Kāvya in South India Herman Tieken, 2021-12-28 Old Tamil Ca kam poetry consists of eight anthologies of short poems on love and war and a treatise on grammar and poetics The main part of this corpus has generally been dated to the first centuries AD and is believed to be the product of a native Tamil culture The present study argues that the poems do not describe a contemporary society but a society from the past or one not yet affected by North Indian Sanskrit culture Consequently the main argument for the current early dating of Ca kam poetry is no longer valid Furthermore on the basis of a study of the historical setting of the heroic poems and of the role of Tamil as a literary language in the Ca kam corpus it is argued that the poetic tradition was developed by the P iyas in the ninth or tenth century This volume deals with the identification of the various genres of Ca kam poetry with literary types from the Sanskrit K vya tradition Counterparts have been found exclusively among Pr krit and Apabhra a texts which indicate that in Ca kam poetry Tamil has been specifically assigned the role of a Pr krit As such the present study reveals the processes and attitudes involved in the development of a vernacular language into a literary idiom **Fasti Ecclesiae Scoticanæ** Hew Scott, 2000 **Catalogue of the Holton**
