

The Lunchroom Murder

Background

On a Thursday afternoon, a customer named Fannie was shot in a diner. So far, there are 4 main suspects being Eric the store manager and 3 other customers nicknamed A, B, C, and D. Before the culprit left the diner, he left a handprint against the wall.

In conclusion,

from the footprints to the handprint, Customer C is the culprit of the murder.

The culprit

Using the given information, we believe that customer C killed Fannie.

Eric

Customer A

Customer B

Counterclaim/Rebuttal

Without said, one could argue that it wouldn't make sense for Fannie to be customer A as there weren't footprints in the direction of the body. This is incorrect as the only relevant footprints, I already belong to Eric. While was inspecting the floor we learned a possibility that long that the floor was most likely spilled since the water wasn't evenly distributed. This leaves Fannie being walking down the street before the bullet was spilled. Which justifies on why Customer A was Fannie.

Readers' Guide to Periodical Literature Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1925 An author subject index to selected general interest periodicals of reference value in libraries [The JFK Assassination](#) Don Becker,2010-12 Revised February 2011 I called the book a researcher s guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as

much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his prey s expected arrival which Oswald was not But wait there s more Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstone s book *High Treason* **Deal With It** Mary Huebner, 2009-12-15 Anger is a regular part of every middle school girl s world Often times this anger can appear as open aggression where girls bully one another or they can unhealthily suppress their anger But there are godly and appropriate ways students can respond to situations that make them angry *Deal With It* gives youth leaders the tools to help middle school girls deal with their anger Through activities that include reading and responding to stories about Maria a fictional teen students will learn to recognize their anger and find healthy ways to express their emotions A.L.A.
