Transmission Ambrose Ibsen, 2018-08-20 A Voice From Beyond The Grave College students Kenji and Dylan stumble upon a strange recording in the background of an obscure song It s a woman s voice uttering a string of seemingly random characters Upon further inspection the song appears to have been embedded with a hidden message Attempting to crack the mysterious code and becoming obsessed with the recording Kenji and Dylan set off in search of answers With every turn in the road however the puzzle only seems to grow more complicated And sinister Retired Vietnam vet Reggie Cash is also drawn in by this message and before long both he and the two college students are on the trail of the mysterious woman featured in the recording But who is she and where is she leading them As things fall into place and strange events unfold the three of them begin to wish that they d never heard the recording at all TRANSMISSION is a full length novel of supernatural horror and suspense by Ambrose Ibsen *Honda 250 and 360cc Twins, 1974-1977* Ed Scott, 1983

Brandt, 2023-05-17 When twenty year old high school dropout Dylan Thompson comes across a strange black briefcase with his name on it along with the name of a company that doesn t exist his life is quickly turned upside down Karen a woman from the future that has come back to protect him Michael a man from the future that has come back to kill him With scientific technology and biological weaponry and non stop action scenes that will keep you on the edge of your seat turning the pages until the very end The Secret Future will pull you in and never let you go A Cultural Dictionary of Punk Nicholas Rombes, 2010-06-01 Neither a dry as dust reference volume recycling the same dull facts nor a gushy gossip puff piece A Cultural Dictionary of Punk 1974 1982 is a bold book that examines punk as a movement that is best understood by placing it in its cultural field It contains myriad critical listening descriptions of the sounds of the time but also places those sounds in the context of history Drawing on hundreds of fanzines magazines and newspapers the book is in the spirit of punk an obsessive exhaustively researched and sometimes deeply personal portrait of the many ways in which punk was an artistic cultural and political expression of defiance A Cultural Dictionary of Punk is organized around scores of distinct entries on everything from Lester Bangs to The Slits from Jimmy Carter to Minimalism from Dot Dash to Bad Brains Both highly informative and thrillingly idiosyncratic the book takes a fresh look at how the malaise of the 1970s offered fertile ground for punk as well as the new wave post punk and hardcore to emerge as a rejection of the easy platitudes of the dying counter culture The organization is accessible and entertaining short bursts of meaning in tune with the beat of punk itself Rombes upends notions that the story of punk can be

told in a chronological linear fashion Meant to be read straight through or opened up and experienced at random A Cultural Dictionary of Punk covers not only many of the well known now legendary punk bands but the obscure forgotten ones as well Along the way punk s secret codes are unraveled and a critical time in history is framed and exclaimed Visit the Cultural Dictionaryof Punk blog here **Books Magazine** ,1998 **AB Bookman's Weekly** ,1997 *Honda 125, 150* ,1966
