Assad, Saul I. Gass, 2011-06-28 Profiles in Operations Research Pioneers and Innovators recounts the development of the field of Operations Research OR the science of decision making The book traces the development of OR from its military origins to a mature discipline that is recognized worldwide for its contributions to managerial planning and complex global operations Over the past six decades OR analyses have impacted our daily lives when making an airline or hotel reservation waiting in line at a bank getting the correctly blended fuel at the gas station and ensuring that the book you are holding arrived at its destination on time OR originated in the late 1930s when British scientists from various disciplines joined Royal Air Force officers to determine the most effective way to employ new radar technology for intercepting enemy aircraft During World War II similar applied research groups were formed to study test and evaluate military operations on both sides of the

Atlantic Their work resulted in great improvements OR helped the Allies win the war The scientific field that emerged from these studies was called operational research in the U K and operations research in the U S Today OR provides a broad and powerful science to aid decision making Profiles describes the lives and contributions of 43 OR pioneers and innovators and relates how these individuals with varying backgrounds and diverse interests were drawn to the nascent field of OR The profiles also describe how OR techniques and applications expanded considerably beyond the military context to find new domains in business and industry In addition to their scientific contributions these profiles capture the life stories of the individuals interwoven with personal tales vivid vignettes family backgrounds and views of the mission and future of OR Collectively the profiles recount the fascinating story of the growth and development of a field enriched by the convergence of different disciplines The Editors Arjang A Assad is Dean of the School of Management University at Buffalo State University of New York Saul I Gass is Professor Emeritus Department of Decision Operations Information Technologies Smith School of Business University of Maryland College Park From the Reviews Profiles In Operations Research Pioneers and Innovators Book Review by Nigel Cummings U K OR Society s e journal Inside OR Sept 2011 I can thoroughly recommend this book I found it both enlightening and undeniably gripping so much so in fact you may find it difficult to put it down once you have commenced reading it Arjang A Assad and Saul I Gass have created a masterwork which will serve to immortalise the pioneers of O R for many years to come For a list of all known typos plus further discussion on the book please visit <http://profiles.inoperationsresearch.com> Children's Books in Print, 2007 ,2006 **Research in Education** ,1974
