Whitaker's Books in Print ,1998 **Suicide Voices** Sarah Waters, 2020-09-01 This book examines the phenomenon of work suicides in France and asks why at the present historical juncture conditions of work can push individuals to take their own lives. During the 2000s France experienced what commentators have described as a suicide epidemic whereby increasing numbers of workers in the face of extreme pressures of work chose to kill themselves. The book analyses a corpus of testimonial material linked to 66 suicide cases across three large French companies during the period from 2005 to 2015. It aims to consider what the extreme and subjective act of self-killing narrated in suicide letters can tell us about the contemporary economic order and its impact on flesh and blood bodies. What do rising work-related suicides reveal about conditions of human labour in the twenty-first century? Does neoliberal economics condition a desire for suicide? How do suicidal individuals describe the causes and

motivations of their act Combining critical perspectives from sociology history testimony studies economics cultural studies and public health the book raises critical questions about the human costs of the shift to a finance driven neoliberal order and its everyday effects within the French workplace Autocar ,2004 France 1998 Darwin Porter,Danforth Prince,1997 France has never lost its charm for travelers Frommer s covers all the highlights from Paris to the provinces great restaurants wineries chateaux biking trips charming villages and more Also the guide shows how to make dollars into francs go further This year a dozen new interior maps have been added along with expanded coverage of shopping throughout the country Glossary **Used Renault Clio (1998 - Present) Buyer's Guide** ,2004 **Atlas of Automobiles** Martin Derrick,2004 **Classic Car** DK,2023-04-11 From the Chevrolet Bel Air to the Ferrari Testarossa this stunning book showcases the most iconic and important classic cars from every decade since the 1940s Few things ignite such reverence as a classic car With more than 250 iconic models from the 1940s to the early 1990s photographed from every angle this title is a glorious celebration of the stars in the classic car firmament Classic Car brings you the story of more than 20 great marques including household names Bentley Mercedes Ferrari Cadillac and Aston Martin Its lavish photography reveals every detail in close up of models that range from the 1940s giant two ton Daimler DE36 which ferried royals about in style through to sleek Ferraris from the 1980s capable of smashing the 200mph barrier It puts you in the driving seat of such icons as the Chevrolet Corvette the Ford Thunderbird and the Mercedes 300SL and brings you the designers of these amazing machines and the story of their manufacturers This ultimate guide to classic cars further features A comprehensive catalog that draw out the key features of each important model with detailed profiles and specification Feature pages broaden the scope of the book covering everything from the designers and manufacturers who created them to their evolution over the decades Stunningly shot DPS images add an extra layer of color and flavor to the book Written by award winning author and expert on all aspects of motoring Giles Chapman Editor in Chief of DK s The Car Book which has sold over 550 000 copies worldwide to date Updates will include the key models that have grown in popularity since the last edition Whether you dream of owning one of these super cool cars or you are a collector already Classic Car is set to become a treasured favorite
