theft auto on her part She initially regrets coming to a place of such doom and gloom but perks up when Theodora arrives The two become instant BFFs Then they meet Dr Montague and Luke and wouldn't you know everyone gets along fabulously During the first night of the epic slumber party Dr Montague informs his three assistants of Hill House's terrifically terrifying past We are sad to admit that it lacks ghosts ghouls or curses from lands most ancient There was a suicide though and some pneumonia and plenty of family bickering over the good china The four settle in over the next few days and Hill House stretches its supernatural muscles Strange happenings occur bangs echo up and down the hallway doors slam shut for no obvious reason and messages appear across the hall walls The House even goes all animal rights activist and throws blood on Theodora's clothes Eleanor seems particularly vulnerable to Hill House's ways She experiences all the manifestations the others do and a few special ones meant just for her Although harrowing the experiences excite and enthrall Eleanor who feels her life has been wasted up until her time here Her bond with the house strengthens Enter Mrs Montague and her faithful companion Arthur to solve the case They aren't armed with PKE meters proton packs or ghost traps but they brought a planchette and a belief in the supernatural As Mrs Montague performs her investigations Eleanor's relationship with the others deteriorates and Eleanor loses herself to Hill House

*The Haunted House* Charles Dickens, 2014-10-23 My health required a temporary residence in the country and a friend of mine who knew that and who had happened to drive past the house had written to me to suggest it as a likely place I had got into the train at midnight and had fallen asleep and had woke up and had sat looking out of window at the brilliant Northern Lights in the sky and had fallen asleep again and had woke up again to find the night gone with the usual discontented conviction on me that I hadn't been to sleep at all upon which question in the first imbecility of that condition I am ashamed to believe that I would have done wager by battle with the man who sat opposite me That opposite man had had through the night as that opposite man always has several legs too many and all of them too long In addition to this unreasonable conduct which was only to be expected of him he had had a pencil and a pocket book and had been perpetually

listening and taking notes It had appeared to me that these aggravating notes related to the jolts and bumps of the carriage and I should have resigned myself to his taking them under a general supposition that he was in the civil engineering way of life if he had not sat staring straight over my head whenever he listened He was a goggle eyed gentleman of a perplexed aspect and his demeanour became unbearable
