# KEEPING OUT THE OTHER

A Critical Introduction to  
Immigration Enforcement Today

# Keeping Out The Other A Critical Introduction To Immigration Enforcement Today

**Saul Takahashi**

## **Keeping Out The Other A Critical Introduction To Immigration Enforcement Today:**

**Keeping Out the Other** David Brotherton, Philip Kretsedemas, 2008 With contributions from social scientists policy analysts legal experts community organisers and journalists this text provides a history and analysis of immigration enforcement in the United States

*The Immigrant Other* Rich Furman, Greg Lamphear, Douglas Epps, 2016-03-01 The immigrants profiled in *The Immigrant Other* shed light on a system designed to dehumanize and disenfranchise them and they describe the difficulty of finding shelter in an increasingly globalized and unsympathetic world They include Muslims facing discrimination from both the War on Terror and the War on Immigration Latino day laborers Filipino immigrants supporting themselves and their families back home and Brazilian parents terrified of being separated from their naturalized children Immigrants living in Spain Australia Greece and Qatar are also represented showcasing the similarities and differences in the treatment of immigrants worldwide Each chapter in this anthology pairs a description of specific state national and transnational immigration laws and regulations with the testimony of individuals struggling to find legitimacy and sanctuary among them

**The Immigration Crucible** Philip Kretsedemas, 2012-02-07 In the debate over U S immigration all sides now support policy and practice that expand the parameters of enforcement Philip Kretsedemas examines this development from several different perspectives exploring recent trends in U S immigration policy the rise in extralegal state power over the course of the twentieth century and discourses on race nation and cultural difference that have influenced politics and academia He also analyzes the recent expansion of local immigration law and explains how forms of extralegal discretionary authority have become more prevalent in federal immigration policy making the dispersion of local immigration laws possible While connecting such extralegal state powers to a free flow position on immigration Kretsedemas also observes how these same discretionary powers have been used historically to control racial minority populations particularly African Americans under Jim Crow This kind of discretionary authority often appeals to states rights arguments recently revived by immigration control advocates Using these and other examples Kretsedemas explains how both sides of the immigration debate have converged on the issue of enforcement and how despite differing interests each faction has shaped the commonsense assumptions defining the debate

**Black Interdictions** Philip Kretsedemas, 2022-02-21 In *Black Interdictions* Philip Kretsedemas exposes the antiblack racism latent in the U S government's Haitian refugee policies of the 1980s and 1990s which set the tone for the criminalization of migrants and refugees in the new millennium and lead to the migration and refugee policies of the Trump era and beyond This type of radical exclusion is singular to the black experience and the black nonblack binary must be factored into an analysis of the US migration regime It is not possible to work together for equity and justice if we are not prepared to grapple with this divisive history and the instinct to avoid dealing with the singularity of the black experience This book will be of interest to scholars of migration and refugee studies black studies legal studies public policy and international relations and many

others      **Undocumented Immigrants in the United States** Anna Ochoa O'Leary, 2014-02-25 This two volume reference work addresses the dynamic lives of undocumented immigrants in the United States and establishes these individuals experiences as a key part of our nation s demographic and sociological evolution This two volume work supplies accessible and comprehensive coverage of this complex subject by consolidating the insights of hundreds of scholars who have studied the issues of undocumented immigration in the United States for years It provides a historical perspective that underscores the exponential growth of the undocumented population in the last three decades and presents a more nuanced more detailed and therefore more accurate portrait of undocumented immigrants than is available in general media Also included are recommended resources that will serve researchers seeking more information on topics regarding undocumented immigrants

*The Colorblind Screen* Sarah E. Turner, 2014-04-04 The election of President Barack Obama signaled for many the realization of a post racial America a nation in which racism was no longer a defining social cultural and political issue While many Americans espouse a colorblind racial ideology and publicly endorse the broad goals of integration and equal treatment without regard to race in actuality this attitude serves to reify and legitimize racism and protects racial privileges by denying and minimizing the effects of systematic and institutionalized racism In *The Colorblind Screen* the contributors examine television s role as the major discursive medium in the articulation and contestation of racialized identities in the United States While the dominant mode of televisual racialization has shifted to a colorblind ideology that foregrounds racial differences in order to celebrate multicultural assimilation the volume investigates how this practice denies the significant social economic and political realities and inequalities that continue to define race relations today Focusing on such iconic figures as President Obama LeBron James and Oprah Winfrey many chapters examine the ways in which race is read by television audiences and fans Other essays focus on how visual constructions of race in dramas like *24* *Sleeper Cell* and *The Wanted* continue to conflate Arab and Muslim identities in post 9 11 television The volume offers an important intervention in the study of the televisual representation of race engaging with multiple aspects of the mythologies developing around notions of a post racial America and the duplicitous discursive rationale offered by the ideology of colorblindness

**U.S. Border Security** Judith Ann Warner, 2010-07-20 This text provides an integrated view of post 9 11 security concerns over the United States s shared border with Mexico and Canada in regards to terrorism unauthorized migration drug and arms smuggling and other illegal trade The challenges facing U S Customs and Border Patrol are daunting There are 19 841 miles of American land and water boundaries to protect and 95 000 miles of shoreline and defined air space subject to homeland security surveillance Additionally the booming drug trade across the U S Mexico border combined with the ever increasing number of migrants wanting to reach our land of opportunity has resulted in a grim death toll more than 5 000 known migrant deaths have occurred along the U S Mexico border during 1995 2008 and in 2009 an estimated 9 635 Mexicans were killed in drug related violence with 2 573 people killed in Ciudad Juarez alone U S Border

Security focuses on the contrast between border security before and after the 9 11 terrorist attacks This text also examines the controversial topics of illegal immigration counterterrorism drug and weapons trafficking human smuggling the impact of border security on the movement of people and goods and the effect of the war on terrorism on civil and human rights

*Explaining U.S. Imprisonment* Mary Bosworth,2010 Explaining U S Imprisonment builds on and extends some of the contemporary issues of women in prison minorities and the historical path to modern prisons as well as the social influences on prison reform

**The Ashgate Research Companion to Migration Law, Theory and Policy** Satvinder S. Juss,2016-03-23 The Ashgate Research Companion to Migration Law Theory and Policy complements the already successful Ashgate series Law Migration established in 2006 which now has a number of well regarded monographs to its credit The purpose of this Companion is to augment that Series by taking stock of the current state of literature on migration law theory and policy and to sketch out the contours of its future long term development in what is now a vastly expanded research agenda The Companion provides readers with a definitive and dependable state of art review of current research in each of the chosen areas that is all embracing and all inclusive of its subject matter The chapters focus on the regional and the sub regional as well as the national and the global In so doing they aim to give a snap shot that is contextual coherent and comprehensive The contributors are both world renowned scholars and newer voices and include scholars practitioners former judges and researchers and policy makers who are currently working for international organisations

*Banished to the Homeland* David Brotherton,Luis Barrios,2011 The 1996 U S Immigration Reform and Responsibility Act has led to the forcible deportation of tens of thousands of Dominicans from the United States Following thousands of these individuals over a seven year period David C Brotherton and Luis Barrios use a unique combination of sociological and criminological reasoning to isolate the forces that motivate emigrants to leave their homeland and then commit crimes in the Unites States violating the very terms of their stay Housed in urban landscapes rife with gangs drugs and tenuous working conditions these individuals the authors find repeatedly play out a tragic scenario influenced by long standing historical injustices punitive politics and increasingly conservative attitudes undermining basic human rights and freedoms Brotherton and Barrios conclude that a simultaneous process of cultural inclusion and socioeconomic exclusion best explains the trajectory of emigration settlement and rejection and they mark in the behavior of deportees the contradictory effects of dependency and colonialism the seductive draw of capitalism typified by the American dream versus the material needs of immigrant life the interests of an elite security state versus the desires of immigrant workers and families to succeed and the ambitions of the Latino community versus the political realities of those designing crime and immigration laws which disadvantage poor and vulnerable populations Filled with riveting life stories and uncommon ethnographic research this volume relates the modern deportee s journey to broader theoretical studies in transnationalism assimilation and social control

**Social Justice in the U.S.-Mexico Border Region** Mark Lusk,Kathleen Staudt,Eva Moya,2012-06-12 The U S Mexico Border Region is among

the poorest geographical areas in the United States The region has been long characterized by dual development poor infrastructure weak schools health disparities and low wage employment More recently the region has been affected by the violence associated with a drug and crime war in Mexico The premise of this book is that the U S Mexico Border Region is subject to systematic oppression and that the so called social pathologies that we see in the region are by products of social and economic injustice in the form of labor exploitation environmental racism immigration militarism institutional sexism and discrimination health inequities a political economy based on low wage labor and the globalization of labor and capital The chapters address a variety of examples of injustice in the areas of environment health disparity migration unemployment citizenship women and gender violence mental health and drug violence The book proposes a pathway to development

**Women, Borders, and Violence** Sharon Pickering,2010-12-21 Women at the Border analyzes border policing practices currently informed by paradigms of securitization against unauthorized mobility and explores the potential for a paradigm shift to a more ethical regulation of borders By focusing on the ways women have sought to cross borders in extra legal fashion the book shows how border enforcement differentially impacts on some populations and makes the case that unauthorized migration requires management rather than repulsion and criminalization When facing the emerging and future challenges of unauthorized mobility border policing must be recast as a function of human rights that results in greater human security at the border Examining gender and border policing across Europe North America and Australia this book enhances our understanding of the gendered determinants of extra legal border crossing border policing and the changing dynamics of unauthorized mobility

**The Great American Mosaic** Gary Y. Okihiro,Lionel C. Bascom,James E. Seelye Jr.,Emily Moberg Robinson,Guadalupe Compeán,2014-09-30 Firsthand sources are brought together to illuminate the diversity of American history in a unique way by sharing the perspectives of people of color who participated in landmark events This invaluable four volume compilation is a comprehensive source of documents that give voice to those who comprise the American mosaic illustrating the experiences of racial and ethnic minorities in the United States Each volume focuses on a major racial ethnic group African Americans American Indians Asian Americans and Pacific Islanders and Latinos Documents chosen by the editors for their utility and relevance to popular areas of study are organized into chronological periods from historical to contemporary The collection includes eyewitness accounts legislation speeches and interviews Together they tell the story of America s diverse population and enable readers to explore historical concepts and contexts from multiple viewpoints Introductions for each volume and primary document provide background and history that help students understand and critique the material The work also features a useful primary document guide bibliographies and indices to aid teachers librarians and students in class work and research

**Archives** ,2023-11-23 Chapter 23 is published open access under a CC BY NC ND 4 0 license and is free to read or download from Oxford Academic Archives have never been more complex expansive or ubiquitous Gargantuan in scale and conception yet never sufficient or complete

the archive is on the one hand a space for empowerment and expression and on the other an instrument of constraint and repression The way in which the archive is structured made available and developed plays a central role in how societies define their values and ethics Archives Power Truth and Fiction is a wide ranging and innovative volume which highlights the vibrancy and urgency of the field by bringing together contributors from many different disciplines and backgrounds including archivists historians literary scholars digital researchers and creative practitioners The archive of the twenty first century is a fluid and multi vocal space that challenges at every point the hegemonic and positivistic assumptions which shaped traditional ideas of the archive The massive growth of digital archives further complicates the picture Archives Power Truth and Fiction is designed to help the reader draw threads through the rapidly changing and shifting multiverse of archives The interdisciplinary and international contributors use a wide range of examples from the Middle Ages to the Windrush scandal to unsettle preconceptions encourage debate and draw out issues generated by the perpetual motion of the archive

Human Rights, Human Security, and State Security Saul Takahashi, 2014-07-15 This book provides innovative thinking from a variety of perspectives on the important human rights human security and national security policy issues of today and how these issues intersect The issue of human security comes into play in nearly every important policy debate in global politics and the protection of human rights is now recognized as one of the main functions of any legitimate modern state How can the international community best ensure that human rights are protected while simultaneously protecting state security Who should intervene in cases of mass gross violations and when are military actions justified This book seeks to address and explore these difficult and pressing questions by presenting the differing views of commentators from various ends of the spectrum Human Rights Human Security and State Security The Intersection consists of three volumes with each focusing primarily on one of the three broad areas while also drawing connections between them A powerful resource for policy makers and practitioners in national governments members of international organizations and scholars the innovative thinking presented will give readers a deepened understanding of the various international issues and help them to formulate effective policies in today s complex international landscape

**Unwelcome Shores** Bernadette Ludwig, 2025-12-09 Unwelcome Shores is an ethnographic study of the Liberian refugee community in Staten Island New York home to the largest per capita concentration of Liberians in the U S that sheds light on the racialization of Black refugees and the racism they have experienced at every step of their migration journey In this pioneering study sociologist Bernadette Ludwig explores how Liberians have responded to such racist exclusions noting how members of this community reject the informal refugee label once they are resettled in the United States Liberian migrants often view the label as a liability since the larger general public the media and the U S government tend to regard Black refugees as an economic and social burden unworthy of assistance Indeed Black refugees humanity is often ignored Ludwig contends in favor of overemphasizing presumed barbaric violence endemic wars cultural backwardness and diseases By detailing the lack of aid and support for Black

refugees and describing how Liberian refugees in particular have had to overcome various struggles and barriers in coming to the U S and while living here Unwelcome Shores highlights the overarching role of race and anti Black racism in American society

**The Social, Political and Historical Contours of Deportation** Bridget Anderson, Matthew J. Gibney, Emanuela Paoletti, 2012-11-05

In recent years states across the world have boosted their legal and institutional capacity to deport noncitizens residing on their territory including failed asylum seekers illegal migrants and convicted criminals Scholars have analyzed this development primarily through the lens of immigration control Deportation has been viewed as one amongst a range of measures designed to control entrance distinguished primarily by the fact that it is exercised inside the territory of the state But deportation also has broader social and political effects It provides a powerful way through which the state reminds noncitizens that their presence in the polity is contingent upon acceptable behavior Furthermore in liberal democratic states immunity from deportation is one of the key privileges that citizens enjoy that distinguishes them from permanent residents This book examines the historical institutional and social dimensions of the relationship between deportation and citizenship in liberal democracies Contributions also include analysis of the formal and informal functions of administrative immigration detention and the role of the European Parliament in the area of irregular immigration and borders The book also develops an analytical framework that identifies and critically appraises grassroots and sub national responses to migration policy in liberal democratic societies and considers how groups form after deportation and the employment of citizenship in this particular context making it of interest to scholars and international policy makers alike It is commonly surmised that the increased flows of goods ideas finance and people are slowly leading to the dissolution of boundaries between nation states However as the varied and excellent chapters in this collection demonstrate the enforcement of state power through detention and deportation is still a real and growing feature of contemporary political life Expulsion has always been a moral sanction think of Adam and Eve being banished from the Garden of Eden or the ostracism directed against dissidents in ancient Athens who were forced to leave for ten years As the editors suggest deportation remains a means of enforcing a normative order a community of values while the authors and editors of this book have expanded the subject matter to include the deportees perspectives and the effects of deportation on families other potential victims and on those whose social inclusion has been affirmed by the exclusion of others These studies will enrich and enlarge the study of the more naked forms of state power Robin Cohen Professor Emeritus of Development Studies University of Oxford This wide ranging well researched and highly informative work is a major contribution to the growing body of scholarship examining the harsh consequences of deportation around the world The editors have gathered an impressive group of scholars who craft an eclectic view of how deportation has evolved what it may signify and how it now works in various settings With its inclusion of historical institutional comparative and finely textured sensitive experiential studies this book offers an important if frequently distressing overview of phenomena that deserve our full attention Daniel

Kanstroom Professor of Law and Director International Human Rights Program Boston College Law School      **Warriors for Social Justice and Equality** Linda J. Quintanilla, 2025-03-17 *Warriors for Social Justice* examines the contributions of Mexican American activists to the nation's democratic values by concentrating on the activism of Maria Jimenez 1950-2020 in Houston Texas Linda J Quintanilla tells the life story of this admired immigrant and human rights activist who not only fought racist discriminations such as segregation but also typified other Mexican American activists Quintanilla documents how Jimenez and other activists advanced social justice by promoting our nation's best virtues especially equality In 1971 when only 20 Jimenez already had a definition of what it meant for her to be an activist when I see a problem which I feel needs a solution then I go out to solve it Quintanilla describes her lifelong battle against injustice be it racist sexist or anti immigrant animus The Immigrant Workers Freedom Ride in 2003 only one of her many impressive achievements delighted her the most The experience introduced its participants undocumented immigrants to historic places and African American activists and descendants from the Civil Rights Movement The Freedom Ride Jimenez believed not only was educational but also inspired the immigrants in their long and difficult fight to gain legal status a true victory for social justice Quintanilla uses Critical Race Theory CRT which examines the relationship between race racism and power as the framework for studying Jimenez and Mexican American activism She describes the racial discrimination that the Mexican origin community experienced in Texas with a focus on Houston dating from the state's earliest years and continuing into the twenty first century The commonplace belief in the inferiority of the Mexican origin minority contributed for example to segregation substandard public schools and denial of the vote and jury duty Quintanilla also addresses the violence this community suffered from authorities and examines immigration laws in depth in order to provide a historical context to the current national debate on immigration      **God's Heart Has No Borders** Pierrette Hondagneu-Sotelo, 2008-09-02 In this timely and compelling account of the contribution to immigrant rights made by religious activists in post 1965 and post 9 11 America Pierrette Hondagneu Sotelo provides a comprehensive close up view of how Muslim Christian and Jewish groups are working to counter xenophobia Against the hysteria prevalent in today's media in which immigrants are often painted as a drain on the public coffers inherently unassimilable or an outright threat to national security Hondagneu Sotelo finds the intersection between migration and religion and calls attention to quieter voices those dedicated to securing the human dignity of newcomers Based on years of fieldwork conducted in California's major centers as well as in Chicago this book considers Muslim Americans defending their civil liberties after 9 11 Christian activists responding to death and violence at the U S Mexico border and Christian and Jewish clergy defending the labor rights of Latino immigrants At a time when much attention has been given to religious fundamentalism and its capacity to incite violent conflict God's Heart Has No Borders revises our understanding of the role of religion in social movements and demonstrates the nonviolent power of religious groups to address social injustices      **The Handbook of Race, Ethnicity, Crime, and Justice** Ramiro Martinez,

Jr., Meghan E. Hollis, Jacob I. Stowell, 2018-06-08 This Handbook presents current and future studies on the changing dynamics of the role of immigrants and the impact of immigration across the United States and industrialized and developing nations It covers the changing dynamics of race ethnicity and immigration and discusses how it all contributes to variations in crime policing and the overall justice system Through acknowledging that some groups especially people of color are disproportionately influenced more than others in the case of criminal justice reactions the War on Drugs and hate crimes this Handbook introduces the importance of studying race and crime so as to better understand it It does so by recommending that researchers concentrate on ethnic diversity in a national and international context in order to broaden their demographic and expand their understanding of how to attain global change Featuring contributions from top experts in the field The Handbook of Race and Crime is presented in five sections An Overview of Race Ethnicity Crime and Justice Theoretical Perspectives on Race and Crime Race Gender and the Justice System Gender and Crime and Race Gender and Comparative Criminology Each section of the book addresses a key area of research summarizes findings or shortcomings whenever possible and provides new results relevant to race crime and justice Every contribution is written by a top expert in the field and based on the latest research With a sharp focus on contemporary race ethnicity crime and justice studies The Handbook of Race and Crime is the ideal reference for advanced undergraduate students graduate students and scholars interested in the disciplines such as Criminology Race and Ethnicity Race and the Justice System and the Sociology of Race

If you ally compulsion such a referred **Keeping Out The Other A Critical Introduction To Immigration Enforcement Today** books that will manage to pay for you worth, acquire the unconditionally best seller from us currently from several preferred authors. ### **Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Introduction**

Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Keeping Out The Other A Critical Introduction To Immigration Enforcement Today : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Keeping Out The Other A Critical Introduction To Immigration Enforcement Today : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Offers a diverse range of free eBooks across various genres. Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Keeping Out The Other A Critical Introduction To Immigration Enforcement Today, especially related to Keeping Out The Other A Critical Introduction To Immigration Enforcement Today, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for

or create your own Online Searches: Look for websites, forums, or blogs dedicated to Keeping Out The Other A Critical Introduction To Immigration Enforcement Today, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Keeping Out The Other A Critical Introduction To Immigration Enforcement Today books or magazines might include. Look for these in online stores or libraries. Remember that while Keeping Out The Other A Critical Introduction To Immigration Enforcement Today, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Keeping Out The Other A Critical Introduction To Immigration Enforcement Today eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Keeping Out The Other A Critical Introduction To Immigration Enforcement Today full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Keeping Out The Other A Critical Introduction To Immigration Enforcement Today eBooks, including some popular titles.

### **FAQs About Keeping Out The Other A Critical Introduction To Immigration Enforcement Today Books**

1. Where can I buy Keeping Out The Other A Critical Introduction To Immigration Enforcement Today books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
