relationships with the land you live on **Activating The Superhuman** Ronnie Landis,2011-05-11 Our world today is full of suffering from all different directions People in and out of hospitals negative influences everywhere artificial stimulation collapsing relationships a massively genetically altered food supply and somehow in the midst of chaos and confusion it appears to be the greatest time in history to be alive With the pain comes to healing with the ailment comes the medicine with the confusion comes the clarity We have never ever had more options as to where we are to take this journey which is meant to play out like a self directed movie We can direct it towards ill will and poor health or we can fuel our deepest desires and find ourselves in the midst of flourishing paradise unstoppable health extreme drive for life and the most abundant relationships possible We have focused on the problems of the past long enough it is time to start living the solutions The reality of mediocrity is fading fast the new era of unlimited potential has begun It is now time to awaken and activate the super human that lives in all of us True Heart, Solid Boundaries Catherine Gerdes,2020-11-05 In a step by step guide for healing inner child wounds and overcoming codependency certified integrative health coach Catherine Gerdes shares practical tools in depth reflections and Ayurvedic wisdom that targets mindset healing and self care practices while addressing the whole self to help others reconnect with their inner strength release stored away emotions and arrive home to themselves Throughout her manual Gerdes reminds others that through conscious living and loving we all have a chance to cocreate with the Divine while allowing ourselves to be guided from within True Heart Solid Boundaries shares tools reflections and Ayurvedic wisdom to lead others on a journey inward to heal and nurture their inner child overcome codependency and return home to their authentic truth **A Disturbing and Alien Memory** Douglas L. Mitchell,2008-12 In the late nineteenth century as the study of history shifted from the domain of letters into the social sciences novelists in the North and the West generally turned away from writing history Many southern novelists and poets however continued to undertake historical writing as an extension of their art form What made southern literary figures differ from their northern and western counterparts In A Disturbing and Alien Memory Douglas L Mitchell addresses this intriguing question by tracing a line of southern writers from the early nineteenth century to the mid twentieth finding that an obsessive need to defend the South and the oft noted rage to explain drove some creative writers to continue to make forays into history and biography in an effort to enter a more public sphere where they could more decisively influence interpretations of the past In the Romantic history of the nineteenth century Mitchell explains men of letters saw themselves as keepers of memory whose renderings of the past could help shape the future of the nation He explores the historical writing of William Gilmore Simms to trace the failure of Romantic nationalism in the growing split between North and South then turns to Thomas Nelson Page s effort to resurrect the South as a spiritual nation with a redeemed history after the Civil War Mitchell juxtaposes their work with that of William Wells Brown the pioneering African American historian and novelist who used the authority of history to write blacks into the American story Moving into the twentieth century Mitchell analyzes the historical component of the

Southern Agrarian project focusing on the tension between modernist aesthetics and polemical aims in Allen Tate's Civil War biographies. He then traces a path toward a viable historical vision. Robert Penn Warren's recovery of a tragic understanding and the creation of a compelling historical art in the work of Shelby Foote. Throughout Mitchell examines the peculiar dilemma of southern writers, the changing nature of history and its relation to the realm of letters and the question of public authority, shedding light on several neglected texts in the process, including Simms's *The Sack and Destruction of Columbia*, S. C. Brown's *The Negro in the American Rebellion*, Tate's *Jefferson Davis* and Warren's *John Brown*. Offering a new perspective on a perennial debate in southern letters, *A Disturbing and Alien Memory* provides a critical framework for a neglected genre in the southern literary canon.

The Feminine Principle in the Sikh Vision of the Transcendent Nikky-Guninder Kaur Singh, 1993-09-24 This work

is a critical analysis of Sikh literature from a feminist perspective It begins with Guru Nanak s vision of Transcendent Reality and concludes with the mystical journey of Rani Raj Kaur the heroine of a modern Punjabi epic The eight chapters of the book approach the Sikh vision of the Transcendent from historical scriptural symbolic mythological romantic existential ethical and mystical perspectives Each of these discloses the centrality of the woman and show convincingly that Sikh Gurus and poets did not want the feminine principle to serve merely as a figure of speech or literary device it was intended rather to pervade the whole life of the Sikhs The present work bolsters the claim that literary symbols should be translated into social and political realities and in so doing puts a valuable feminist interpretation on a religious tradition which has remained relatively unexplored in scholarly literature *Clairvoyance for Beginners* Alexandra Chauran,2014-07-08
