Health Communication in the Changing Media Landscape Ravindra Kumar Vemula, Subba Rao M Gavaravarapu, 2017-02-07 This book advances new understandings of how technologies have been harnessed to improve the health of populations whether the technologies really empower those who use information by providing them with a choice of information how they shape health policy discourses how the health information relates to traditional belief systems and local philosophies the implications for health communicators how certain forms of silence are produced when media articulates and problematizes only a few health issues and sidelines others and much more The book brings together current research and discussions on

the three areas of policy practices and theoretical perspectives related to health communication approaches in developing countries presenting well researched and documented essays that will prove helpful for academic and scholarly inquiry in this area *Theory, Practice, and Guidelines for Communicating Health and Pandemics in Africa* Emmanuel K.

Ngwainmbi, Levi Zeleza Manda, 2023-04-17 This book provides the theoretical and historical context of the practice guidelines and tools for covering health pandemics sanitation education and development in Africa It will appeal to public health based communicators in public health and advocacy degree programs media students citizen journalists and teachers of health pandemics development and sanitation communication journalism In addition the book will assist Ministries of Communication international development agencies interested in working with journalists in matters of health and sanitation and non governmental health practitioners like Doctors without Borders **Historical Perspectives on the State of**

Health and Health Systems in Africa, Volume II Mario J. Azevedo, 2017-01-24 This book focuses on Africa's challenges achievements and failures over the past several centuries using an interdisciplinary approach that combines theory and fact and evidence based practices and interventions in public health and argues that most of the health problems in Africa are not a result of scarce or lack of resources but of the misconceived and misplaced priorities that have left the continent behind every other on the globe in terms of health education and equitable distribution of opportunities and access to quality health as agreed by the United Nations member states at Alma Ata in 1978 **Historical Perspectives on the State of Health**

and Health Systems in Africa, Volume I Mario J. Azevedo, 2017-01-30 This book examines the historical and current state of health and the health of the African people including the Arab North impacted by such factors as geography and natural elements cultural and colonial traditions and competing biomedical and traditional systems It also looks at technological advances poverty and health disparities utilization of resources and international presence as reflected by the work of the World Health Organization and structural adjustments imposed by the IMF and the World Bank Exploring Journalism

Practice and Perception in Developing Countries Salawu, Abiodun, Owolabi, Toyosi Olugbenga Samson, 2017-08-11 Media outlets play a pivotal role in fostering the positive and beneficial development of countries in modern society By properly informing citizens of critical national concerns the media can help to transform society and promote active participation Exploring Journalism Practice and Perception in Developing Countries is a crucial reference source for the latest scholarly material on the impacts of development journalism on contemporary nations and the media's responsibility to inform citizens of government and non government activities Highlighting a range of pertinent topics such as media regulation freedom of expression and new media technology this book is ideally designed for researchers academics professionals policy makers and students interested in the role of journalist endeavors in developing nations Media in the Global Context Emmanuel K. Ngwainmbi, 2019-11-23 This book investigates ways in which global media coverage of conflicts affects the worldviews of the social and cultural values of nationals from the war regions It identifies the cultural patterns in remote communities that

have been diluted by IT and the extent to which the changes impacted the values of the indigenes It also describes the role that IT especially social media and broadcast media play in the understanding of war among residents in highly wired and remote communities respectively *Media Controversy: Breakthroughs in Research and Practice* Management Association, Information Resources,2019-09-06 Media is rapidly evolving From social media to news channels individuals are being bombarded with headlines new technologies and varying opinions Consequently it has become pivotal to develop new approaches for information processing understanding and redistributing Media Controversy Breakthroughs in Research and Practice examines the effect of conflicting opinions and views of news outlets and other mass media outlets on cultures individuals and groups It also examines the role of the internet mobile phones and other digital platforms in creating an environment for discussing and sharing the latest controversial news Highlighting a range of topics such as censorship media ethics and media transparency this publication is an ideal reference source for government officials leaders activists professionals policymakers media specialists academicians and researchers interested in the various facets of media controversy Narratives and New Voices from India Alankar Kaushik,Abir Suchiang,2022-07-21 This volume focuses on indigenous knowledge in analyzing the traditions and communication processes within various communities of Northeast India It deals with the historical and theoretical trajectory of communication for social change as a discipline bringing together a series of interesting case studies from the sphere of meaningful learning where individuals and communities engage in a cooperative and dialogic environment to promote change at multiple levels The case studies cover a range of media radio video forum theatre and considers both practitioners and audiences The authors focus on narration diversity participation and interaction is timely and expands knowledge relating to these areas by linking them in new ways It is of interest to an academic audience as well as practitioners researching and working in areas of education communication community development and social work *Emerging Issues and Prospects in African E-Government* Sodhi, Inderjeet Singh,2014-07-31 Efforts have been made toward the application of electronic government in the developing world yet questions of how to best implement governance systems and address concerns from officials and citizens alike remain to be answered *Emerging Issues and Prospects in African E Government* explores relevant practices trends and potential challenges facing fledgling governments in the digital era This book focuses on the establishment and maintenance of e government in various African countries providing critical insights for government bodies policymakers administrators and public sector researchers working in local state and national governments around the world *AI and healthcare financial management (HFM) towards sustainable development* Ananth Rao,Immanuel Azaad Moonesar,Arkalgud Ramaprasad,Wathiq Mansoor,Nanda Kumar Bidare Sastry,Alicia Núñez,Manoj Kumar M. V,Annappa B,Karan Bhanot,2023-05-25 Strategic Thinking, Planning, and Management Practice in the Arab World Albadri, Fayez,Nasereddin, Yacoub Adel,2019-04-05 The Arab region has been and continues to be a focus of the world for its economic political and social importance However

reality indicates that the performance of many Arab states in terms of education literacy health employment and welfare generally fall behind many countries of other regions Strategic Thinking Planning and Management Practice in the Arab World is an essential reference source that investigates the status of current strategic practice in the Arab world as well as the need to promote awareness of effective development strategies Featuring research on topics such as social justice practical entrepreneurship and crisis management this book is ideally designed for high caliber strategists academic scholars and postgraduate research students
