

AIMS OF THE 2023 CAT

The 2023 Common Assessment Task will require you to explore the world of consumerism and to reflect on your own attitudes towards this, almost unavoidable, way of living. You will also be exposed to the greater negative impact of our consumeristic society and be asked to analyse, reflect on, and suggest a way forward. Question 4 will require you to research a problematic area in industry of your own choosing and then to thoroughly discuss a viable intervention strategy.

The aim of the CAT is to challenge you to:

1. Critically evaluate different sources and contexts to determine your ethical stance and identify areas of concern. Your educator will assist you with this process.
2. Realise the importance of questioning your lifestyle choices in the aims of understanding the degree to which your choices, actions and behaviours are ethical, responsible, and emotionally healthy.
3. Gain an understanding of the changes that are necessary for our society to become healthier. Ignoring the issues that are being caused by our consumeristic lifestyle will be detrimental to our global environment and to our people.
4. Understand that we are not entirely powerless in this path – but change can only take place through collaborative action – communities, industry, civil society, and the government must work together to bring about positive change.
5. Actively engage with the resources and questions to ensure that you have gained the necessary skills to suggest a sincere and effective plan of action in Question 4. This will encourage you to consider what impact you are able to make in this world and how you can action this.

Please note that a glossary of terms has been included at the end of this document. The words have been placed in order of source. Please utilise this resource, should you not understand the meaning of any words to ensure a full and proper grasp of the nuance and sentiments of the authors.

***Please note that the sources that follow in this document present perspectives and opinions of authors and journalists that aim to inform but may not necessarily offer alternative perspectives. You are encouraged to consider these alternative perspectives and then draw your own conclusion, provided you are able to justify these conclusions.*

NB: ASSESSMENT REQUIREMENTS

Question 3 (20 marks) and 4 (60 marks) are compulsory questions for assessment.

Please work through Question 1 and Question 2 with your classmates and educator and take careful note of the comments and observations made. These will give you insight into the multiple perspectives of each contextual source that you may not have previously considered. This will aid you in providing quality responses in the CAT A and B.

Regarding your responses in both CAT A and CAT B – please ensure that you provide sufficient detail in your answers. You are required to think deeply about each question and to ensure that your opinions and thoughts are supported by valid reasoning.
