The Work of Faith Justin Nickel,2020-08-31 Many scholars assume that Luther advocates for a Christian life in which human beings are always passive recipients of God's grace as it is delivered in preaching and mere instruments through which God works to serve their neighbors The Work of Faith Divine Grace and Human Agency in Martin Luther's Preaching offers a different reading of Luther's views on human agency by drawing on a fresh source Luther's preaching Using Luther's sermons in the Church Postil as a primary source Justin Nickel argues that Martin Luther preached as though Christians have real if secondary agency in the lives they lead before God and neighbor As a result Nickel presents a Luther substantively concerned with how Christians lead their lives

investigates Bonhoeffer's interpretation and use of Luther's theology in shaping his Christology. In this essay H. Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer's theology; he also shows how Bonhoeffer's conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer's thought. His thought was indeed radical and revolutionary, but it was so precisely because of its adherence to the classical traditions of the church, especially Luther's *theologia crucis*.

The Word of God and Theology

Karl Barth, 2011-07-07 *Listening to the Neighbor* Byungchul Lee, 2015-05-12

The Trinity can be understood as a social community with members speaking and listening to one another in love, or as Luther understood the Trinity as conversation. Then God's mission essentially involves mission in dialogue. Byungchul Lee contends the church has to embrace the dialogical dimension in missional terms because the triune God is the subject of mission. The missional church conversation has taken it for granted that local churches should speak and listen to their neighbors. In contrast, for many churches in Asia, including Korea, mission has generally tended to be practiced in a monological rather than dialogical manner. The neighbor has not been regarded as a conversational partner of the church but only as the object for its mission. In *Listening to the Neighbor*, Lee shows that some local churches have participated in God's mission by listening to their neighbors. He argues that listening is not a technique but a multifaceted learning process in missional terms. The church must nurture its hearts, eyes, and ears in order to listen to the sigh of its neighbors.

Through a Glass Darkly Holly Faith Nelson, Lynn R. Szabo, Jens Zimmermann, 2011-01-19

Suffering, the sacred, and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging, troubling, or impossible to represent. These intersecting concepts are used to mediate the gap between the spoken and the unspeakable, between experience and language, between body and spirit, between the immanent and the transcendent, and between the human and the divine. The twenty-five essays in *Through a Glass Darkly: Suffering, the Sacred, and the Sublime in Literature and Theory* written by international scholars working in the fields of literary criticism, philosophy, and history address the ways in which literature and theory have engaged with these three concepts and related concerns. The contributors analyze literary and theoretical texts from the medieval period to the postmodern age, from the works of Chaucer, Shakespeare, Donne, and Herbert to those of Endir Shaku, Alice Munro, Annie Dillard, Emmanuel Levinas, and Slavoj Žižek. This book will be of particular interest to scholars of religion and literature, philosophy, and literature, aesthetic theory, and trauma studies.

Sacramental Streams Richard Davenport, 2025-02-04

The church has long seen baptism as one of the means by which God delivers his grace to his people. Many passages in the New Testament detail the value of baptism and indicate its status as one of the primary gifts God gives. At the same time, Jesus' conversation with Nicodemus indicates the benefits of baptism should already be evident. The early church understood this and saw that God had been preparing his people for the sacrament from the very beginning. This book goes back through the Old Testament to draw on the various themes God has presented to inform and instruct his people about the sacrament.

would later institute By examining these themes in detail it is shown that though baptism is a one time event in the life of the Christian the baptized continue to receive its benefits Baptism not only functions as an ongoing means of God's grace but as the means by which God shapes his people into the holy nation he has called them to be *Perspectives on Christian Worship* J. Matthew Pinson, 2009 For laypersons and church leaders *Perspectives on Christian Worship* presents five differing views about worship styles hoping to determine which is most faithful to Scripture *Why the Reformation Still Matters* Michael Reeves, 2016-04-21 On 31 October 1517 Martin Luther posted his ninety five theses on the castle church door in Wittenberg More than any other event this has the best claim to be the starting gun that set the Reformation in motion Five hundred years later the Reformation still has important things to say In this clear incisive and accessible survey Michael Reeves and Tim Chester show how the Reformation helps us answer questions like How do we know what's true Can we truly know God How does God speak What's wrong with us How can we be saved Who am I That many people today find the Reformation strange and remote exposes our preoccupation with this material world and this momentary life If there is a world beyond this world and a life beyond this life then it doesn't seem to matter very much to us At its heart the Reformation was a dispute about how we know God and how we can be right with him At stake was our eternal future and it still is **Protestant Virtue and Stoic Ethics** Elizabeth Agnew Cochran, 2017-12-28 The Stoics are known to have been a decisive influence on early Christian moral thought but the import of this influence for contemporary Christian ethics has been underexplored Elizabeth Agnew Cochran argues that attention to the Stoics enriches a Christian understanding of the virtues illuminating precisely how historical Protestant theology gives rise to a distinctive virtue ethic Through examining the dialogue between Roman Stoic ethics and the work of Martin Luther John Calvin and Jonathan Edwards Cochran illuminates key theological convictions that provide a foundation for a contemporary Protestant virtue ethic consistent with theological beliefs characteristic of the historical Reformed tradition *The Woman at the Well* Janeth Norfleete Day, 2021-10-11 The theme of the book is that by integrating traditional historical methods of interpretation with more recent literary and sociological methods it is possible to propose an alternative understanding of the character and role of the Samaritan woman in John 4 The contents include a survey of the interpretive tradition concerning the Samaritan woman in the church's exegesis in artistic renderings and in literary compositions from the Patristic Period until the Modern Era The book concludes with the author's alternative interpretation which proposes a pious Samaritan woman vs the traditional immoral one This book is useful as a model for a synthetic approach to biblical interpretation that utilizes both historical and more contemporary methods Additionally it demonstrates one possible avenue by which biblical and theological scholars can participate in interdisciplinary studies *Nature as Spiritual Practice* Steven Chase, 2011-05-17 Chase's innovative work uses a compelling blend of theological scriptural historical and cultural discussions to reclaim the role of nature in the formation of Christian spiritual and moral identity **Jesus the Savior** William Carl Placher, 2001-01-01 Arguing that Jesus
