Justpeace Ethics A Guide To Restorative Justice And Peacebuilding Cascade Companions:

Justpeace Ethics Jarem Sawatsky, 2009-03-26 Too often when people enter into conflict with an eye on how to resolve it manage it or transform it they lose sight of the people involved and the desired end Too often justice and peace serve as an ideal or some distant shore We have not yet learned enough about how these ends can also be the means of restorative justice and peacebuilding Drawing on the imaginations of some leading peace and restorative justice practitioners this book identifies components of a justpeace imagination This imagination is the basis of justpeace ethics where the end goal is touched with each step This simple little book is designed to help those struggling with how to respond to conflict and violence in an ethical and transformative way It offers practical examples of how analysis intervention and evaluation of peacebuilding and restorative justice can be rooted in imagination of justpeace ethics **Justpeace Ethics** Jarem

Sawatsky, 2009-01-01 People too often enter into conflict with an eye on how to resolve manage or transform it thereby losing sight of the people involved and the end desired Justice and peace too often serve as abstract ideals or distant shores We have not yet learned enough about how these ends can also be the means of conflict resolution Drawing on the imaginations of some leading peace and restorative justice practitioners Justpeace Ethics identifies components of a justpeace imagination the basis of an alternative ethics where the end is touched with each step In this simple companion to justpeace ethics Jarem Sawatsky helps those struggling with how to respond to conflict and violence in both just and peaceful ways He offers practical examples of how analysis intervention and evaluation can be rooted in a justpeace imagination *Christianity and Politics* C. C. Pecknold, 2010-08-06 It is not simply for rhetorical flourish that politicians so regularly invoke God's blessings on the country It is because the relatively new form of power we call the nation state arose out of a Western political imagination steeped in Christianity In this brief guide to the history of Christianity and politics Pecknold shows how early Christianity reshaped the Western political imagination with its new theological claims about eschatological time participation and communion with God and neighbor The ancient view of the Church as the mystical body of Christ is singled out in particular as the author traces shifts in its use and meaning throughout the early medieval and modern periods shifts in how we understand the nature of the person community and the moral conscience that would give birth to a new relationship between Christianity and politics While we have many accounts of this narrative from either political or ecclesiastical history we have few that avoid the artificial separation of the two This book fills that gap and presents a readable concise and thought provoking introduction to what is at stake in the contentious relationship between Christianity and politics Justiça restaurativa e(m) conflitos étnico-raciais Nirson Medeiros da Silva Neto, 2022-01-18 Este livro interpela a compreensão da justiça restaurativa enquanto mera tecnologia social de resolução de conflitos produzindo um realinhamento da prática restaurativa em direção às lutas e movimentos voltados para a promoção da justiça social étnico racial e socioambiental o que demanda o tratamento de traumas históricos e intergeracionais sofridos pela população negra no Brasil

Trata-se de um entendimento da justiça restaurativa que busca a transformação de padrões conflitivos assentados em violências estruturais institucionais culturais e históricas. Partindo do estudo de caso do conflituoso processo de identificação como quilombo da comunidade de Patos do Ituí no município de Santarém estado do Pará o autor descreve de forma pormenorizada as lutas por reconhecimento e direitos das comunidades remanescentes de quilombos no Brasil os limites e possibilidades da conformação social de identidades étnico raciais de moradores de comunidades rurais de ancestralidades negras em torno da categoria quilombola assim como as concepções e procedimentos utilizados na aplicação da justiça restaurativa em Patos do Ituí com vistas a estimular o fortalecimento da autonomia e da autodeterminação dos moradores da comunidade face a um conflito identitário. O livro também aborda os obstáculos enfrentados na consecução desta atividade e seus principais resultados que levaram a discutir o significado da justiça restaurativa para os quilombos na Amazônia brasileira.

Just Peace Fernando Enns, Annette Mosher, 2013-09-17 Christian theology and ethics have wrestled with the challenge to apply Jesus's central message of nonviolence to the injustices of this world Is it not right to defend the persecuted by using violence Is it unjust if the oppressed defend themselves if necessary by the use of violence in order to liberate themselves and to create a more just society Can we leave the doctrine of the just war behind and shift all our attention toward the way of a just peace In 2011 the World Council of Churches brought to a close the Decade to Overcome Violence to which the churches committed themselves at the beginning of the century Just peace has evolved as the new ecumenical paradigm for contemporary Christian ethics Just peace signals a realistic vision of holistic peace with justice which in the concept of shalom is central in the Hebrew Bible as well as in the gospel message of the New Testament This paradigm needs further elaboration VU University gathered peacebuilding practitioners and experts from different parts of the world Africa Latin America North America Asia and Europe and from different disciplines anthropology psychology social sciences law and theology voices from across generations and Christian traditions to promote discussion about the different dimensions of building peace with justice
