[Reprinted from the Harvard Alumni Bulletin.]

The Corporation has established the Harvard Commission on Western History on the terms suggested in a letter, dated January 27, 1912, which reads in part as follows:

"In the last few years the Department of History, the College Library, the Alumni Association, and a number of friends of the College have been making a strong effort to build up a great collection in the history and development of the West, broadly interpreted. We have as teacher of Western History the best known authority on the subject, and his appointment to Harvard has excited general satisfaction and enthusiasm among a number of Western graduates. We are also receiving from Mrs. William Hooper, in memory of her father, the late Charles Eliot Perkins, of Burlington, Iowa, a considerable annual sum for the purchase of books dealing with the West, and we are in course of time to build up such a collection on this subject that Harvard

Harvard's Classics Collection Complete 71 Volumes is a monumental anthology that serves as a comprehensive survey of the foundational texts and figures that have shaped Western literature and thought. This collection spans millennia encompassing works from ancient Greece to the Enlightenment and up through the 19th century showcasing a diverse range of literary styles including poetry philosophy fiction and scientific discourse. The inclusion of seminal works by figures such as Dante Alighieri William Shakespeare Plato and Charles Darwin amongst others highlights the anthologys breadth and depth offering readers an unparalleled insight into the various currents that have influenced Western cultural and intellectual history. The contributing authors and editors of this collection are each luminary in their own right having left indelible marks on their respective fields. This anthology not only collates works by philosophers scientists and literary giants but also orchestrates a dialogue among them offering a unique multidisciplinary perspective. The collection navigates through Renaissance humanism the Enlightenments valorization of reason and the romantic eras emphasis on individual emotion and natural beauty painting a rich historical and cultural panorama. Through their collective works this anthology encapsulates the essence of human thought and its evolution over the centuries. Harvards Classics Collection Complete 71 Volumes is an essential resource for those looking to immerse themselves in the rich tapestry of human knowledge and creativity. Whether for scholarly research educational pursuits or personal enrichment this collection offers an unmatched opportunity to engage with the texts that have served as cornerstones of Western culture. Readers are invited to explore this treasure trove of human experience thought and expression which continues to enlighten instruct and inspire generations.
