

Models Made Before 2008

Discontinued

Hayward has discontinued the top, bottom, clamp and clamp nut on the old style Pro-Grid filters. The new style is not compatible (look closely at the clamp, the new one to the left is much thinner). All other parts are compatible.

Unfortunately if you are in need of one of these parts, replacement of the entire filter is the only option. There are some 3rd party manufacturers making obsolete Hayward parts, as of now none of these parts are in production. We are working closely with these manufacturers, as they become available we will post them here.
