Labor Rights And Multinational Production Cambridge Studies In Comparative Politics

LL Leslie

Labor Rights And Multinational Production Cambridge Studies In Comparative Politics:

Labor Rights and Multinational Production Layna Mosley, 2010-11-01 Labor Rights and Multinational Production investigates the relationship between workers rights and multinational production Mosley argues that some types of multinational production embodied in directly owned foreign investment positively affect labor rights But other types of international production particularly subcontracting can engender competitive races to the bottom in labor rights To test these claims Mosley presents newly generated measures of collective labor rights covering a wide range of low and middle income nations for the 1985 2002 period Labor Rights and Multinational Production suggests that the consequences of economic openness for developing countries are highly dependent on foreign firms modes of entry and more generally on the precise way in which each developing country engages the global economy The book contributes to academic literature in comparative and international political economy and to public policy debates regarding the effects of globalization The Oxford Handbook of Industrial Hubs and Economic Development Arkebe Oqubay, Justin Yifu Lin, 2020-07-23 Industrialization supported by industrial hubs has been widely associated with structural transformation and catch up But while the direct economic benefits of industrial hubs are significant their value lies first and foremost in their contribution as incubators of industrialization production and technological capability and innovation The Oxford Handbook of Industrial Hubs and Economic Development adopts an interdisciplinary approach to examine the conceptual underpinnings review empirical evidence of regions and economies and extract pertinent lessons for policy researchers and practitioners on the key drivers of success and failure for industrial hubs This Handbook illustrates the diverse and complex nature of industrial hubs and shows how they promote industrialization economic structural transformation and technological catch up It explores the implications of emerging issues and trends such as environmental protection and sustainability technological advancement shifts in the global economy and urbanization **Politicized Enforcement in Argentina** Matthew Amengual, 2016 Amengual investigates how labor and environmental regulations can be enforced by drawing on a study of politics in Argentina The Oxford Handbook of International Political Economy, 2025-01-17 The field of International Political Economy IPE has rapidly developed into a central pillar in the study of International Relations and its interdisciplinary roots make it a rich and productive area of scholarly interest This Oxford Handbook analyses and evaluates the state of the art in IPE research Bringing together leading experts from a wide geographical and theoretical spectrum the Handbook provides accessible and comprehensive surveys on topics central to the study of International Political Economy As IPE scholarship evolves to explore global events such as financial crises and trade wars examining how politics is both a cause and a consequence of economics it highlights the practical and problem driven nature of the field The Handbook considers the purported European North American divide and the impact of the surrounding debate on the approach taken to the field The chapters review the scholarly literature outline future research opportunities and consider the ways in which world events

have contributed to new research in the field The Handbook covers both the theoretical and methodological foundations of the field as well as substantive topics within it including regulation foreign aid migration NGOs capital political military relations and many others The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Melbourne and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal's original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

Labor Standards in International Supply Chains Daniel Berliner, Anne Regan Greenleaf, Milli Lake, Margaret Levi, Jennifer Noveck, 2015-05-29 The authors examine developments in labor standards in global supply chains over the past thirty years analyzing factors that create challenges and opportunities for improving working conditions They illustrate the complex dynamics within and among key groups including brands suppliers governments workers and consumers

Multinational Corporations and Organization Theory Christoph Dörrenbächer, Mike Geppert, 2017-02-24 This volume covers a range of on going and newly emerging debates in the study of multinational companies MNCs A key aim is to consolidate and make available in one place new conceptual methodological and critical MNC research

[The International Defense of Workers](#) Kevin J. Middlebrook, 2024-04-23 International trade agreements have often been criticized for limited attention to the rights of workers The North American Agreement on Labor Cooperation NAALC a side agreement to the North American Free Trade Agreement NAFTA stands out for linking labor rights provisions to a U S trade agreement Kevin J Middlebrook provides a comprehensive and systematic examination of the NAALC assessing its efficacy in protecting workers rights over the entire period it was in effect and demonstrating its broader significance for the role of trade and labor standards in U S foreign policy Placing the NAALC in comparative context Middlebrook considers various ways of promoting workers rights and how other U S international trade agreements have influenced labor rights abroad He investigates the origins of the agreement the political controversies among Canada Mexico and the United States over its scope how the agreement operated in practice and its longer term policy legacies Middlebrook emphasizes the tension between state sovereignty and the international promotion of labor rights in the negotiation and implementation of trade agreements as well as how labor movements in one partner country can galvanize action in others Drawing on interviews with high level officials involved in the trade negotiations and previously unexamined primary sources The International Defense of Workers is a groundbreaking analysis of the effects of U S trade agreements on labor rights

The Politics of Fair Trade Sean Ehrlich, 2018-04-04 The Politics of Fair Trade argues that fair trade is more than just

labels on specialty coffee products Nor is fair trade just protectionism in disguise Rather fair trade is opposition to unrestricted trade based on sincere concerns about environmental and labor conditions abroad Fair traders are not trying to protect jobs or the economy at home but do not want to see workers exploited and the environment degraded in their trading partners Academics and policymakers are ill equipped to deal with fair trade concerns because they wrongly assume trade preferences run along a single dimension from free trade to protection This book introduces a multidimensional theory of trade policy preferences arguing that people can oppose trade for different and unrelated reasons The book then demonstrates using public opinion data in the U S and EU and Congressional voting data in the U S that fair traders are sincere and not simply protectionists The book demonstrates why fair trade poses a threat to free trade and argues that free traders should include stronger and enforceable labor and environmental standards in trade agreements in order to win the support of fair traders Doing so will enable free trade to continue while also helping to improve conditions in developing countries satisfying the concerns of both free traders and fair traders

The Oxford Handbook of Employment Relations

Adrian Wilkinson, Geoffrey Wood, Richard Deeg, 2014-03 This Handbook is a comparative treatment of employment relations providing frameworks and empirical evidence for understanding trends in different parts of the world

The Universal Republic Mathias Koenig-Archibugi, 2024-07-12 Can humanity achieve collective self government in a highly interdependent world Catastrophic climate change biodiversity loss pandemics war and displacement the dangers of nuclear weapons and new technologies and persistent poverty and inequality are among the global challenges that expose the weaknesses of existing international institutions as well as the profound disparities of power and vulnerability that exist among the world s people The Universal Republic A Realistic Utopia examines whether a democratic world state is a feasible and desirable solution to the problem of establishing effective and just governance on the planet we share While this question has haunted thinkers and doers for centuries this book opens up novel perspectives by putting the powerful methods and rich data of contemporary social science into the service of a systematic analysis of several key dimensions of the broader theme The first part of the book shows why a democratic world state a universal republic is possible why it can be achieved and how it can endure without generating a frightful global despotism The second part of the book shows why the universal republic is desirable by exploring how it can help bring under our collective control the persistent sources of coercion harm and other processes that affect us deeply across national borders By combining insights from political philosophy and empirical political science this work sheds new light on a crucial question of our time how to bring about a more democratic world

Beyond Free Trade K. Ervine, G. Fridell, 2015-04-08 The world of trade is changing rapidly from the rise of the South to the growth of unconventional projects like fair trade and carbon trading Beyond Free Trade advances alternative ways for understanding these new dynamics based on historical political or sociological methods that go beyond the limitations of conventional trade economics

International Organizations in Global Social Governance Kerstin Martens, Dennis

Niemann,Alexandra Kaasch,2021-04-06 International Organizations IOs are important actors within global social governance They provide forums for exchange contention and cooperation about social policies Our knowledge about the involvement of IOs varies significantly by policy fields and we know comparatively little about the specific roles of IOs in social policies This volume enhances and systematizes our understanding of IOs in global social governance It provides studies on a variety of social policy fields in which different but also the same IOs operate The chapters shed light on IO involvement in a particular social policy field by describing the population of participating IOs exploring how a particular global social policy field is constituted as a whole and which dominant IOs set the trends The contributors also examine the discourse within and between these IOs on the respective social policies As such this first of its kind book contributes to research on social policy and international relations both in terms of theoretical substantiation and empirical scope **Global Governance through**

Trade Jan Wouters,Axel Marx ,Dylan Geraets,Bregt Natens,2015-11-27 A new generation of EU trade policies aims to advance public goods such as promoting sustainable development protecting human rights and enhancing governance in third states The pursuit of these objectives raises important questions regarding coherence effectiveness legitimacy and extraterritoriality In Global Governance through Trade leading scholars from different disciplines address these topical questions The book contains a comprehensive analysis of the concept of governing through trade and investigates how the EU exports regulation through conditional market access regulation bilateral trade agreements and unilateral trade policy Several case studies complement the general analysis and provide an in depth assessment of the European Union s new trade policies This multidisciplinary book will be an enlightening read for a wide ranging audience encompassing academics policymakers policy analysts and students of amongst others trade law and policy global governance sustainable development human rights and labor standards The Political Economy of Employment Relations Aslihan Aykac,2016-07-22

Employment has changed dramatically in the last few decades with the onset of neoliberal globalization This change has become the objective of inquiry from different perspectives such as development studies labour economics or industrial relations focusing on different units of analysis The Political Economy of Employment Relations provides an exceptional contribution to existing literature by presenting alternative theory and practice on employment relations It is within this critical theoretical intervention that solidarity economies emerge as a unique theoretical construct as well as a unit of analysis to expose the alternative paths that employment relations may resort to against the contemporary challenges of neoliberal globalization This book analyses globalization global economic crisis and issues of work and labour from the point of view of the developing world presenting local case studies from countries including the USA India Spain and Greece and outlining alternative approaches to global challenges This volume has relevance to those with an interest in industrial relations sociology of work and occupations labour economics and development economics **Mobilizing Restraint**

Emmanuel Teitelbaum,2011 In Mobilizing Restraint Emmanuel Teitelbaum argues that contrary to conventional wisdom

democracies are better at managing industrial conflict than authoritarian regimes This is because democracies have two unique tools at their disposal for managing worker protest mutually beneficial union party ties and worker rights By contrast authoritarian governments have tended to repress unions and to sever mutually beneficial ties to organized labor Many of the countries that fall between these two extremes from those that have only the trappings of democracy to those that have imperfectly implemented democratic reforms exert control over labor in the absence of overt repression but without the robust organizational and institutional capacity enjoyed by full fledged democracies Based on the recent history of industrial conflict and industrial peace in South Asia Teitelbaum argues that the political exclusion and repression of organized labor commonly witnessed in authoritarian and hybrid regimes has extremely deleterious effects on labor relations and ultimately economic growth To test his arguments Teitelbaum draws on an array of data including his original qualitative interviews and survey evidence from Sri Lanka and three Indian states Kerala Maharashtra and West Bengal He also analyzes panel data from fifteen Indian states to evaluate the relationship between political competition and worker protest and to study the effects of protective labor legislation on economic performance In Teitelbaum s view countries must undergo further political liberalization before they are able to replicate the success of the sophisticated types of growth enhancing management of industrial protest seen throughout many parts of South Asia

Research Handbook on the Politics of Human Rights

Law Bård A. Andreassen,2023-01-20 International human rights law is undoubtedly intertwined with politics and so this Research Handbook explores and provokes reflection on how politics impacts human rights legislation and conversely how human rights law shapes politics and the functioning of the state Bringing together leading international scholars in human rights law and politics the Research Handbook provides theoretical reflections and empirical analyses across the areas of governance and policies and examines the implementation mechanisms of human rights law in national and international jurisdictions

Global Governance of Labour Rights Axel Marx,Jan Wouters,Glenn Rayp,Laura Beke,2015-11-27 Stories and images of collapsed factories burned down sweatshops imprisoned migrant workers child workers and many other violations of internationally recognized labour rights continue to spread across the globe This highly topical book examines the different instruments which are intended to protect labour rights on a transnational scale and asks whether they make a difference With perspectives from law management sociology political science and political economy the topics discussed include the protection of international labour rights in a globalizing economy the EU s social dimension in its external trade relations Asian and US perspectives on labour rights in international trade agreements the role of trade unions in global labour governance and the transformative capacity of private labour governance regimes Academics and advanced students from different disciplines will benefit from the up to date empirical material in this study Policymakers NGOs and Unions will find the discussions of the instruments used to protect labour rights of great value to their work

Dimensiones sociopolíticas y económicas de la crisis global y su impacto en los países emergentes ,2017-06-05 En este libro sus autores

examinan las interdependencias entre los distintos centros económicos mundiales y los efectos de este acontecimiento sobre la diversidad de los capitalismos que caracterizan tanto a los países centrales como a los emergentes También estudian las relaciones entre China y los países de América Latina así como los efectos de la globalización y de su crisis sobre temas que van desde el núcleo económico hasta el sociopolítico Adicionalmente los trabajos aquí reunidos examinan temas centrales como son las formas de trabajo los sindicatos el campo y el sistema electoral

Business and Human Rights Dorothee Baumann-Pauly, Justine Nolan, 2016-04-28 In a global economy multinational companies often operate in jurisdictions where governments are either unable or unwilling to uphold even the basic human rights of their citizens The expectation that companies respect human rights in their own operations and in their business relationships is now a business reality that corporations need to respond to Business and Human Rights From Principles to Practice is the first comprehensive and interdisciplinary textbook that addresses these issues It examines the regulatory framework that grounds the business and human rights debate and highlights the business and legal challenges faced by companies and stakeholders in improving respect for human rights exploring such topics as the regulatory framework that grounds the business and human rights debate challenges faced by companies and stakeholders in improving human rights industry specific human rights standards current mechanisms to hold corporations to account future challenges for business and human rights With supporting case studies throughout this text provides an overview of current themes in the field and guidance on practical implementation demonstrating that a thorough understanding of the human rights challenges faced by business is now vital in any business context

Disaggregating China, Inc. Yeling Tan, 2021-10-15 Set in the aftermath of China's entry into the World Trade Organization Disaggregating China Inc questions the extent to which the liberal internationalist promise of membership has been fulfilled in China Yeling Tan unpacks the policies that various Chinese government actors adopted in response to WTO rules and shows that rather than disciplining the state WTO entry provoked a divergence of policy responses across different parts of the complex party state Tan argues that these responses draw from three competing strategies of economic governance market substituting directive market shaping developmental and market enhancing regulatory She uses innovative web scraping techniques to assemble an original dataset of over 43 000 Chinese industry regulations identifying policies associated with each strategy Combining textual analysis with industry data in depth case studies and field interviews with industry representatives and government officials Tan demonstrates that different Chinese state actors adopted different logics of adjustment to respond to the common shock of WTO accession This policy divergence originated from a combination of international and domestic forces Disaggregating China Inc breaks open the black box of the Chinese state explaining why WTO rules usually thought to commit states to international norms instead provoked responses that the architects of those rules neither expected nor wanted

Recognizing the habit ways to get this books **Labor Rights And Multinational Production Cambridge Studies In Comparative Politics** is additionally useful. Labor Rights And Multinational Production Cambridge Studies In Comparative Politics Introduction

In today's digital age, the availability of Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Labor Rights And Multinational Production Cambridge Studies In Comparative Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact.

associated with book production and transportation. Furthermore, Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Labor Rights And Multinational Production Cambridge Studies In Comparative Politics books and manuals for download and embark on your journey of knowledge?

FAQs About Labor Rights And Multinational Production Cambridge Studies In Comparative Politics Books

What is a Labor Rights And Multinational Production Cambridge Studies In Comparative Politics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Labor Rights And Multinational Production Cambridge Studies In Comparative Politics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Labor Rights And Multinational Production Cambridge Studies In Comparative Politics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Labor Rights And Multinational Production Cambridge Studies In Comparative Politics PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Labor Rights And Multinational Production Cambridge Studies In Comparative Politics PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
