Edwidge Danticat, 2015-12-15 Discover the 20th Anniversary edition of Edwidge Danticat's unforgettable National Book Award Finalist story collection complete with a new story Arriving one year after the Haitian American's first novel Breath Eyes Memory alerted critics to her compelling voice these 10 stories some of which have appeared in small literary journals confirm Danticat's reputation as a remarkably gifted writer Examining the lives of ordinary Haitians particularly those struggling to survive under the brutal Duvalier regime Danticat illuminates the distance between people's desires and the stifling reality of their lives A profound mix of Catholicism and voodoo spirituality informs the tales bestowing a mythic importance on people described in the opening story Children of the Sea as those in this world whose names don't matter to anyone but themselves The ceaseless grip of dictatorship often leads men to emotionally abandon their families like the husband in A Wall of Fire Rising who dreams of escaping in a neighbor's hot air balloon The women exhibit more resilience largely because of their insistence on finding meaning and solidarity through storytelling but Danticat portrays these bonds with an honesty that shows that sisterhood too has its power plays In the book's final piece Epilogue Women Like Us she writes Are there women who both cook and write Kitchen poets they call them They slip phrases into their stew and wrap meaning around their pork before frying it They make narrative dumplings and stuff their daughter's mouths so they say nothing more These stories inform and enrich one another as the female characters reveal a common ancestry and ties to the fictional Ville Rose In addition to the power of Danticat's themes the book is enhanced by an element of suspense we're never certain for example if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast Spare elegant and moving these stories cohere into a superb collection **Krik? Krik Krak by the Haitian author Edwidge Danticat is a collection of short stories that has received wide recognition on the international book market and in literary circles Danticat who has already been awarded many literary prizes in her young career presents her native country Haiti in many facets thereby conveying an impression of its beauty and cultural richness with all the positive and negative aspects The title of the collection refers to the Haitian tradition of the storyteller calling out Krik and willing listeners gathering around and answering Krak Atanasoski which already suggests the importance of stories in Haitian culture and furthermore hints at the Haitian way of life Krik Krak offers a fascinating approach to this Haitian culture and the tradition of story telling Furthermore the reader gains an insight into Haitian reality from very different though mainly female perspectives Danticat s writings emphasize the experience of Haitian women from all social levels All short stories in Krik Krak present interesting aspects of Haitian culture but I have decided to refer exclusively to the last short story of the collection Caroline s Wedding In contrast to the other short stories the plot of Caroline s Wedding takes place in the U S introducing to the reader a Haitian immigrant family living in New York Apparently the immigrant experience is central to many of Danticat s writings Beyond this Caroline s Wedding reflects on Haiti s culture from a distinct cultural setting which makes the story very suitable for an examination of cultural identity Generally in order to understand why so many Haitians emigrate from their home country and to understand Danticat s allusions to incidents of the past some information about Haiti s history might be helpful Moreover the impact of the immigrant experience on Danticat s life will be pointed out by giving some information about her biographical background In Caroline s Wedding Danticat touches upon many aspects of the immigrants situation in a foreign country but the question of identity is certainly central to it The story deals with three women who represent different stages of naturalization in the U S and different levels of identification with the U S and Haiti
