Kota Bandung dikenal memiliki banyak bangunan heritage. Hal itu sangat wajar karena pada tahun 1920-1940, Bandung menjadi laboratorium arsitek Belanda. Di tahun-tahun tersebut, arsitek Belanda banyak yang mengeksplorasi kemampuannya di kota ini. Salah satunya yaitu Gedung Isola yang terletak di Jalan Setiabudi. (\*)

Brita Heimarck Renee,2013-08-21 While many Western scholars have discussed the technical aspects of Balinese music or the traditional contexts for performance little has been written in Western languages about Balinese discourses on their music This dissertation seeks to understand the experience of music in Bali according to Balinese voices through an analysis of oral and written dialogues on music mainly by musicians and dalangs shadow play puppeteers from the village of Sukawati scholars teachers administrators and students from the Indonesian College of the Arts STSI in the City of Denpasar The study examines the influence of modernization on the traditional arts and their role in society A concentration on Balinese discourses enables individual performers and scholars to represent themselves to a greater extent than previously seen in ethnomusicological scholarship making this study more of a critical discussion among equals than a Western interpretation of others This approach permits a rare view into contemporary Balinese conceptions and practices of music      **Tempo** ,2008
