He Came First Rod Parsley, 2008-07-13 Ask any person to name the first man to walk on the moon and most can tell you it was Neil Armstrong And almost anyone could tell you Charles Lindbergh made the first solo transatlantic flight Few would know that Sir Edmund Hillary and Tenzing Norgay first successfully scaled Mt Everest but our admiration is no less because we don't remember their names As a society we reward and respect firsts and the courageous men and women who achieve them Rod Parsley calls these individuals breakers Breakers look at barriers as merely building blocks to further feats of achievement Parsley writes They refuse to take life at face value believing that greatness lies beyond the next barrier With fierce determination and fearless courage they break through what others believed was impenetrable Parsley contends that God is raising a modern generation of breakers to achieve His purposes We have the perfect model in Jesus Christ the First of all firsts who shattered the barrier between divinity and humanity proving Himself to be the Breaker who goes before us Through Scripture and insight Rod Parsley passionately urges Christians to break out in obedience and become modern day Samsons Deborahs Esthers and Stephens

to teach the knowledge of God What did we accomplish with the separate teachings of religion and the study of science throughout the ages Did they help each other during the last seven thousand years Today is there unity or an entanglement between them Is God the source of all scientific and religious order in the world Can science answer the questions of religion or rather can religion attempt to answer scientific questions Do the Holy Scriptures and scientific inquiries provide all the answers to our questions Is there a relationship between religion and science Do religion and science complement each other and if not why is that The questions listed above are only some of them No answers are yet being provided What about the involvement of mind work to explain the relationship between faith and reason Humanity likes to see science and religion united and working together to provide credible answers After all in the beginning they were for the works of God on this earth and in the universe The astonishing days of the Creator are approaching steadily slowly day by day We long for answers with our conscious hearts so that we can gain presence with the Divine Light It is presentation time The nineteenth century Scottish Catholic scientist the great physicist since Isaac Newton a professor at the University of Cambridge James Clark Maxwell who wrote his first scientific paper at the age of fourteen and died at the early age of forty eight declared scientifically that the universe is continuously surged with electromagnetic waves Their speed of travel is the same as the speed of light His proven theoretical equations were revealed for the first time in the world and showed that electricity magnetism light is one and the same manifestation in the material universe Upon his death he was not buried in Westminster Abbey like Isaac Newton was but he had not minded it at all not even a bit He said The works of the Lord are great Sort out all of them that have pleasure therein Happy is the man who sees that science and religion are one and the same According to the great scientist Max Planck a man who does serious scientific work knows that over the doors of the Temple of Science you must have faith Creator God is the source of all order in the universe He is exact look around and see There is a field in and around the universe surrounding His creation It is the heartfelt wish of this scribe that humanity shall see it one day and then never lose the investigative desires of their hearts and minds Faith and reason of religion and science are one and the same in the eyes of God They come from the same creative force of His One day in the near future they will be united and presented on earth as one That is the way it is above and so it will be the fact on earth below This is the Divine Plan of the Divine Lawgiver the Omnipotent Omnipresent and Omniscient God Almighty So Much More Todd Hudson, 2014 The normal Christian life should be anything but normal it should be supernatural one in which the living God expresses His very life in us and through us With So Much More Pastor Todd Hudson challenges all believers to embrace the supernatural power of God as a lifestyle Todd is no stranger to his message His own life has been supernaturally wrecked he says by the Holy Spirit When God called him to resign from the 4 000 member evangelical megachurch he led for nine years and plant a Spirit filled church he began a new ministry of calling believers to live in resurrection power today not someday in the future If you know deep inside that there must be so much more to the Christian life then Todd will help you discover how to

Nourishment for the Spiritual Pilgrimage Vernon T. Jones, 2017-02-16 In the morning while it was still very dark he got up and went out to a deserted place and there he prayed Mark 1:35 Jesus taught by his words and actions He went by himself to pray when he was tired when faced with upcoming trying events or when he just wanted to be alone in the presence of his Lord He gave us guidance about what to pray how to pray and why to pray and was very familiar with the Hebrew Scriptures Thus if we want to become Jesus' disciple we should follow his model and invest time and emotional energy into prayer Bible study and reflection *Nourishment For The Spiritual Pilgrimage* provides an aid for those who want to participate in the spiritual pilgrimage of becoming a lifelong disciple of Jesus Christ It offers insight and support for those who daily want to turn their hearts souls and minds to God's will in their lives as they strive to help in bringing about God's kingdom in this present time There are countless other devotionals but hopefully this can offer something that many of the others may not a specific focus on the concept of discipleship
