The Prayer of Silence PhD Bruce Fraser MacDonald, 2011-11 The Prayer of Silence has several aims 1 to teach basic relaxation and concentration methods based on bodily awareness 2 to develop an awareness of the Divine Presence 3 to overcome emotional and personality blocks to develop a sense of personal wholeness 4 to develop an awareness of what the author drawing on a near death experience in 1966 calls the Watcher aspect of consciousness that speeds the development of spiritual perception of inner Love Peace and Joy 5 to transform the ego from attachment to material and emotional limits to a spiritual Ego that is one with the Atman or Spirit and to extend that spiritual awareness to the world and other people 6 to be able to deal with the conflicts and potential arising from the memory of past lives 7 to be able to find a Spiritual Guide in the inner person 8 to be able to deal with the inevitable dry periods in spiritual practice 9 to experience Nirvana where all lower attachments are blown out and 10 to achieve Divine Union where the Ego and God are One where Atman experiences itself as one with Brahman where one can say with Jesus I and the Father are One There is also a very good chapter on mantras so the student can learn about their nature and use although the Prayer of Silence uses a different more direct form of focus to achieve concentration and inner awareness Dr MacDonald has also remembered and worked with many of his own past lives so he is a reliable guide to others who are going through that process The author is a master teacher and the book presents its material in a steadily more complex form laying the necessary foundations before proceeding to the higher levels of learning There is a combination of theory and practical exercises so the learner can develop meditation skills gradually but with confidence building from one stage to the next to achieve mastery of the subject The writing is clear and concise and easy to understand In order to explain the often difficult ideas associated with meditation and spiritual growth Dr MacDonald draws on the language ideas and practice of Christian Hindu Jewish and Buddhist traditions to clarify ideas from different angles He also draws on relevant scientific studies of human consciousness to help make the ideas and aims of this Prayer of Silence clear to the

Dueck, 2018-11-30 Every generation must wrestle with the interpretation and practice of the miraculous Our health fails accidents happen and disappointment over mind and bodies that are weak can become a crushing disappointment Into any health decline the Christian is challenged to do something through the ancient teaching of Holy Scripture Is anyone among you sick Let them call the elders of the church to pray over him and anoint him with oil in the name of the Lord the prayer of a righteous person is powerful and effective James 5:14-16 NIV Lorna Dueck and Dr Nell DeBoer have sat at the cross section of hope and faith in their unique roles as journalist and hospital chaplain In their combined work of *For Your Health: A Look into God's Methods for Healing* they document what happens when people put the mystery of God's obedience to pray for healing and broken health into spiritual practice Through a well selected collection of ailments and healings that are true and diverse this book explores encounters with God that have helped people get better in body and mind *The Power of Heart*

Amy Bloch, 2019-11-05 The secret to a good life is not what you think Most of us have been raised to believe that we can solve any problem if we think about it hard enough We spend years honing our intellect knowing that our brains are our best line of defense against whatever roadblocks life throws us But each and every one of us has a secret weapon to call upon when brainpower isn't enough and that is Heart Amy Bloch discovered the power of heart quite by accident An accomplished psychiatrist fully in control of her professional and family life Amy was dealt what she thought was a devastating insurmountable set back when her daughter Emily was born with a severe brain malformation Amy tried desperately to fix

Emily and exhausted herself in her efforts to deal with the problem using her intellect going at it brain first the default way we tend to approach challenges in our society Emily on the other hand lives completely heart first she simply doesn't have the capabilities to approach life brain first Yet to Amy's initial surprise and ultimately to her great admiration Emily is remarkably happy and successful The Power of Heart is the distillation of what Emily taught Amy lessons that are applicable to anyone's life Learning to be Emily's mom and observing how Emily approaches life prompted a radical change in Amy's life It also transformed her work with patients in her professional practice where she witnessed over and over again how getting out of brain and into heart made life deeper and richer less stressful and more meaningful While the brain is amazing powerful and useful it does come with limitations There's some stuff the brain just doesn't know which is where heart comes in Tapping into heart helps your brain perform better and makes you stronger and smarter than you will ever be trusting only your brain Heart will allow you to live with uncertainty find strength resilience courage and persistence in tough times cast off self criticism and doubt and have a lot more confidence and fun The Power of Heart is for readers of all ages and walks of life who are ready to move beyond the brain first strategy and embrace heart as well **Practical Vim** Drew
