The Performative Representations of Masculinity in Quentin Tarantino's Cinema Justin Russell Greene,2023-08-22 In this book Justin Russell Greene examines how Quentin Tarantino uses his auteur identity to further cement the masculine tropes of Hollywood and ultimately society through language visual aesthetics and performative representations of masculinity in his films and media appearances Greene posits that the careful crafting of his auteur persona allows Tarantino to project a consistent version of what it means to be a writer director artist and that through his interview and speeches he reveals the deeper intensions behind the representations his characters present in his films However although he is valorized by audiences media personalities and peers as an artistic genius Tarantino traffics in many of the systemic issues embedded within the United States socio cultural environment Greene argues that although Tarantino promotes a political vision in his films and public appearances that illuminates the restrictions of hegemonic masculinity this is not sufficiently effective at truly disrupting entrenched ideologies about masculinity in U S culture due to how Tarantino hides his critical takes within genre stereotypes Scholars of film studies gender studies and popular culture will find this book of particular interest

The Spectral West Keith McDonald,Wayne Johnson,2025-07-08 This book considers the presence of the supernatural and Gothic elements of the Western on screen These dark and sinister undertones often exist in Western narratives to draw attention to the ever present issue of death and its haunting resonance which characters encounter This book examines this through key historic moments in Western film and its contemporary incarnations The book detects imposing correlations in themes and currents between the Gothic and the Western relating to existential crisis and a loss of faith in ideologies and institutions These themes represent the tensions between the old and the new the deranged insistence on civility and order in a chaotic landscape disillusionment and the shattering of faith in the natural order and even nature and order themselves The Western just like the Gothic tale reminds us that new frontiers are mired in the past and optimism and survival are hunted down and haunted by guilt ridden past and passed anxieties and traumas
