

#### 4. PNG File Support for Image Resources

In Notes 9, you now have the ability to import PNG files into Designer as image resources. This file type is now a selection choice in the Image type combo box.

#### 5. "Close Application" Applications' Navigator Menu Option

- ⚡ In Notes 9, you can now manually close applications which are open in the Domino Designer Applications navigator.
- ⚡ Just right click the application and select "close application", it will close all opened design elements from that application.

#### 6. JAR design element

- ⚡ A new JAR design element has been introduced in Notes 9.
- ⚡ The JAR design element gives you the ability to work with packaged Java code/libraries that are included in the application NSF.
- ⚡ This design element is only available to XPage applications, where the JAR is automatically loaded by the XPages runtime.
- ⚡ This feature frees you from having to deploy the JARS to a server and/or include the source files uniquely in the application database

Copyright Office, 1963 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June **PASCAL User Manual and Report** Kathleen Jensen, Niklaus Wirth, 2013-06-29 A preliminary version of the programming language Pascal was drafted in 1968 It followed in its spirit the Algol 60 and Algol W line of languages After an extensive development phase a first compiler became operational in 1970 and publication followed a year later see References 1 and 8 p 1m4 The growing interest in the development of compilers for other computers called for a consolidation of Pascal and two years of experience in the use of the language dictated a few revisions This led in 1973 to the publication of a Revised Report and a definition of a language representation in terms of the ISO character set This booklet consists of two parts The User Manual and the Revised Report The Manual is directed to those who have previously acquired some familiarity with computer programming and who wish to get acquainted with the language Pascal Hence the style of the Manual is that of a tutorial and many examples are included to demonstrate the various features of Pascal Summarising tables and syntax specifications are added as Appendices The Report is included in this booklet to serve as a concise ultimate reference for both programmers and implementors It defines standard Pascal which constitutes a common base between various implementations of the language The Software Encyclopedia, 1997 Stages to Saturn Roger E. Bilstein, 1999-08 *History of Programming Languages* Richard L. Wexelblat, 2014-05-27 History of Programming Languages presents information pertinent to the technical aspects of the language design and creation This book provides an understanding of the processes of language design as related to the environment in which languages are developed and the knowledge base available to the originators Organized into 14 sections encompassing 77 chapters this book begins with an overview of the programming techniques to use to help the system produce efficient programs This text then discusses how to use parentheses to help the system identify identical subexpressions within an expression and thereby eliminate their duplicate calculation Other chapters consider FORTRAN programming techniques needed to produce optimum object programs This book discusses as well the developments leading to ALGOL 60 The final chapter presents the biography of Adin D Falkoff This book is a valuable resource for graduate students practitioners historians statisticians mathematicians programmers as well as computer scientists and specialists *The Films of Charles and Ray Eames* Eric Schuldenfrei, 2014-12-05 The Films of Charles and Ray Eames traces the history of the Eameses work examining their evolution away from the design of mass produced goods and toward projects created as educational experiences Closely examining how the Eameses described their work reveals how the films and exhibitions they generated were completely at odds with the earlier objectives exemplified in their furniture designs Shifting away from promoting the consumer culture they turned their attention to the presentation of complex sets of scientific artistic and philosophical ideas During a critical period from the late 1950s to the early 1960s there was a moment

of introspective self reflection in the West stemming from the events of the Cold War This moment of uncertainty was crucial for it provided the incentive to question the values and concerns of society as a whole In turn designers began to question their own sense of purpose temporarily expanding the purview of design to a broader field of inquiry In the case of the Eameses they identified an overriding problem related to consumerism and excess in America and sought to resolve the issue by creating a network of communication between universities governments institutions and corporations The solution of promoting greater education experiences as an alternative to consumerism in America required that different sectors of society functioned in unison to address political social economic and educational concerns The Films of Charles and Ray Eames reconsiders how design intersects with humanity culture and the sciences *Real-time Systems* Wolfgang A.

Halang, Krzysztof M. Sacha, 1992 This book represents the first comprehensive text in English on real time and embedded computing systems It is addressed to engineering students of universities and polytechnics as well as to practitioners and provides the knowledge required for the implementation of industrial computerized process control and manufacturing automation systems The book avoids mathematical treatment and supports the relevance of the concepts introduced by practical examples and case studies Special emphasis is placed on a sound conceptual basis and on methodologies and tools for the development of high quality control software since software dependability has been identified as the major problem area of computerized process automation **InfoWorld** ,1986-10-20 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects
