Steinacker, 2007-11-23 This volume summarizes the proceedings of the Reissburg workshop which took place at Reissburg Castle in November 1997 The castle is built on the site of an ancient Roman compound and situated in the south of Germany at the Danube river Scientists from Australia Austria Belgium Estonia Germany Italy Netherlands South Africa Switzerland and the United States participated in the workshop Like the 1996 workshop the proceedings of which will be published in *Medicine and Science in Sports and Exercise* in 1998 the 1997 workshop also focused on the topic of overtraining in its widest sense to deepen our knowledge in this particularly sensitive field of sports science and sports practice The authors see the present volume in a context with the proceedings presented by Guten ed Running Injuries Saunders Philadelphia 1997 and Kneider Fry and O Toole eds Overtraining in Sport Human Kinetics Champaign IL 1997 Overtraining that is too much stress combined with too little time for regeneration can be seen

as a crucial and threatening problem within the modern athletic community of which significance can already be recognized reading daily newspapers During the 1996 European championships a gymnast shook his head almost imperceptibly closed his eyes briefly and left the arena without looking up He was fatigue personified Suddenly I just couldn't do any more I just wanted to rest A look at his schedule showed why

Periodization Training for Sports Tudor O. Bompá, Carlo Buzzichelli, 2015-02-17 Sport conditioning has advanced tremendously since the era when a no pain no gain philosophy guided the training regimens of athletes Dr Tudor Bompá pioneered most of these breakthroughs proving long ago that it's not only how much and how hard an athlete works but also when and what work is done that determine an athlete's conditioning level Periodization Training for Sports goes beyond the simple application of bodybuilding or powerlifting programs to build strength in athletes In this new edition of Periodization Training for Sports Bompá teams with strength and conditioning expert Carlo Buzzichelli to demonstrate how to use periodized workouts to peak at optimal times by manipulating strength training variables through six training phases anatomical adaptation hypertrophy maximum strength conversion to specific strength maintenance and tapering and integrating them with energy system training and nutrition strategies Coaches and athletes in 35 sports have at their fingertips a proven program that is sure to produce the best results No more guessing about preseason conditioning in season workloads or rest and recovery periods now it's simply a matter of identifying and implementing the information in this book Presented with plenty of ready-made training schedules Periodization Training for Sports is your best conditioning planner if you want to know what works why it works and when it works in the training room and on the practice field Get in better shape next season and reap the benefits of smarter workouts in competition Own what will be considered the bible of strength training for sport of the next decade
