Graphic Henry Ofori, 1969-05-08 **There Was Another Country** W. Forje, 2021-08-11 In this comprehensive well reasoned critical richly documented and boldly argued account on the Anglophone Southern Cameroons Ambazonia crisis John Forje a foremost scholar of identity politics in Cameroon offers insightful explorations and explanations of histories and cultures of telling truth to power that have come to be associated with the people of the English speaking region of Cameroon The book offers realistic perspectives for the reinstitution of justice equality and democratic governance in a country of plenty but lavishing in endemic underdevelopment Forje argues among other things that the current Anglophone crisis is the exhibition of one reality that more than half a century after independence and unification most Cameroonians are grossly disillusioned with their leaders The country has had only two presidents since independence Ahmadou Ahidjo and Paul Biya with the latter occupying the presidency for 40 years since 1982 and counting If something concrete is not undertaken now the cleavages of division would widen to a dangerous end Dark clouds hang over the future of the country Uncertainty about national unity and stability is hardly a solid foundation for a country aspiring to be an emerging polity by 2035 There is an urgent need for a broader dimension of political dispensation in Cameroon The book calls for proper soul searching critical analysis and a new comprehensive and visionary mindset to build a new country out of the ashes of the

existing crumbling or failed polity The need to re rail Cameroon on the democratic train and on the path of sustainable development cannot be overemphasized **Johnson's English Dictionary** Samuel Johnson,1829 **Not Light, but Fire** Matthew Kay,2023-10-10 Do you feel prepared to initiate and facilitate meaningful productive dialogues about race in your classroom Are you looking for practical strategies to engage with your students Inspired by Frederick Douglass s abolitionist call to action it is not light that is needed but fire Matthew Kay has spent his career learning how to lead students through the most difficult race conversations Kay not only makes the case that high school classrooms are one of the best places to have those conversations but he also offers a method for getting them right providing candid guidance on How to recognize the difference between meaningful and inconsequential race conversations How to build conversational safe spaces not merely declare them How to infuse race conversations with urgency and purpose how to thrive in the face of unexpected challenges How administrators might equip teachers to thoughtfully engage in these conversations With the right blend of reflection and humility Kay asserts teachers can make school one of the best venues for young people to discuss race
