He finds the way out of the disaster thanks to his new affection for a pure and spiritual girl. But did he manage to forget Elena?

Horror Culture in the New Millennium Daniel W. Powell, 2018-11-23 *Horror Culture in the New Millennium* Digital Dissonance and Technohorror explores the myriad ways in which technology is altering the human experience as articulated in horrific storytelling. The text surveys a variety of emerging trends and story forms in the field through both a series of critical essays and personal interviews with scholars, editors, authors, and artists now creating and refining horror stories in the new millennium. The project posits a rationale for the presence of technohorror as a defining concern in contemporary horror literature, marking a departure from the monstrous and spectral traditions of the twentieth century in its depictions of frightful narratives marked by the qualities of plausibility, mundanity, and surprise as we tell stories about what it means to be human. As our culture explores the dichotomies of the born-made, natural/artificial and human/computer, all while subsumed within a paradigm shift predicated on the transition from the traditions of print to emerging digital communications practices, these changes form the basis for horrific speculations in our texts and technologies. Ultimately, *Digital Dissonance: Horror Culture in the New Millennium* explores that paradoxical human attraction for peering into the darkness as translated through our lived experiences in an era of rapidly evolving technologies.      Black World/Negro Digest, 1975-03 Founded in 1943, *Negro Digest* (later *Black World*) was the publication that launched Johnson Publishing. During the most turbulent years of the civil rights movement, *Negro Digest* (later *Black World*) served as a critical vehicle for political thought for supporters of the movement.      *Shadow Play* Charles Baxter, 2001 His wife does magic tricks, his crazy mother invents her own vocabulary, and his aunt writes a holy book. Still, Wyatt Palmer tries to live a normal life. But when he lures a toxic waste plant to his economically depressed town, he discovers he has made a deal with the Devil.      Public Poetics Bart Vautour, Erin Wunker, Travis V. Mason, Christl Verduyn, 2015-06-08 *Public Poetics* is a collection of essays and poems that address some of the most pressing issues of the discipline in the twenty-first century. The collection brings together fifteen original essays addressing public poetry and poetics from the situated space of Canada while simultaneously troubling the notion of the nation as a stable term. It asks hard questions about who and what count as public in Canada. Critical essays stand alongside poetry as visual and editorial reminders of the cross-pollination required in thinking through both poetry and poetics. *Public Poetics* is divided into three thematic sections. The first contains essays surveying poetics in the present moment through the lens of the public/private divide, systematic racism in Canada, the counterpublic, feminist poetics, and Canadian innovations on

postmodern poetics The second section contains author specific studies of public poets The final section contains essays that use innovative renderings of poetics as a means of articulating alternative communities and practices Each section is paired with a collection of original poetry by ten contemporary Canadian poets This collection attends to the changing landscape of critical discourse around poetry and poetics in Canada and will be of use to teachers and students of poetry and poetics

Julian Rice, 2017-06-16 In 1963 Stanley Kubrick declared Dr Strangelove came from my desire to do something about the nuclear nightmare Thirty years later he was preparing to film another story about the human impulse for self destruction Unfortunately the director passed away in 1999 before his project could be fully realized However fellow visionary Steven Spielberg took on the venture and A.I. Artificial Intelligence debuted in theaters two years after Kubrick's death While Kubrick's concept shares similarities with the finished film there are significant differences between his screenplay and Spielberg's production In Kubrick's Story Spielberg's Film A.I. Artificial Intelligence Julian Rice examines the intellectual sources and cinematic processes that expressed the extraordinary ideas of one great artist through the distinctive vision of another A.I. is decidedly a Kubrick film in its concern for the future of the world and it is both a Kubrick and a Spielberg film in the alienation of its central character However Spielberg's alienated characters evolve through friendships while Kubrick's protagonists are markedly alone Rice explores how the directors disparate sensibilities aligned and where they diverged By analyzing Kubrick's treatment and Spielberg's finished film Rice compares the imaginations of two gifted but very different filmmakers and draws conclusions about their unique conceptions Kubrick's Story Spielberg's Film is a fascinating look into the creative process of two of cinema's most profound auteurs and will appeal to scholars of film as well as to fans of both
