*Harper's Ten* J. Cressey, 2015-11-26 Lieutenant Callum Harper knows that his team are as tough as they come nine highly trained men and women and one battle robot who s eleven feet of pure cybernetic muscle But as they drop through the atmosphere of the uncharted planet Capsun 23 Cal can t shake the feeling that something is off about this mission Three data drones have previously touched down but quickly went dark And now all communication with a group of civilian researchers has been lost Intel suspects scavengers are to blame or at worst pirates But Cal s instincts are telling him otherwise All that s known about Capsun 23 is that the gravity is within acceptable limits the air is breathable and water is abundant Three things to encourage life but what kind of life Cal has never been one to back away from a potential fight but if his instincts are right a lone team simply won t cut it Not by a long shot *Harper's Bazaar* ,1867 *Harpers Weekly* ,1869

**Failing at Fairness** Myra Sadker, David Sadker, 2010-05-11 Failing at Fairness the result of two decades of research shows how gender bias makes it impossible for girls to receive an education equal to that given to boys Girls learning problems are not identified as often as boys are Boys receive more of their teachers attention Girls start school testing higher in every academic subject yet graduate from high school scoring 50 points lower than boys on the SAT Hard hitting and eye opening Failing at Fairness should be read by every parent especially those with daughters *Harper's Young People* ,1888 The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of W. Sarita Srivastava, 2024-03-19 Shows why diversity workshops fail and offers concrete solutions for a path forward Despite decades of anti racism workshops and diversity policies in corporations schools and nonprofit organizations racial conflict has only increased in recent years Are You Calling Me a Racist reveals why these efforts have failed to effectively challenge racism and offers a new way forward Drawing from her own experience as an educator and activist as well as extensive interviews and analyses of contemporary events Sarita Srivastava shows that racial encounters among well meaning people are ironically hindered by the emotional investment they have in being seen as good people Diversity workshops devote energy to defending recuperating educating and inwardly reflecting with limited results and these exercises often make things worse These Feel Good politics of race Srivastava explains train our focus on the therapeutic and educational rather than on concrete practices that could move us towards true racial equity In this type of approach to diversity training people are more concerned about being called a racist than they are about changing racist behavior Are You Calling Me a Racist is a much needed challenge to the status quo of diversity training and will serve as a valuable resource for anyone dedicated to dismantling racism in their communities
