- If we pick Shakespeare's definition of mankind... how it have to be restricted to Hamlet and the reading or are we allowed to refer to his other works that help us understand his definition of mankind?
- Modern English evolved significantly by the time Henry the 8th came to the throne
- Shakespeare and his name in the bible
- The great vowel shift
- The Canterbury Tales -- going to towards a medical cure/doctors. (William Blake has a drawing that he made depicting the entourage)
- Each pair represents a different humour
- Eclogues -- singing match... one that took place b/w Hesiod and Homer about who has the better poem
- TCT - the military leads the entourage/leads the way. What is chivalry? The old fashioned Knight represents warfare. Chaucer hyperbolizes most of the characters. Chaucerian irony. It represents old age, anachronism and winter. He says the whole point is that the night is for his muscle and for the purpose of guarding. The actual Canterbury Tales end on a hill... as the pilgrims emerge
- The squire is the courtly lover. What is courtly love? -- A court of a Burgundy princess... bad sanitation conditions, dark hallways, people coming to make appeals, courtiers, functionaries... order to codify relationships between the sexes ('a game'). Formed rules on the basis of equal rights. (from the book of The Art of Courtly Love). Men have to impress women with their creative art, their respect, their affection.
- The oven is dressed in green... he is armed to the teeth. He's 'autumn' - dressed in brown and green. He acts as the muscle for the pilgrims.
- The character in charge of the nun's abbey... she flirts, she's coy. Egline (a failed female courtly lover). Her name means small nose. She's well educated and has good table manners. She is summer. She's not supposed to wear jewelry but she does... 'love conquers all'. Chaucer criticism the church system.
- The monk -- the monk is Sanguin. He is athletic, eats roast swans (swans are considered royalty... not accessible to most people). He is everything a monk should not be. He has a gold love knot. He is not in his cloisters.
- The peasants -- no one cares about them.
- The sumner pg 59 - his job is to blackmail people. He has tried everything on his face... even laundry detergent. He has syphilis.
- The Fryer... is hearing confessions he should not be hearing
- Merchant... is a mixture of various colours
- Student... can become a clerk or a lawyer. Suggestion that he's conceited.
- The Franklin... associated with the colour red and excess
- The cook who accompanies Franklin.
- Tailor
- Carpenter
- Tapestry maker (needed tapestry for walls to keep them warm and to avoid the formation of mould)
- 'What's a mormot (check spelling)... puss
- The cook is followed by a Shipan (carries ships on the rocks)
- Doctor who treats people with gold. He loves gold and is able to get it. Doctor's believed that if you had a problem and if you were injected with gold it would cure your problem.
- The Reeve (?) is hot and dry... choleric
- The point of this story -- healthcare matters and the way in which the maladies are defined are based on the four elements -- earth, water, fire and air. Melancholy.
