Jungle Warfare Experiences And Encounters:

Jungle Warfare John Cross, 2008-02-21 The physical conditions of jungle warfare and the closeness of contact with the enemy pose unique problems and call for special soldiering skills Colonel John Cross a life long Gurkha officer has an unrivalled knowledge of this demanding warfare and uses it to best advantage in this instructive yet personal account of techniques and experiences He uses examples from British and Japanese sides in the Second World War and goes on to demonstrate how tactics and strategy developed in the Malay Borneo and Indo China theatres thereafter He laces his work with vivid recollections and assessments of friend and foe along with entertaining anecdotes from a wide range of sources This excellent book offers a perfect blend of factual military history and personal recollection and the reader gains a unique insight into this most challenging form of warfare

Jungle Warfare J. P. Cross, 2008 This firsthand account of jungle warfare was written by a top military expert on the subject who draws from his own experiences fighting in Southeast Asia A former officer in the Gurkha regiment of the British army with unrivalled knowledge of jungle fighting techniques Cross cites examples from both the British and Japanese sides during World War II and goes on to demonstrate how tactics and strategy evolved in later campaigns in the Malay Borneo Indo China and Vietnam theaters First published in hardcover in 1989 and out of print for years the book is now available for the first time in paperback

The Jungle, Japanese and the British Commonwealth Armies at War, 1941-45 Tim Moreman, 2013-04-15 This book focuses on the British Commonwealth armies during the Second World War which following the disastrous Malayan and Burma campaigns had to hurriedly reorganize their troops to fight the Japanese

Confrontation, Strategy and War Termination Christopher Tuck, 2016-05-23 At the heart of this book is the problem of war termination Britain won an almost unbroken string of tactical military victories during an undeclared war against the Republic of Indonesia in the 1960s yet it proved difficult to translate this into strategic success Using conflict termination theories this book argues that British strategy during Confrontation was both exemplary and flawed both of which need not be mutually exclusive The British experience in Indonesia represents an illuminating case study of the difficulties associated with strategy and the successful termination of conflicts The value of this book lies in two areas as a contribution to the literature on British counter insurgency operations and as a contribution to the debates on the problems of war termination in the context of strategic thought

Post-war Counterinsurgency and the SAS, 1945-1952 Tim Jones, 2012-12-06 This work details the state of British counterinsurgency knowledge by 1945 and shows how wartime special forces and unconventional warfare affected many postwar counterinsurgencies The vital role of the Special Air Service SAS is revealed here for the first time

Warfare and Tracking in Africa, 1952-1990 Timothy J Stapleton, 2015-10-06 During the decolonization wars in East and Southern Africa tracking became increasingly valuable as a military tactic Drawing on archival research and interviews Stapleton presents a comparative study of the role of tracking in insurgency and counter insurgency across Kenya Zimbabwe and Namibia

Death Waits in the Dark Roy

Jumper,2001-08-30 The Senoi Praaq is a Malaysian special forces unit originally created in 1956 by the British colonial authorities to fight communism during the Malayan Emergency The term Senoi Praaq which roughly translates as war people stems from the Semai language and is the basis of a colorful legend in Malaysia The unit is largely comprised of non Malay tribal peoples known collectively as the Orang Asli of Peninsular Malaysia Jumper details Senoi Praaq inception as a private army and its subsequent development into an affiliate of the Royal Malaysian Police RMP in this fast paced and often graphic account of irregular warfare as it applies to counterinsurgency The unit began as a creature of British Military Intelligence and fought in the deep jungle as Special Air Service SAS prot g s eventually replacing the latter upon Malaysian independence from Great Britain They then served as mercenaries employed by the United States Central Intelligence Agency in Vietnam and later fought on Borneo during Malaysia s own undeclared war with Indonesia Today the unit remains under arms and heads up a large paramilitary apparatus maintained in conjunction with conventional military forces Malaysia s capacity to project force throughout South East Asia should not be underestimated Jumper warns The Senoi Praaq is a unique fighting force upon which Malaysia may rely to preserve her sovereignty *Georges River Blues* Heather

Goodall,2022-02-02 The lower Georges River on Dharawal and Dharug lands was a place of fishing grounds swimming holes and picnics in the early twentieth century But this all changed after World War II when rapidly expanding industry and increasing population fell heaviest on this river polluting its waters and destroying its bush Local people campaigned to defend their river They battled municipal councils who were themselves struggling against an explosion of garbage as population and economy changed In these blues an Australian term for conflict it was mangroves and swamps that became the focus of the fight Mangroves were expanding because of increasing pollution and early climate change Councils wanted to solve their garbage problems by bulldozing mangroves and bushland dumping garbage and eventually building playing fields So they attacked mangroves as useless swamps that harboured disease Residents defended mangroves by mobilising ecological science to show that these plants nurtured immature fish and protected the river s health These suburban resident action campaigns have been ignored by histories of the Australian environmental movement which have instead focused on campaigns to save distant wilderness or inner city built environments The Georges River environmental conflicts may have been less theatrical but they were fought out just as bitterly And local Georges River campaigners men women and often children were just as tenacious They struggled to keep bushland in our suburbs laying the foundation for today s widespread urban environmental consciousness Cover Ruth Staples was a courageous Georges River campaigner who lived all her life around Lime Kiln Bay at Oatley West She kept on fighting to regenerate the river until her death aged 90 in 2020

Malaya's Secret Police 1945-60 Leon Comber,2008 The Malayan Emergency lasted from 1948 to 1960 During these tumultuous years following so soon after the Japanese surrender at the end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya's determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police's Special Branch the government's supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malaya's recent history as well as counter guerrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world

Confrontation Nicholas van der Bijl,2014-05-19 For over four years in the Swinging Sixties the armed forces of the UK were engaged in a little publicized but crucial jungle war against communist aggressive on the vast island of Borneo At any one time up to 50 000 troops half of the Army's strength today were deployed along a 1 000 mile front Their enemy were the communist led Indonesians whose leaders were determined to seize the states of Sarawak Sabah and the oil rich Brunei all of whom for their part wished to maintain their Commonwealth links The catalyst for the war was the 1962 uprising in Brunei which was quickly crushed by the bold intervention of British army units The arrival of Major General Walter Walker himself a controversial figure gave the subsequent campaign a clear direction Indonesian incursions were rigorously defended and ruthlessly pursued Top Secret Claret operations took the fight to the enemy with cross border operations initially using Special Forces and later with Chindit style long range patrols The outcome was a text book military victory thus avoiding a British Vietnam debacle

A Face Like a Chicken's Backside J P Cross,2024-12-30 In almost forty years in Asia without a home posting British officer

John Cross spent ten of them under the jungle canopy. He amassed a wealth of experience fighting against Communist Revolutionary Warfare and training others to do so. As a result, he was called upon to work in many formidable situations and twice found himself on an army short list of one for difficult tasks. Cross focuses on five stages in his extraordinary army career. He spent eight years as a company commander with the Gurkhas in Malaya fighting jungle operations against the communists. After that, he took part in the attempt to end twenty years of guerrilla domination over the aborigines in north Malaya and secured the territory between Thailand and the aboriginal population that had been occupied and used by the guerrillas. As commander of the Sarawak and Sabah Border Scouts in Borneo, Cross was constantly on the move. At one point in this hectic period in his service, he narrowly escaped having his head cut off by an angry tribesman. He then commanded the Gurkha Independent Parachute Company, which had to operate like paras, SAS men, and conventional soldiers during the latter part of the Indonesian Confrontation with Malaya. Finally, Cross was the last commander of the British Army's Jungle Warfare School, which trained officers and men from five continents, including American trackers, who, as a result, had the price on their heads doubled in Vietnam. After the closure of the Jungle Warfare School, John Cross was asked to work in both the Royal Thai Army and the Army of the Republic of Vietnam. Instead, he became defense attaché in Laos. This fascinating book provides vivid insight into the realities of jungle warfare by one of its most experienced practitioners.

SAS: The First Secret Wars Tim Jones, 2005-04-22. The covert clandestine operations of the Special Air Service SAS regiment from the jungles of Malaya, Borneo, and Brunei to the deserts and mountains of the Middle East and Afghanistan have always been the focus of intense fascination, stoked by the regiment's closed organization and secretive activities. However, no period of activity has remained more secret than the vital years in the immediate aftermath of World War II, when the regiment seemingly expired only to rise miraculously from the dead to fight communism in the Malaya Emergency. Tim Jones' fascinating history pieces together the evidence to show that while the Malaya Emergency re-established the SAS as a unique source of counter-guerrilla expertise, the regiment was not disbanded in 1945 and was in fact covertly involved in the Greek Civil War of 1945-49, a war unmatched in savagery until the Bosnian conflict in the 1990s. Revealing important operational secrets and shedding new light on post-war history, this book will be essential reading for enthusiasts of military history and those interested in the world of intelligence.

Sepoys against the Rising Sun Kaushik Roy, 2016-02-15. During the Second World War, the Imperial Japanese Army (IJA) suffered one of its greatest defeats in Burma. Both in Malaya and Burma, the bulk of the British Commonwealth forces comprised Indian units. Few people know that by 1944, about 70 percent of the Allied ground personnel in Burma was composed of soldiers of the Indian Army. The Indian Army comprised British-led Indian units, British-officered units of the Indian princely states, and the British units attached to the Government of India. Based on the archival materials collected from India and the United Kingdom, *Sepoys against the Rising Sun* assesses the combat military battlefield effectiveness of the Indian Army against the IJA during World War II. The volume is focussed on the tactical

innovations and organizational adaptations which enabled the sepoys to overcome the Japanese in the trying terrain of Burma
