OUR ATHLETES NEED IMPROVED CARE

A one week sports medicine course sponsored by the Nigerian international Olympic committee medical commission ended on Monday at the National stadium in Lagos. The guest of honour, Alhaji Musa Halliru, called on all the participants to disseminate their _____1_____, as widely as possible-especially among sports players.

Sixty five participants from many of Nigeria attended the course. Alhaji Halliru said that the lack of a scientific approach to sports had hindered the development of Nigeria's _____2_____. It was therefore very important that the medical workers taking part in the course should pass on what they had learned to athletes and sports players. He also urged them to impart their knowledge about sports medicine to sports administrators.

In addition, he pointed out that the use of simple sports _____3_____ should be encouraged in order to improve training. According to the course co-ordinator, Dr. E.A. Akinrade, the course covered a number of different _____4_____, including sports

OUR BREAK TIME

Teachers play the most important role in the lives of children. They are their mentors who guide them through toughest times, help solve their problems and prepare them for the competitive world by bringing out the best in them. I wish you a happy summer. Eat fresh juice and have a great summer. Finally the holiday is here. I hope you will have a great time with your family.

OUR TEACHERS

Teaching kids to count is fine, but teaching kids what counts is best" – Bob Talbert

As teachers, we have a lot on our shoulders, and yes, that does mean literally teaching kids their ABCs and their 123s. However, the love and kindness, and compassion we show in the classroom everyday is going a long way too! It helps our students see the kind of people they can grow up to be!

Ransom, 2018-11-23. *Intersectional Care for Black Boys in an Alternative School* is an exploration of the possibilities that exist within educational spaces for Black male students when teachers care for these students while also acknowledging the intersectionality of Black male identity and the potential oppression and resilience that they experience as the result. Through examples from adolescent Black males and their teacher in an urban alternative school, for those pushed out of traditional

high school settings ways that teachers can embody and enact intersectional care are revealed This book explores the importance of the ethic of care in teacher student relationships for young Black men and the influence of identity constructions that produce positive and negative educational experiences of Black boys who are outside of traditional schooling The voices of the young Black men are centered in this story as they describe experiences of marginalization in traditional high schools prior to attending their alternative school which for them was a caring space Cultivating positive environments and student teacher relationships with intersectional care represent important strategies to engage young Black men in education
