Barr, John M. Eversole, 2003 Continues a 71 year tradition of publishing the definitive guide for advanced fire service training Full-Contact Leadership Edward Flood, Anthony Avillo, 2017-07-17

Full Contact Leadership is written for men and women who hold leadership positions or aspire to leadership roles in the fire service. There are many leadership positions in the fire service but not all of them are held by leaders. Leadership has very little to do with the color of your helmet, the bling on your collar, the stripes on your sleeve, the title on your door, the order of march, or the crease in your pants. Full contact leadership is a commitment to drawing out the very best within others and allowing the very best in others to be expressed as excellence. Full contact leadership is a career-long, ever-challenging, never-ending, self-initiated, self-sustained personal research, development, and improvement program. Full contact leadership is never about you; it's always about them. In *Full Contact Leadership*, Chiefs Flood and Avillo examine what makes a leader and more importantly, what makes a leader effective in today's fire service. This text discusses the various types of leaders, how they communicate, discipline, delegate, motivate, and set expectations for the people they lead. Flood and Avillo also take a hard look at what hinders or blocks effective leadership and what steps to take to foster and instill leadership in your department.

*Firefighter's Handbook*, 2004. Contains an illustrated guide to firefighting and includes information on hazardous materials, terrorism, and the requirements for passing the Firefighter I and II and complies with the 2002 standards for firefighting professionals. **From the Ground Up** James Ghi, 2018-11-12. *From the Ground Up* describes the journey of James Ghi fulfilling his childhood dream of becoming a firefighter. As a premature infant, James was not expected to survive. As a child, he was underweight, was bullied in school, survived the wrath of an abusive father and stepfather, but managed to meet the rigors required to become a firefighter. At each stage of his life, he had to adjust to many circumstances, building himself from the ground up. In June 2007, the Charleston Fire Department, South Carolina, suffered the largest loss of life since the events on 9/11 when nine firefighters perished battling a fire at the Sofa Super Store. James had read the various reports written after the fire, recognizing the need for better training in Charleston. His successful career with Fairfax County Fire and Rescue gave him the necessary skills, education, and confidence to apply for and accept the position of Chief of Training for the City of Charleston Fire Department. Little did he know, his efforts to bring the Charleston Fire Department to nationally recognized training standards would be resisted at all levels and never imagined the efforts Charleston personnel would take to discredit him. Even with the resistance, James was able to bring the Charleston Fire Department training to nationally recognized standards and meet many of the mandates in the various reports building it. *From the Ground Up*.
