Furman Daniel III, T.K. Rogers, 2019-10-17 Unfortunately, much of what people believe about war in space has been shaped or misshaped by Hollywood and other forms of popular media. In this book, a STEM educator and a political science professor team up to explore the possibilities for warfare in space and explain why almost everything you've learned about space wars from movies is disappointingly wrong. The truth is stranger and more interesting than fiction. Using history, politics, and STEM as guides, this book provides a detailed account of how Earth's first war in space will be fought. As we show, it will begin not as an invasion of Earth by super-advanced aliens but by Earth starting a war with its Martian colony. **New York Magazine**, 1987-05-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. **Building Yanhuítlan** Alessia Frassani, 2017-10-12 Through years of fieldwork in the state of Oaxaca

Mexico art historian and archaeologist Alessia Frassani formulated a compelling question How did Mesoamerican society maintain its distinctive cultural heritage despite colonization by the Spanish In *Building Yanhuitlan* she focuses on an imposing structure a sixteenth century Dominican monastery complex in the village of Yanhuitlan For centuries the buildings have served a central role in the village landscape and the lives of its people Ostensibly there is nothing indigenous about the complex or the artwork inside So how does such a place fit within the Mixteca where Frassani acknowledges a continuity of indigenous culture in the towns plazas markets churches and rural surroundings To understand the monastery complex and Mesoamerican cultural heritage in the wake of conquest Frassani calls for a shifting definition of indigenous identity one that acknowledges the ways indigenous peoples actively took part in the development of post conquest Mesoamerican culture Frassani relates the history of Yanhuitlan by examining the rich store of art and architecture in the town s church and convent bolstering her account with more than 100 color and black and white illustrations She presents the first two centuries of the church complex s construction works maintenance and decorations as the product of cultural political and economic negotiation between Mixtec caciques Spanish encomenderos and Dominican friars The author then ties the village s present day religious celebrations to the colonial past and traces the cult of specific images through these celebrations history Cultural artifacts Frassani demonstrates do not need pre Hispanic origins to be considered genuinely Mesoamerican the processes attached to their appropriation are more meaningful than their having any pre Hispanic past Based on original and unpublished documents and punctuated with stunning photography *Building Yanhuitlan* combines archival and ethnographic work with visual analysis to make an innovative statement regarding artistic forms and to tell the story of a remarkable community
