Gersen, Joel H.

Steckel, 2023-07-13 This handbook examines a wide range of current legal and policy issues at the intersection of marketing and the law Focusing on legal outcomes that depend on measurements and interpretations of consumer and firm behavior the chapters explore how consumers form preferences perceptions and beliefs and how marketers influence them Specific questions include the following How should trademark litigation be valued and patent damages assessed What are the challenges in doing so What divides certain marketing claims between fact and fiction Can a litigant establish secondary meaning without a survey How can one extract evidence on consumer behavior with the explosion of social media This unique volume at the intersection of marketing and the law brings together an international roster of scholars to answer

these questions and more      *Strategic Marketing in Tourism Services* Rodoula H. Tsiotsou, Ronald E. Goldsmith, 2012-05-10 Focuses on marketing strategies implemented in tourism services firms and includes a collection of papers related to specific marketing strategies This title presents the application of specific marketing strategies such as experiential marketing branding target marketing relationship marketing and e marketing in tourism      **Pricing the Profitable Sale** H. Peter Zell, 2022-06-13 Pricing the Profitable Sale The Manager s Guide To Value Pricing presents an entirely new approach to the pricing of goods and services For the first time the guesswork is taken away from pricing and the marketer presented with twenty two practical pricing guidelines and rules of thumb which he or she can use over and over again to reach important pricing decisions to either maximize sales revenue and market share or profit for any product or service on the market The book was written for managers including marketing product and sales managers or any individuals with pricing responsibilities at their firms It should also be of much interest to professors and students in a program leading to the MBA degree where it could serve as the main texts in a course on pricing or as a supplement to as standard marketing textbook

**Obstructive Marketing** Maitland Hyslop, 2016-05-23 In Obstructive Marketing Maitland Hyslop deals with a very negative kind of activity which embraces activities legal or otherwise designed to prevent or restrict the distribution of a product or service temporarily or permanently against the wishes of the product manufacturer service provider or customer When the author defined this phenomenon as Obstructive Marketing and started to research it more than a decade ago it was seen as a valid concept that was perhaps ahead of its time The World has moved on and in the era of globalization a study of this negative aspect of marketing is now required Obstructive Marketing is now seen as the business equivalent of asymmetric warfare which is increasingly understood because the rise of the South and East at the expense of the North and West has brought some Obstructive Marketing stratagems into sharp focus Using the author s own research this book explains what Obstructive Marketing is and why it is not called Anti Marketing The author explains who practises Obstructive Marketing where when and how and why businesses are particularly vulnerable when entering new markets and engaging in change and innovation Intriguing concepts such as cultural risk are illuminated along with formal links between Obstructive Marketing asymmetric warfare and terrorism This all leads to identification of the need for a strong Government Business partnership to counter the effects of this darkest kind of marketing      12th International Symposium on Process Systems Engineering and 25th European Symposium on Computer Aided Process Engineering , 2015-07-14 25th European Symposium on Computer Aided Process Engineering contains the papers presented at the 12th Process Systems Engineering PSE and 25th European Society of Computer Aided Process Engineering ESCAPE Joint Event held in Copenhagen Denmark 31 May 4 June 2015 The purpose of these series is to bring together the international community of researchers and engineers who are interested in computing based methods in process engineering This conference highlights the contributions of the PSE CAPE community towards the sustainability of modern society Contributors from academia and industry establish the core products
