Japan Encyclopedia Louis-Frédéric,2002 Knowing Japan and the Japanese better Louis Fr d ric states in the introduction to this encyclopedia is one of the necessities of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge electronics and innovative management techniques To go beyond these clich s we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country s evolution through more than two millennia of history This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization from the dawn of its prehistory to today providing clear and accessible information on society and institutions commerce and industry sciences sports and politics with particular emphasis on religion material culture and the arts The volume is enhanced by maps and illustrations along with a detailed chronology of more than 2 000 years of Japanese history and a comprehensive bibliography Cross references and an index help the reader

trace themes from one article to the next Japan Encyclopedia will be an indispensable one volume reference for students scholars travelers journalists and anyone who wishes to learn more about the past and present of this great world civilization

Flower Arrangement Ranjana Tulsyan, 2009-11-01 A beautiful arrangement rejuvenates the heart and brings about a transformation in the home It occupies very little space and wins appreciation of all With this book harness the skill of free style ikebana and novel flower arranging Special sections on permanent and florist s flowers have been included There are numerous innovative ideas which have been combined interestingly All the designs are illustrated by a photograph and step by step instructions to follow Common varieties of flowers and foliage are used as they are popularly grown in almost every home garden The idea is to create an exquisite display by using only a few flowers and foliage Practice ikebana as it is an involvement almost meditative Indeed it is a diversion in solitude that relieves tension and is a delightful and rewarding experience
