Seligman, 2020-12 2020 21 Reader Views Literary Award Gold Medal Winner 2021 Independent Publisher Book Award Gold Medal Winner 2020 National Jewish Book Award Finalist 2020 American Book Fest Best Book Awards Finalist in the U S History category 2020 Foreword Indies Book of the Year Finalist In the wee hours of May 15 1902 three thousand Jewish women quietly took up positions on the streets of Manhattan s Lower East Side Convinced by the latest jump in the price of kosher meat that they were being gouged they assembled in squads of five intent on shutting down every kosher butcher shop in New York s Jewish quarter What was conceived as a nonviolent effort did not remain so for long Customers who crossed the picket lines were heckled and assaulted and their parcels of meat hurled into the gutters Butchers who remained open were attacked their windows

smashed stock ruined equipment destroyed Brutal blows from police nightsticks sent women to local hospitals and to court But soon Jewish housewives throughout the area took to the streets in solidarity while the butchers either shut their doors or had their doors shut for them The newspapers called it a modern Jewish Boston Tea Party The Great Kosher Meat War of 1902 tells the twin stories of mostly uneducated women immigrants who discovered their collective consumer power and of the Beef Trust the midwestern cartel that conspired to keep meat prices high despite efforts by the U S government to curtail its nefarious practices With few resources and little experience but steely determination this group of women organized themselves into a potent fighting force and in their first foray into the political arena in their adopted country successfully challenged powerful vested corporate interests and set a pattern for future generations to follow Global Food Value Chains and Competition Law Ioannis Lianos,Alexey Ivanov,Dennis Davis,2022-05-05 The food industry is a notoriously complex economic sector that has not received the attention it deserves within legal scholarship Production and distribution of food is complex because of its polycentric character as it operates at the intersection of different public policies and its dynamic evolution and transformation in the last few decades from technological and governance perspectives This volume introduces the global value chain approach as a useful way to analyse competition law and applies it to the operations of food chains and the challenges of their regulation Together the chapters not only provide a comprehensive mapping of a vast comparative field but also shed light on the intricacies of the various policies and legal fields in operation The book offers a conceptual and theoretical framework for competition authorities companies and academics and fills a massive gap in the competition policy literature dealing with global value chains and food *The Private Is Political* Ray Brescia,2025-01-21 The Private Is Political not only exposes the threats to our personal and political identity in the age of Surveillance Capitalism it also offers a roadmap for an effective means of reining in the worst abuses of Big Tech companies and their authoritarian enablers **Regulating and Managing Food Safety in the EU** Harry Bremmers,Kai Purnhagen,2018-08-01 This book analyses EU food law from a regulatory economic and managerial perspective It presents an economic assessment of strategies of food safety regulation and discusses the different regulatory regimes in EU food law It examines the challenges of food safety in the internal market as well as the regulatory tools that are available The book s generic theorising and measurement of regulatory effects is supplemented by detailed analysis of key topics in food markets such as health claims enforcement strategies and induced risk management at the level of the organizations producing food The regulatory effects discussed in the book range from classical regulatory analysis covering e g effects of ex ante versus ex post regulation and content related versus information related regulation to new regulatory options such as behavioral regulation The book takes as its premise the idea that economic considerations are basic to the design and functioning of the European food supply arena and that economic effects consolidate or induce modification of the present legal structures and principles The assessments analyses and examination of the various issues presented in the book serve to answer the question of how

economic theory and practice can explain and enhance the shaping and modification of the regulatory framework that fosters safe and sustainable food supply chains

The Sacred and the Impure in Judaism Marta F. Topel, 2024 *The Sacred and the Impure in Judaism* examines the radicalization of certain Orthodox Jewish groups through the lens of kashrut or Jewish dietary laws Marta F Topel begins with a historical look at chumratization the tendency among rabbis toward more rigorous interpretations of Jewish law beginning in Hungary in the late 19th century and on through the nascent radicalization of Israeli Orthodox Jews in the 1950s Then drawing on Orthodox kashrut manuals and interviews with kashrut supervisors ritual butchers and a diverse group of Orthodox men and women Topel shows how changes to dietary laws have had a profound effect on the ritual density of everyday life in these communities Detailed descriptions of the difficulties that Orthodox housewives have in carrying out preparations for the Jewish Passover reveal a certain obsession with following the commandments and customs mandated by authorities Contrasting medieval practices with current ones Topel shows that the number of rules for celebrating Passover has increased exponentially in recent decades an important indication of the chumratization process that effects significant segments of this population However she also finds exceptions While many Orthodox rabbis demand that kashrut supervisors and housewives take great pains to avoid ingesting insects that may be found in vegetables and fruit they have also become significantly more lenient when it comes to consuming non kosher meat so much so that most meat consumed by Orthodox communities today is not kosher *The Sacred and the Impure in Judaism* reveals considerable changes in the content and function of kashrut for Orthodox Jews in Israel and its diaspora which contradicts ideas of purity within this community and the notion that their beliefs and practices are identical to European Judaism of the 18th and 19th centuries while highlighting the multiple and intricate relationships that exist between a community's religion food and identity

Tastes Like Chicken Emelyn Rude, 2016-08-02 From the domestication of the bird nearly ten thousand years ago to its current status as our go to meat the history of this seemingly commonplace bird is anything but ordinary How did chicken achieve the culinary ubiquity it enjoys today It's hard to imagine but there was a point in history not terribly long ago that individual people each consumed less than ten pounds of chicken per year Today those numbers are strikingly different we consumer nearly twenty five times as much chicken as our great grandparents did Collectively Americans devour 73.1 million pounds of chicken in a day close to 8.6 billion birds per year How did chicken rise from near

invisibility to being in seemingly every pot as per Herbert Hoover's famous promise Emelyn Rude explores this fascinating phenomenon in *Tastes Like Chicken* With meticulous research Rude details the ascendancy of chicken from its humble origins to its centrality on grocery store shelves and in restaurants and kitchens Along the way she reveals startling key points in its history such as the moment it was first stuffed and roasted by the Romans how the ancients' obsession with cockfighting helped the animal reach Western Europe and how slavery contributed to the ubiquity of fried chicken today In the spirit of Mark Kurlansky's *Cod* and Bee Wilson's *Consider the Fork* *Tastes Like Chicken* is a fascinating clever and surprising discourse on one of America's favorite foods
