Just Peacemaking Transforming Initiatives For Justice And Peace:

Just Peacemaking Glen Harold Stassen, 1992-01-01 Believing Christians should direct their energies toward finding a set of criteria and a model for a just peace instead of just war Stassen bases his peace theory on the new reality of our world recent Biblical interpretation and on the experiences of people who lived in the face of oppression and nuclear threat

Just Peacemaking Glen H Stassen, 2008-01-01 Just Peacemaking The New Paradigm for the Ethics of Peace and War is the product of twenty three scholars across various denominations who have collaborated annually since 1992 to specify the ten practical steps and develop the undergirding principles of this critical approach 1 Support nonviolent direct action 2 Take independent initiatives to reduce threat 3 Use cooperative conflict resolution 4 Acknowledge responsibility for conflict and injustice and seek repentance and forgiveness 5 Advanced democracy human rights and religious liberty 6 Foster just and sustainable economic development 7 Work with emerging cooperative forces in the international system 8 Strengthen the United Nations and international efforts for cooperation and human rights 9 Reduce offensive weapons and weapons trade 10 Encourage grassroots peacemaking groups and voluntary associations *Justice and Peace* Thompson, Milburn

J., 2019-06-26 The third edition of this popular classroom text provides thoroughly revised and updated discussions of key topics including ethno nationalist conflict terrorism and poverty and development as J Milburn Thompson masterfully brings a Christian perspective to bear on the world situation With this book he provides an introduction to current obstacles to justice and peace across the globe and encourages Christians to draw upon an informed faith to transform themselves and the world Just Peace Theory Book One Valerie Elverton Dixon, 2012-11-29 In these essays I often refer to social contracts

such as the Declaration of Independence the Constitution of the United States the Universal Declaration of Human Rights and other international conventions that describe a vision of just human relations especially in the area of culture and health care We do not live behind a veil of ignorance where we enter into contemplation of questions of right and wrong without an awareness of our own particularities Moreover we do not always determine what is right based on reason But we do make decisions every day about how we will live within the social contracts that govern our lives Many of us go along to get along with a lets not rock the boat preserve the status quo caution Then there are those of us who use the documents of our social contracts to secure more justice and more peace The purpose is to rock the boat and to disrupt the status quo when it is unjust I understand Christ as a title not as a person It is a designation of an anointing This in my opinion is the anointing of radical love Christ is the human incarnation of divine love We each ought to strive to become this whether or not we are Christian whether or not we are even believers Those of us who are Christians believe that Jesus paid it all There is no more need for blood shed sacrifice Murder is never holy God does not need it or want it Our work now is to become living sacrifices that will redeem this world through justice and peace That is the meaning of these essays From the Introduction

Pacifism's Appeal Jorg Kustermans, Tom Sauer, Dominiek Lootens, Barbara Segaert, 2019-03-13 This volume examines

the possibility or need of a revitalization of pacifism as a world political practice It takes as its point of departure the observation that although just war thinking has long been dominant in Western debates about war and peace recent events have served to temper enthusiasm about the doctrine Pacifism has been much less prominent a stance in recent decades but there is the impression that it may be staging a return Just war thinking has to a large extent failed Outright bellicism remains as undesirable as ever Pacifism presents itself again as a possible alternative Once upon a time the peace movement was popular and pacifism with it Pacifism appealed to people It stirred hearts and minds It inspired political action and institutional designs This volume examines whether pacifism can claim its ground again and how it should be redefined in light of today s world political circumstances

Covenant of Peace Willard M. Swartley, 2006 One would think that peace a term that occurs as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley s *Covenant of Peace* remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message *Covenant of Peace* confronts readers anew with the compelling New Testament witness to peace

Just Politics Ronald J. Sider, 2012-09-01 Evangelicals today probably have more political influence in the United States than at any time in the last century but they might not be certain what to do with it It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal Bestselling author and theologian Ron Sider offers a biblically grounded factually rooted Christian approach to politics that cuts across ideological divides Shaped by a careful study of society this book will guide readers into more thoughtful and effective political activity It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate Practical balanced and nonpartisan this book will be a welcome resource during the 2012 presidential race This is a revised version of what was previously published as *The Scandal of Evangelical Politics*

Dictionary of Scripture and Ethics Joel B. Green, Jacqueline E. Lapsley, Rebekah Miles, Allen Verhey, 2011-11-01 2012 Reference Book of the Year Award Academy of Parish Clergy This one stop reference book on the vital relationship between Scripture and ethics offers needed orientation and perspective for students pastors and scholars Written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation it is the best reference work available on the intersection of these two fields The volume shows how Christian Scripture and Christian ethics are necessarily intertwined and offers up to date treatment of five hundred biblical traditional and contemporary topics ranging from adultery bioethics and Colossians to vegetarianism work and Zephaniah The stellar ecumenical list of contributors

consists of more than two hundred leading scholars from the fields of biblical studies and ethics including Darrell Bock David Gushee Amy Laura Hall Daniel Harrington Dennis Olson Christine Pohl Glen Stassen and Max Stackhouse **Introducing Catholic Social Thought** J. Milburn Thompson, 2015-02-26 Introduces Catholic social teaching of the twenty first century and includes encyclicals of Benedict XVI *Permission to Grieve* Toby D. Castle, 2024-07-22 Being a follower of Jesus in the evangelical community in America is equated to a posture practice and pursuit of triumphalism Followers of Jesus have misunderstood maybe even lost the great value of public and private lament Lament is incongruent with a theology of continual and ongoing triumphalism Yet suffering loss and lament permeate Scripture and the human experience To lament is to cry out to God with our doubts and to bring complaints against God It is a posture and practice of worship and surrender that helps followers of Jesus wrestle engage process and understand loss creating a sacred space for the suffering voice to speak Lament is a practice absent in the church that is recognized and understood as a way of naming grief and suffering of standing and hoping in the midst of ruins In the context of San Francisco the practice and theology of lament in the lives of those who follow Jesus becomes a parody of cultured syllogisms and hyper vanquishing that forms a community frail to moments of liminality anxious in seasons of uncertainty and ill equipped to deal with the obscurities of everyday life

Twentieth-century Shapers of Baptist Social Ethics Larry L. McSwain, William Loyd Allen, 2008 Twentieth Century Shapers of Baptist Social Ethics provides an overview of the major historical framework within which Baptists emerged with significant contributions to Christian social thought and action in the twentieth century This book provides a summary of the life principal ideas writings and most significant contributions of nineteen Baptists since 1900 *Women's Bodies as Battlefield* Susan Brooks Thistlethwaite, 2016-02-05 Christian theology has been complicit in justifying the war on women but it also has resources to help finally declare peace in the war on women War itself has come to resemble the war on women and thus strategies to end the war on women supported by new Christian theological interpretations will also help end today's endless wars **Facing Terrorism** Edward Le Roy Long, 2004-01-01 This brief but judicious reflection by a senior statesman of Christian ethics tackles the political religious and moral dimensions of terrorism James Martha L. Moore-Keish, 2019-09-24 The Letter of James is the focus of the latest commentary in the Belief series In the Letter of James the writer sends encouragement to the early church in the midst of the struggles and strife that marked its early days Theologian Martha L Moore Keish guides the reader through the brief but important letter most known for its discussion of the importance of actions to make a true life of faith The volumes in the Belief series offer a fresh and invigorating approach to all the books of the Bible Building on a wide range of sources from biblical studies and the Christian tradition noted scholars focus less on traditional historical and literary angles in favor of a theologically focused commentary that considers the contemporary relevance of the text **War, Peace and Reconciliation** Weber Theodore R, 2016-10-27 War Peace and Reconciliation invites Christians and their churches into a dialogue regarding how to think about war from a standpoint

rooted in faith It asks how reconciliation which is central to Christian life and doctrine can engage with the realities of war without surrendering its fundamental affirmations Theodore Weber defines these realities politically by discussing the meanings of power peace as a particular organisation of power and the international system The study of war and politics is unavoidable as is engagement with reconciliation because all human activity exists in the context of the gracious work of God to renew and reconcile the fallen creation Weber's inquiry is theocentric and christocentric It culminates in a stirring call to churches to examine all their practices in the light of this perspective
