**Hannes Hansen-Magnusson, Antje  
Vetterlein**

## **Just Business Multinational Corporations And Human Rights Norton Global Ethics Series:**

**Just Business: Multinational Corporations and Human Rights (Norton Global Ethics Series)** John Gerard Ruggie, 2013-03-25 Describes the transformative Guiding Principles developed in 2005 by the United Nations and the author that sought to regulate harmful corporate practices in the far reaching corners of the world and promote and sustain human rights

**In-House Lawyers' Ethics** Richard Moorhead, Steven Vaughan, Cristina Godinho, 2018-11-29 This book provides an empirically grounded in depth investigation of the ethical dimensions to in house practice and how legal risk is defined and managed by in house lawyers and others The growing significance and status of the role of General Counsel has been accompanied by growth in legal risk as a phenomenon of importance In house lawyers are regularly exhorted to be more commercial proactive and strategic to be business leaders and not mere lawyers but they are increasingly exposed for their roles in organisational scandals This book poses the question how far does going beyond being a lawyer conflict with or entail being more ethical It explores the role of in housers by calling on three key pieces of empirical research two tranches of interviews with senior in house lawyers and senior compliance staff and an unparalleled large survey of in house lawyers On the basis of this evidence the authors explore how ideas about in house roles shape professional logics how far professional notions such as independence play a role in those logics and the ways in which ethical infrastructure are managed or are absent from in house practice It concludes with a discussion of whether and how in house lawyers and their regulators need to take professionalism and professional ethicality more seriously

**The Practice of Shared Responsibility in International Law** André Nollkaemper, Ilias Plakokefalos, 2017-02-02 This is the third book in the series Shared Responsibility in International Law which examines the problem of distribution of responsibilities among multiple states and other actors In its work on the responsibility of states and international organisations the International Law Commission recognised that attribution of acts to one actor does not exclude possible attribution of the same act to another state or organisation Recognising that the applicable rules and procedures for shared responsibility may differ between particular issue areas this volume reviews the practice of states international organisations courts and other bodies that have dealt with the issue of international responsibility of multiple wrongdoing actors in a wide range of issue areas including energy extradition investment law NATO led operations and fisheries These analyses jointly assess the fit of the prevailing principles of international responsibility and provide a basis for reform and further development of international law

**Corporate Social Responsibility - A Global Perspective**, 2024-09-18 Corporate Social Responsibility A Global Perspective provides a comprehensive overview of CSR in a global world exploring the diverse notions of CSR across different geographical settings This book is a treasure trove of tools and information that marks increasing calls for corporate social accountability and transparency by understanding legal frameworks and mechanisms of CSR By including the analysis of the case studies empirical research and new research findings this book highlights the significance of CSR implementation within the socio

cultural and institutional landscape From local boundaries to Western markets of America Ghana Africa Morocco Saudi Arabia Turkey and more each chapter enriches the literature on CSR strategies dilemmas and impacts This book presents a holistic overview of CSR over twelve chapters Drawing upon the best practices worldwide this book provides insight into the strategic designing and implementation of CSR strategies and approaches It is a useful resource for scholars policymakers organizations and other interested readers and we hope that it will inspire further research in CSR With a blend of theoretical insight and guidance this book will hopefully inspire individuals to commit to a more resilient and shared society Significantly it is a beneficial guide to ethics and policies that work as a motivation towards achieving a sustainable future CSR is an exciting frontier that ensures organizations bring sustainable futures and engagements **Advances in**

**Relational Economics** Jacob Dahl Rendtorff,Lukas Belser,Jessica Geraldo Schwengber,2025-01-04 This book explores how economic and social values are created through dynamic non linear interactions within cooperative networks Emphasizing the importance of relations and networks in value creation the book discusses critical issues such as the relational nature of the firm relational management and leadership as well as relational philosophy This includes topics such as network models stakeholder management relational contracts cooperative economics as well as philosophical questions related to relational ontology epistemology and methodology inter alia Written by leading scholars the contributions highlight the need for new business models and governance mechanisms that integrate resources across different economic and social systems advocating for a relational approach to economic theory In turn the book argues for a network based integrative view of businesses suggesting that economic success is increasingly dependent on the ability to navigate and foster complex relationships within a globalized context Rich in theoretical and empirical insights this book is essential reading for academics policymakers and business leaders interested in the future of economic thought and practice It provides a comprehensive overview of the relational paradigm The book is an invitation to join the conversation on how relational perspectives can transform our understanding of economics governance and organizational dynamics **Corporate Power and Human Rights** Manette Kaisershot,Nicholas Connolly,2018-02-02 There is ample evidence about the negative effects business activity of all types can have on the provision of human rights Equally there can be little doubt economic development usually driven through business activity and trade is necessary for any state to provide the institutions and infrastructure necessary to secure and provide human rights for their citizens The United Nations and businesses recognise this tension and are collaborating to effect change in business behaviours through voluntary initiatives such as the Global Compact and John Ruggie s Guiding Principles Yet voluntary approaches are evidently failing to prevent human rights violations and there are few alternatives in law for affected communities to seek justice This book seeks to robustly challenge the current status quo of business approaches to human rights in order to develop meaningful alternatives in an attempt to breach the gap between the realities of business and human rights and its discourse This book was previously published as a

special issue of the International Journal of Human Rights

### **The Cambridge Handbook of Sociology: Volume 1**

Kathleen Odell Korgen, 2017-08-11 Whether a student an instructor a researcher or just someone interested in understanding the roots of sociology and our social world The Cambridge Handbook of Sociology Volume 1 is for you This first volume of the Handbook focuses on core areas of sociology such as theory methods culture socialization social structure inequality diversity social institutions social problems deviant behavior locality geography the environment and social change It also explains how sociology developed in different parts of the world providing readers with a perspective on how sociology became the global discipline it is today Each essay includes a discussion of how the respective subfield contributes to the overall discipline and to society Written by some of the most respected scholars teachers and public sociologists in the world the essays are highly readable and authoritative

*Global Governance in a World of Change* Michael N. Barnett, Jon C. W. Pevehouse, Kal Raustiala, 2021-12-09 Global governance has come under increasing pressure since the end of the Cold War In some issue areas these pressures have led to significant changes in the architecture of governance institutions In others institutions have resisted pressures for change This volume explores what accounts for this divergence in architecture by identifying three modes of governance hierarchies networks and markets The authors apply these ideal types to different issue areas in order to assess how global governance has changed and why In most issue areas hierarchical modes of governance established after World War II have given way to alternative forms of organization focused on market or network based architectures Each chapter explores whether these changes are likely to lead to more or less effective global governance across a wide range of issue areas This provides a novel and coherent theoretical framework for analysing change in global governance This title is available as Open Access on Cambridge Core

**Dirty Gold** Michael John Bloomfield, 2018-08-28 The response from the jewelry industry to a campaign for ethically sourced gold as a case study in the power of business in global environmental politics Gold mining can be a dirty business It creates immense amounts of toxic materials that are difficult to dispose of Mines are often developed without community consent and working conditions for miners can be poor Income from gold has funded wars And consumers buy wedding rings and gold chains not knowing about any of this In *Dirty Gold* Michael Bloomfield shows what happened when Earthworks a small Washington based NGO launched a campaign for ethically sourced gold in the consumer jewelry market targeting Tiffany and other major firms The unfolding of the campaign and its effect on the jewelry industry offer a lesson in the growing influence of business in global environmental politics Earthworks planned a shame campaign aimed at the companies brands and reputations betting that firms like Tiffany would not want to be associated with pollution violence and exploitation As it happened Tiffany contacted Earthworks before they could launch the campaign the company was already looking for partners in finding ethically sourced gold Bloomfield examines the responses of three companies to No Dirty Gold activism Tiffany Wal Mart and Brilliant Earth a small company selling ethical jewelry He finds they offer a case study in how firms respond to activist pressure and what

happens when businesses participate in such private governance schemes as the Golden Rules and the Conflict Free Gold Standard Taking a firm level view Bloomfield examines the different opportunities for and constraints on corporate political mobilization within the industry

**Just Freedom: A Moral Compass for a Complex World** Philip Pettit, 2014-03-10

Freedom in Philip Pettit's provocative analysis requires more than just being let alone In *Just Freedom* a succinct articulation of the republican philosophy for which he is renowned Pettit builds a theory of universal freedom as nondomination Seen through this lens even societies that consider themselves free may find their political arrangements lacking Do those arrangements protect people's liberties equally Are they subject to the equally shared control of those they protect Do they allow the different peoples of the world to live in equal freedom With elegant user friendly tests of freedom the eyeball test the tough luck test and the straight talk test Pettit addresses these questions laying out essential yardsticks for policymakers and concerned citizens alike An invitation to join in a program that would better articulate and realize justice in our social democratic and international lives *Just Freedom* offers readers an essential starting place for the world's thorniest problems

The Hidden Face of Rights Kathryn Sikkink, 2020-01-07 Why we cannot truly implement human rights unless we also recognize human responsibilities When we debate questions in international law politics and justice we often use the language of rights and far less often the language of responsibilities Human rights scholars and activists talk about state responsibility for rights but they do not articulate clear norms about other actors' obligations In this book Kathryn Sikkink argues that we cannot truly implement human rights unless we also recognize and practice the corresponding human responsibilities Focusing on five areas climate change voting digital privacy freedom of speech and sexual assault where on the ground primarily university campus initiatives have persuaded people to embrace a close relationship between rights and responsibilities Sikkink argues for the importance of responsibilities to any comprehensive understanding of political ethics and human rights

The Oxford Handbook of Environmental and Natural Resources Law in India Philippe Cullet, Lovleen Bhullar, Sujith Koonan, 2024-07-12 Environmental law is a broad discipline covering issues such as nature conservation the prevention or abatement of pollution and waste management It also encompasses concerns related to natural resources such as forests minerals and fisheries and the balance between their use and conservation India has been at the forefront of jurisprudential developments among countries with similar environmental geographical socio economic and cultural conditions Concurrently the country has been receptive to ideas and principles arising from other parts of the world or from international law The growth of environmental and natural resources law in India has been sustained in equal measure by growing environmental awareness and the increasingly dire nature of the problems associated with the environment and natural resources ranging from local issues to the global climate crisis At the same time the continuous push for development has not abated leading to recurrent pressure to weaken existing standards for environmental protection and the management and use of natural resources *The Oxford Handbook of Environmental and Natural Resources Law in India* offers the most

comprehensive coverage of the diverse and complex discipline of environmental and natural resources law in India over the past fifty years. With forty two contributions from law and non law scholars the Handbook presents diverse perspectives on several areas including biodiversity climate change water forests agriculture health resource extraction and industrial development. By departing from the existing approach that examines natural resources law and environmental law separately The Oxford Handbook of Environmental and Natural Resources Law in India offers a much needed integrated analysis of the development of domestic jurisprudence vis vis the environment and natural resources

**Seven Moralities of Human Resource Management** T. Klikauer, 2014-10-28 Seven Moralities of Human Resource Management analyses morality of HRM from the perspective of American psychologist Laurence Kohlberg. This book examines and makes value judgements on whether or not HRM is moral from the viewpoint of Kohlberg's seven stages of morality as a follow up study of the author's 2012 book Seven Management Moralities

**Batman Saves the Congo** Alexandra Cosima Budabin, Lisa Ann Richey, 2021-06-08 How celebrity strategic partnerships are disrupting humanitarian space. Can a celebrity be a disrupter promoting strategic partnerships to bring new ideas and funding to revitalize the development field or are celebrities just charismatic ambassadors for big business? Examining the role of the rich and famous in development and humanitarianism Batman Saves the Congo argues that celebrities do both and that understanding why and how yields insight into the realities of neoliberal development. In 2010 entertainer Ben Affleck known for his superhero performance as Batman launched the Eastern Congo Initiative to bring a new approach to the region's development. This case study is central to Batman Saves the Congo. Affleck's organization operates with special access diversified funding and significant support of elites within political philanthropic development and humanitarian circuits. This sets it apart from other development organizations. With his convening power Affleck has built partnerships with those inside and outside development staking bipartisan political ground that is neither charity nor aid but good business. Such visible and recognizable celebrity humanitarians are occupying the public domain yet not engaging meaningfully with any public argues Batman Saves the Congo. They are an unruly bunch of new players in development who amplify business solutions. As elite political participants celebrities shape development practices through strategic partnerships that are both an innovative way to raise awareness and funding for neglected causes and a troubling trend of unaccountable elite leadership in North South relations. Batman Saves the Congo helps illuminate the power of celebrity business solutions and the development contexts they create

*UNDP's Engagement with the Private Sector, 1994-2011* Z. Razeq, 2014-08-14 An engaging explanation and unique analysis of the increased involvement of the private sector in one of the world's most influential development organizations the United Nations Development Programme

The Routledge Handbook of Global Ethics Darrel Moellendorf, Heather Widdows, 2015-05-08 Global ethics focuses on the most pressing contemporary ethical issues poverty global trade terrorism torture pollution climate change and the management of scarce resources. It draws on moral and political philosophy political and social science empirical

research and real world policy and activism The Routledge Handbook of Global Ethics is an outstanding reference source to the key topics problems and debates in this exciting subject presenting an authoritative overview of the most significant issues and ideas in global ethics The 31 chapters by a team of international contributors are structured into six key parts normative theory conflict and violence poverty and development economic justice bioethics and health justice environment and climate ethics Covering the theoretical and practical aspects of global ethics as well as policy The Routledge Handbook of Philosophy of Global Ethics provides a benchmark for the study of global ethics to date as well as outlining future developments It will prove an invaluable reference for policy makers and is essential reading for students and researchers in philosophy international relations political science environmental and development studies and human rights law *The Routledge Handbook on Responsibility in International Relations* Hannes Hansen-Magnusson,Antje Vetterlein,2021-07-29 What does responsibility mean in International Relations IR This handbook brings together cutting edge research on the critical debates about responsibility that are currently being undertaken in IR theory This handbook both reflects upon an emerging field based on an engagement in the most crucial theoretical debates and serves as a foundational text by showing how deeply a discussion of responsibility is embedded in broader questions of IR theory and practice Contributions cover the way in which responsibility is theorized across different approaches in IR and relevant neighboring disciplines and demonstrate how responsibility matters in different policy fields of global governance Chapters with an empirical focus zoom in on particular actor constellations of emerging states international organizations political movements or corporations or address how responsibility matters in structuring the politics of global commons such as oceans resources or the Internet Providing a comprehensive overview of IR scholarship on responsibility this accessible and interdisciplinary text will be a valuable resource for scholars and students in many fields including IR international law political theory global ethics science and technology area studies development studies business ethics and environmental and security governance *Business and Human Rights* Dorothée Baumann-Pauly,Justine Nolan,2016-04-28 In a global economy multinational companies often operate in jurisdictions where governments are either unable or unwilling to uphold even the basic human rights of their citizens The expectation that companies respect human rights in their own operations and in their business relationships is now a business reality that corporations need to respond to Business and Human Rights From Principles to Practice is the first comprehensive and interdisciplinary textbook that addresses these issues It examines the regulatory framework that grounds the business and human rights debate and highlights the business and legal challenges faced by companies and stakeholders in improving respect for human rights exploring such topics as the regulatory framework that grounds the business and human rights debate challenges faced by companies and stakeholders in improving human rights industry specific human rights standards current mechanisms to hold corporations to account future challenges for business and human rights With supporting case studies throughout this text provides an overview of current themes in the field and

guidance on practical implementation demonstrating that a thorough understanding of the human rights challenges faced by business is now vital in any business context      Ethical Water Stewardship Ingrid Leman Stefanovic,Zafar Adeel,2020-10-20 This interdisciplinary book brings philosophers and non philosophers to the table to address questions of water ethics specifically in terms of how moral questions inform decision making around water security at local national and international scales Water security which pertains to the experience of assured access to clean water is a broad concept that intersects human rights politics economics law legislation public health trade agriculture and energy Decisions made at each of these intersection points have ramifications for human well being especially for the populations that are marginalized in a societal and political sense In this book the ethical dimensions of decision making at those intersection points are explored and real world examples are used to tease out some key insights It charts how ethical consideration can help shape a future in which everyone will be water secure      *Concise Encyclopedia of Applied Ethics in the Social Sciences* Tuija Takala,Matti Häyry,2024-04-12 Covering a vast array of disciplines this prescient Encyclopedia analyzes the many roles that applied ethics plays in the social sciences Entries scrutinize the various manifestations of ethics across a range of disciplines and subdisciplines such as animal studies criminology and global health
