Born to Choose John H Falk,2017-09-05 Born to Choose is John H Falk s compelling account of why and how we make the endless set of choices we do every second of every day of our lives Synthesizing research from across the biological and social sciences Falk argues that human choice making is an evolutionarily ancient and complex process He suggests that all our choices are influenced by very basic and early evolving needs and that ultimately each choice is designed to support survival in the guise of perceived well being This engaging book breaks new intellectual ground and enhances our understanding not just of human choice making but human behavior overall

Dimensions of Leisure for Life Human Kinetics (Organization),2010 Leisure is everywhere but its impact on people s lives is often overlooked Leisure is more than doing nothing or hanging out It has implications for society affecting economics politics business health and the environment On an individual level it offers multiple opportunities for personal growth and development And it contributes to a better quality of life for individuals and communities as a whole With Dimensions of Leisure for Life Individuals and Society students will learn to understand and appreciate leisure and explore the ways that their leisure choices can help them lead happier more balanced lives both now and in the future With contributions from 22 leading professors the book examines the following the concept of leisure including the various ways in which it has been defined and described the benefits associated with it the scope of the leisure industry field and the basis for studying leisure as a social science the impact of leisure on quality of life health physical activity and stress levels and overall happiness and well being the social significance of leisure including the interaction of leisure with history contemporary society technology the environment economics and politics and public policy the factors that influence each individual s leisure choices and level of involvement in leisure activities such as awareness of local options barriers of age gender sexual orientation race ethnicity religion or socioeconomic status geographic distribution of leisure spaces and maturity level and stage of development Publisher

The Sociology of Leisure Stanley Parker,2021-10-17 In the 1970s the subject of leisure was attracting interest among both social scientists and people concerned with developing recreation policies A relative newcomer to the sociological scene at the time leisure was

beginning to compete in research effort and theory building with the more established fields of sociology As well as making an academic contribution this book originally published in 1976 provided practitioners such as planners administrators and managers with an up to date and comprehensive review of social research finding over the whole field of leisure Part One deals with the cultural context in which leisure as we knew it had developed and includes the history of leisure in industrial society and the variety of ways in which people can experience leisure at various stages of the life cycle In Part Two leisure is related to other spheres of life work the family education and religion Part Three relates academic to practical concerns of planning and providing for leisure including factors in demand and supply The final chapter examines what the sociology of leisure had to tell us about current trends in society and the directions of probable future change The illustrative material drawn from a wide variety of sources is mainly British but also includes some contributions from the United States and other countries

The Chequered Past David Anderson Charters,2007-01-01 In the forty year period between 1951 and 1991 Canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption The Chequered Past is the story of the struggle over power and purpose within the Canadian auto sport that led to this transformation The first comprehensive history of sports car racing and rallying in Canada The Chequered Past traces the efforts of the national governing body the Canadian Auto Sport Clubs CASC to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century David Charters traces the social origins of the sport and the major trends that shaped it professionalism technological change rising costs and the influence of commercial sponsors Charters argues that while early enthusiasts set the sport on a course toward professionalism that would eventually produce world class Canadian events and racers that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment As technological innovations drove up the costs of competing at the top ranks racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport The end result Charters argues was the marginalization of the amateur competitor and of the CASC itself Based on extensive research into the CASC s records and dozens of interviews with former competitors and officials The Chequered Past opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in Canadian sports history

Recreation and Leisure Donald C. Weiskopf,1982 **Studies in Sociology** Various,2022-07-30 This 9 volume collection originally published between 1969 and 1983 contains a selection of subjects viewed through the perspective of sociology including community the family friendship and kinship leisure women and introductory statistics This set will be a useful resource for those studying sociology as well as of interest for other social science courses **American History through American Sports** Bob Batchelor,Danielle Sarver Coombs,2012-12-18 Filled with insightful analysis and compelling arguments this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports

culture and American culture intersect This collection blends historical and popular culture perspectives in its analysis of the development of sports and sports figures throughout American history American History through American Sports From Colonial Lacrosse to Extreme Sports is unique in that it focuses on how each sport has transformed and influenced society at large demonstrating how sports and popular culture are intrinsically entwined and the ways they both reflect larger societal transformations The essays in the book are wide ranging covering topics of interest for sports fans who enjoy the NFL and NASCAR as well as those who like tennis and watching the Olympics Many topics feature information about specific sports icons and favorite heroes Additionally many of the topics treatments prompt engagement by purposely challenging the reader to either agree or disagree with the author s analysis

Music, Leisure, Education Roger Mantie, 2022 This book explores historical and philosophical connections between music leisure and education Specifically it considers how music learning teaching and participation can be reconceptualized in terms of leisure Taking as its starting point the art of living and the ethical question of how one should live the book engages a wide range of scholarship to problematize the place of non professional music making in historical and contemporary Western conceptions of the good life and the common good Part I provides a general background on music education school music the work ethic leisure studies recreation play and conduct Part II focuses on two significant currents of thought and activity during the Progressive Era in the United States the settlement movement and the recreation movement The examination demonstrates how societal concerns over conduct the threat of leisure and differing views on the purpose of music learning and teaching led to a fracturing between those espousing generalist and specialist positions The four chapters of Part III take readers through considerations of happiness eudaimonia and the good life issues of work life balance and the play spirit leisure satisfaction in relation to consumerism individualism and the common good and finally parenting logics in relation to extracurriculars music learning and serious leisure
