Ideology and utopia ; an introduction to the sociology of knowledge. With a preface by Louis Wirth Karl Mannheim,1968 Ideology and Utopia. An Introduction to the Sociology of Knowledge. (Transl. from the German by Louis Wirth, Edward Shils). Pref. by Louis Wirth. (Repr.). Karl Mannheim,1979 Ideology and Utopia Karl Mannheim,1964 **Ideology and Utopia** Karl Mannheim,1991 *Karl Mannheim and the Contemporary Sociology of Knowledge* Brian Longhurst,1989-01-16 **Towards the Sociology of Knowledge (RLE Social Theory)** Gunter Werner Remmling,2022-03-23

The sociology of knowledge is an area of social scientific investigation with major emphasis on the relations between social life and intellectual activity It is now an area central to most graduate and undergraduate courses in sociology The present collection of readings explains the origins systematic development present state and possible future direction of the discipline The major statements in the field were developed early in the twentieth century by Durkheim Scheler and Mannheim but the sociology of knowledge continues to engage the theoretical and empirical interests of contemporary sociologists who desire to penetrate the surface level of social existence This book with its carefully selected contributions and an introduction which relates the selections to the developmental pattern of the discipline provides guidance and insight for the reader concerned with the topical issues raised by sociologists of knowledge

From Karl Mannheim Kurt H. Wolff,2017-07-05 Karl Mannheim s thought cuts across much of twentieth century sociology politics history philosophy and psychology This enlarged anthology convincingly demonstrates his centrality to present day interpretive social and political theory The posthumous publication of *Structures of Thinking* and the full text of *Conservatism* have made *From Karl Mannheim* more relevant than ever This volume demonstrates Mannheim s self awareness and self critical rhetoric his sensitivity to cultural contexts his experimental approach to systems of ideology his recognition of multiple modes of knowing and other features of his unfinished theorizing There is a strong affinity between Mannheim and contemporary interest in problems of cultural interpretation New sensitivity to the issue of relativism in both social and cultural studies also depends heavily on Mannheim The recent demise of communism in Eastern Europe and Russia has focused attention once more on relations between intellectuals in politics and Mannheim is arguably the most influential thinker who placed this relationship at the center of informed discussion The range and variety of the articles in this volume reveal him once again as a formidable experimental and innovative thinker This expanded edition includes Mannheim s brilliant essay *The Problem of Generations* In a new substantial introduction Volker Meja and David Kettler analyze

previously unpublished writings by Mannheim From Karl Mannheim is essential reading for social and political theorists as well as for psychologists As Emory S Bogardus noted Mannheim s life work is seen as an important far reaching and thoughtful complement to the work of sociologists who concentrate their research in terms of behavioral science

Ideologie und Utopie. Ideology and Utopia. An Introduction to the Sociology of Knowledge ... With a Preface by Louis Wirth. (Translated by L. Wirth and Edward Shils.) Consisting of "Ideologie und Utopie" and Two Essays. Karl

Mannheim,Edward Albert SHILS,Louis WIRTH,1936 *Discourse and Knowledge* Teun A. van Dijk,2014-07-17 Both discourse and knowledge are fundamental concepts but they are often treated separately The first book to adopt a multidisciplinary approach to studying the relationship between these concepts *Discourse and Knowledge* introduces the new field of epistemic discourse analysis and uses a wide range of examples to illustrate the theory **Between Zionism and Judaism** Shalom Ratzabi,2021-10-25 This work provides a vivid picture of the dichotomy between the ideology preached by the radical circle of the Brith Shalom Society and the nationalism of early twentieth century Palestine Many considered the Brith Shalom Society representative of the spiritual trend of Zionism This important book examines the aspirations and cultural sources of these men from Central Europe who met in Palestine as members of the Brith Shalom Society during the first half of the twentieth century in the context of the political reality of a pre independent Palestine and the new state of Israel The fact that this circle included well known personalities such as Samuel Hugu Bergmann Gershom Scholem Erenst Simon Hans Kohn and ecumenists such as Martin Buber and Judah L Magnes none of whom was a politician in the ordinary sense makes this study all the more fascinating and compelling
