Fidell, 2016-09-01 You can t handle the truth These iconic words bellowed by Jack Nicholson as Colonel Jessup in the 1992 movie A Few Good Men became an emblem of the conflict between honor and truth that the collective imagination often considers the quintessence of military justice The military is the rare part of contemporary society that enjoys the privilege of policing its own members behavior with special courts and a separate body of rules Whether one is for or against this system military trials are fascinating and little understood This book opens a window on the military judicial system offering an accessible and balanced assessment of the strengths and weaknesses of military legal regimes around the world It illuminates US military justice through a comparison with civilian and foreign models for the administration of justice with

a particular emphasis on the UK and Canadian military justice systems Drawing on his experience as a serving officer private practitioner and law professor Eugene R Fidell presents a hard hitting tour of the field exploring military justice trends across different countries and compliance or lack thereof with contemporary human rights standards He digs into critical issues such as the response to sexual assault in the armed forces the challenges of protecting judicial independence and the effect of social media and modern technology on age old traditions of military discipline A rich series of case studies ranging from examples of misconduct such as the devastating Abu Ghraib photos to political tangles such as the Guant namo military commissions throw light on the high profile and occasionally obscure circumstances that emerge from today s military operations around the world As Fidell s account shows by understanding the mechanism of military justice we can better comprehend the political values of a country

**The Military as a Separate Society** Pauline Collins,2019-10-09 The exercise of public power by the military in civilian Western democracies such as Australia and the United States demonstrates a tendency toward diminished responsibility for moral behavior Pauline Collins argues that a different system of military criminal investigation and discipline outside the civilian justice system enables the military to operate like a coterie and can lead to a failure in the requisite moral standard of behavior required of military personnel and maintaining civilian institutional control Collins argues that the justifications for separate treatment weakens both the military reputation and the practice of civilian control of the military as well as leading to an overall decline in morality and values in a democratic society

**Equality** Robert E. Tully, Bruce Chilton, 2019-12-12 The essays in this volume on the subject of equality are the work of scholars at Bard College and West Point Their research falls within the areas of history religion legal theory social science ethics and philosophy The regions covered include the Middle and Far East Europe and America the time periods studied are both contemporary and historical Each essay is a well detailed exploration which assumes the reader has no prior acquaintance with the topic Together the studies reveal both conflicting standards of equality as well as patterns of pernicious inequality In an ideal world equality and inequality among humans would vary in acceptable proportion increase of the one ensuring decrease of the other Unfortunately as the studies illustrate any such expectation of progress in the real world is almost routinely thwarted Despite the wide variety of topics a common thread binds these essays Human nature seems to harbor a moral deficiency lying deeper than any written laws and those traditional customs which promote inequality and breed injustice The fault is prominent in those who champion unjust laws or who willingly enforce discrimination but it is no less active in the silent many who condone the practice The essays reveal the same persistent and unappealing trait which social groups from the remote past to the present manifest in various ways blind determination to perpetuate whatever advantages one group believes it enjoys over another convinced that its own members are more equal than theirs Being made unequal the others too easily become targets who are considered less worthy sometimes even less human

Law and Morality at War Adil Ahmad Haque, 2017-01-19 The laws are not silent in war but what should they say What is the moral function of the law of armed conflict Should the law protect civilians who do not fight but help those who do Should the law protect soldiers who perform non combat functions or who may be safely captured How certain should a soldier be that an individual is a combatant rather than a civilian before using lethal force What risks should soldiers take on themselves to avoid harming civilians When do inaccurate weapons become unlawfully indiscriminate When does collateral damage to civilians become unlawfully disproportionate Should civilians lose their legal rights by serving voluntarily or involuntarily as human shields Finally when should killing civilians constitute a war crime These are the questions that Law and Morality at War answers contributing to a cutting edge international debate Drawing on the concepts and methods of contemporary moral and legal philosophy the book develops a normative framework within which the laws of war and international criminal law can be evaluated criticized and reformed While several philosophical works critically examine the moral status of civilians and combatants this book fills a gap offering both an account of the laws of war and war crimes and proposing how the law could be improved from a moral point of view      **TC 7-21.13 The Soldier's Guide** Headquarters Department of the Army, 2017-09-27 This training circular is meant to be a reference for subjects in which all Soldiers must maintain proficiency regardless of rank component or military occupational specialty MOS It condenses information from Army Doctrine Publications ADPs Army Doctrine Reference Publications ADRPs Field Manuals FMs Training Circulars TCs
