjustable base and 90-degree pivot capability for portrait or landscape viewing make it easier to achieve comfortable eye contact with the screen. The detachable base simplifies mounting, handling, and shipping. Super-thin bezels on all four sides of the screen let you "tile" multiple panels together for a panoramic video array of large amounts of data and information, which can be especially useful on trading floors or in other data-intensive environments.

Investment protection

The HP LP2065 monitor comes equipped with a variety of inputs for enhanced flexibility, including dual DVI, which allows the monitor to be used in either dual analog mode or dual digital mode. The built-in USB hub enables easy compatibility with a variety of peripherals, including the optional USB-powered HP Silver Flat Panel Speaker Bar (sold separately), which adds speakers to the desktop by attaching easily to the base of the monitor.

Versatile design

The HP LP2065 monitor features the new HP Quick Release[®], which allows the monitor to be quickly and easily mounted on a wall, arm, or another VESA-compliant device. HP Quick Release enables uniquely flexible product configuration alternatives in a variety of settings, including storefronts, kiosks, trade shows, training labs, and medical and institutional settings.

Environmentally friendly

HP helps protect the environment by designing for low emissions using recyclable plastics while limiting heavy metals or other potentially harmful elements. Unit design also complies with Energy Star for environmental friendliness and power savings.

Quality and reliability

HP monitors meet a high level of quality and reliability. The HP LP2065 monitor is fully tested and qualified internally and at external labs to assure backward and forward interoperability and compatibility with legacy, current, and in-development HP products.

Service and support

The HP LP2065 monitor is backed by a three-year warranty and comprehensive HP service and support from \$5,000 IT service and support professionals in 160 countries around the world.

Flagship quality for advanced users.
