**The Campus Rape Frenzy** KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and

feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation s universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination      Blacks in White Colleges George Lynn Cross,2014-03-24 When George Lynn Cross arrived to teach botany at the University of Oklahoma in the summer of 1934 racial segregation was so strong in Norman that no African American dared remain within the city limits after sundown Almost ten years later when Cross became president of the university the full extent of Oklahoma s segregation laws came sharply into focus This book is President Cross s story of the events leading to the desegregation of the University of Oklahoma in 1948 with the admission of George W McLaurin to the Graduate School of Education Earlier a young black woman Ada Lois Sipuel Fisher had applied to the OU School of Law and been denied admission because of her race With the help of attorneys from the NAACP she took her case to the U S Supreme Court The High Court equivocated and a separate but equal law school was hastily established in Oklahoma City as a branch of all black Langston University It was not until three years later and then only after the intervention of President Cross who personally overrode the law s delay that Ms Fisher was able to study at the University of Oklahoma from which she later graduated with honors Cross places these momentous events in historical context The story of desegregation at the University of Oklahoma a landmark in the continuing struggle for racial equality in the United States makes for an engrossing book      *The State of Developmental Education* T. Parker,M. Barrett,Leticia Tomas Bustillos,2014-12-17 The State of Developmental Education is the first book to provide a thorough comparative picture of how developmental education is carried out at higher education institutions and investigate how different state level policies and priorities change the availability types and quality of developmental education available      **Between Mission and Market** Daniel Rosenberg,2017-04-26 Between Mission and Market The Freshman Year in a Corporate Age focuses on the arrival of college freshmen at the moment of the transformation it uses Adelphi University in suburban New York City to study an attempt to resolve first year difficulties As higher education institutions turn into enterprises run on business models the pressures of getting into college including the taking of the SAT and ACT have induced stress addictions eating disorders drug use and mental problems However special programs to ease the first year transition through counseling and support are run as cheaply as possible This book confronts some of the cardinal controversies in higher education particularly those affecting first year students high stakes testing in general particularly the SAT the intensification of student debt and the financial sentence imposed upon all who incur it and the

dramatic pressures placed upon freshmen as they transition to college      *Yale Law Journal: Symposium - The Meaning of the Civil Rights Revolution (Volume 123, Number 8 - June 2014)* Yale Law Journal, 2014-06-28 Symposium The Meaning of the Civil Rights Revolution is in effect a new and extensive book of contemporary thought on civil rights by many of today's leading writers on the Constitution In February 2014 the Yale Law Journal held a symposium at Yale Law School marking the fiftieth anniversary of the Civil Rights Act of 1964 and the simultaneous publication of Bruce Ackerman's *We the People: The Civil Rights Revolution* 2014 Contributors essays reflected on the origins or status of the American civil rights project using Ackerman's book as a focal point or a foil Those essays are collected as the June 2014 issue the final issue of the academic year The contents are *We the People* Each and Every One Randy E Barnett Reactionary Rhetoric and Liberal Legal Academia Justin Driver Popular Sovereignty and the United States Constitution Tensions in the Ackermanian Program Sanford Levinson The Neo Hamiltonian Temptation David A Strauss The Civil Rights Canon Above and Below Tomiko Brown Nagin Changing the Wind Notes Toward a Demosprudence of Law and Social Movements Lani Guinier Gerald Torres Protecting Civil Rights in the Shadows David A Super Universalism and Civil Rights with Notes on Voting Rights After Shelby Samuel R Bagenstos Separate Spheres Cary Franklin Ackerman's Civil Rights Revolution and Modern American Racial Politics Rogers M Smith Rethinking Rights After the Second Reconstruction Richard Thompson Ford A Revolution at War with Itself Preserving Employment Preferences from Weber to Ricci Sophia Z Lee Have We Moved Beyond the Civil Rights Revolution John D Skrentny Equal Protection in the Key of Respect Deborah Hellman Ackerman's Brown Randall L Kennedy The Anti Humiliation Principle and Same Sex Marriage Kenji Yoshino De Schooling Constitutional Law Bruce Ackerman The issue the eighth and final one of Volume 123 also includes a cumulative Index to the entire volume's titles and authors As with previous digital editions of Yale Law Journal available from Quid Pro Books features include active Tables of Contents including links in each Essay's own table linked footnotes and URLs and proper ebook and Bluebook formatting
