Students should complete one of the assignments weekly and then take the test at the end of the fifth week. For homework the 5th week they can correct any errors from previous assignments. It is recommended that students be allowed to correct any errors from a homework assignment before the final grade is calculated as this tends to help them to do better on the tests. When using the computer based tests and practice tests the grades are calculated automatically. Each week's classwork will be in the same format as the test. If there are let's say 100 problems on an upcoming test students would complete all 100 of those types of problems each week for four weeks although the answers to corresponding problems will differ from one week to the next. Questions included on the classwork and tests are not randomly selected from the chapters in focus. Instead they are very comprehensive in that every type of problem students learn about in their textbook or complete as a class on the interactive whiteboard will also be solved individually by students on the classwork assignments and corresponding tests. Moreover page numbers where students can turn to for help in their textbooks are specified on the footnotes of each page and tutorial videos are available in the electronic textbooks. Is the Answer Reasonable?, Grade 7, 2012-10-22 Each book contains a variety of activities from all five NCTM content standards to help students develop analytical skills. Students will learn strategies and techniques for determining whether answers make sense. The activities will improve students' test taking strategies.

Math, Grade 7 Thomas Richards, Spectrum, 2002-06-01 Test with success using the Spectrum Math workbook. This book helps students in grade 7 apply essential math skills to everyday life. The lessons focus on ratio and proportion, fractions, percents, calculating interest, perimeter, volume, and statistics, and the activities help extend problem solving and analytical abilities. The book features easy to understand directions, is aligned to national and state standards, and also includes a complete answer key. Today more than ever students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.
