Shouting Won't Help Katherine Bouton, 2013-02-19 For twenty two years Katherine Bouton had a secret that grew harder to keep every day An editor at The New York Times at daily editorial meetings she couldn't hear what her colleagues were saying She had gone profoundly deaf in her left ear her right was getting worse As she once put it she was the kind of person who might have used an ear trumpet in the nineteenth century Audiologists agree that we're experiencing a national epidemic of hearing impairment At present 50 million Americans suffer some degree of hearing loss 17 percent of the population And hearing loss is not exclusively a product of growing old The usual onset is between the ages of nineteen and forty four and in many cases the cause is unknown *Shouting Won't Help* is a deftly written deeply felt look at a widespread and misunderstood phenomenon In the style of Jerome Groopman and Atul Gawande and using her experience as a guide Bouton examines the problem personally psychologically and physiologically She speaks with doctors audiologists and neurobiologists and with a variety of people afflicted with midlife hearing loss braiding their stories with her own to illuminate the startling effects of the condition The result is a surprisingly engaging account of what it's like to live with an invisible disability and a robust prescription for our nation's increasing problem with deafness A Kirkus Reviews Best Nonfiction Book of 2013

Effective Communication with People Who Have Hearing Difficulties Jill Mansfield, 2017-07-05 One in seven people in the UK are said to be deaf or hard of hearing Too often clients are put off attending centres or have had bad experiences of services and communicating with care or teaching staff Working through the sessions in this book will enable the reader to understand how to communicate effectively how to treat individuals with respect and dignity in all types of settings and how to encourage positive communication with people who have hearing difficulties The author has used her own experience of deafness to

convey the effects it can have on individuals and to give insight into how people with hearing difficulties like to communicate and be treated Divided into twenty sessions for group training individuals can also work through the book on their own The information exercises and case studies in this book will provide the reader with the awareness and knowledge to communicate effectively with people who have hearing difficulties Featuring many cartoon style illustrations this photocopiable manual is essential reading for anyone who comes into contact with people who have hearing problems
